EULOGISED SIR WILFRED LAURIER AMBASSADOR BRYCE AND CANADIAN AFFAIRS

Emphasized Good Feeling of U. S. Towards This Country.

Montreal, Feb. 26.—Ambassador Bryce's speech before the Canadian Club last night was noteworthy, and one chief point was a reference to the prominence of Canadian affairs at Washington. In fact he said he visited almost three-quarters of the work at the American capital to Canadian affairs, in so much that he felt himself as much the ambassador of Canada as of Great Britain.

THE KETTLE RIVER BRIDGE DISPUTE

Change in Location to Suit Political Purposes Will Prove Costly.

The public accounts committee of the legislature met this morning to examine Mr. Gamble of the works department, with respect to the bridge building over the Kettle river. This question is one which has from time to time come up in the House during the present session. It has been represented that appropriations were passed for a bridge over the river last session, the same to be placed in the Greenwood district. Influences were used, it is said, to have this changed later, and at an advanced cost, the bridge was commenced in Similkameen district.

INDIAN NATIVES ON VERGE OF OPEN REVOLT Such is Story Which German Officers Retail in United States

Boston, Mass., Feb. 27.—The officers of the German steamship Neuenfels, which arrived yesterday from India and Ceylon, report a serious condition of affairs throughout India. The natives, they assert, are openly defying the British. They have boycotted the British goods and have refused to handle cargoes shipped by British merchants.

PECULIAR METHOD OF INTRODUCING BILL

Government Withdraws Superannuation Measure Without Acknowledging it.

(From Thursday's Daily.) In answer to the criticisms of the opposition, the government has decided to introduce a practically new civil service bill. A peculiar system, however, has been introduced in connection with it. Instead of giving notice of the usual course and have the order for the second reading discharged, and a new bill brought in the provincial secretary took the course of giving notice to strike out all the sections in the bill and substitute therefor new sections which are set out at length. The interpretation sections and all others are changed.

PEWEE METHOD OF INTRODUCING BILL

The peculiar method of introducing this bill will likely call for criticism on the floor of the House. Some explanation of the change of policy will undoubtedly be asked for.

B. C. UNION OF MUNICIPALITIES THIRD ANNUAL MEETING IN SESSION AT NANAIMO

Will Request Provincial Government to Erect Home for Aged and Infirm.

POST OFFICE TO BE ENLARGED

PLANS FOR EXTENSION HAVE BEEN APPROVED Ten Thousand Dollars to Be Spent for Accommodation of Increasing Business.

(From Thursday's Daily.) One of the safest and truest criteria which it is possible to obtain with reference to the progress of a city is the amount of mail which is dealt with at the post office of that city. Even clearing house returns are subject to criticism by cautious sceptics, but post office business statistics are irrefutable. For this reason, if for no other, the news that the city post office will be enlarged considerably in the very near future is very good news indeed.
