## ANNUAL SESSION KING'S DAUGHTERS

FORMALLY OPENED BY THE SECRETARY

The Business Transacted at Yesterday's Meeting in St. Andrew's Church Lecture Room.

The second annual convention of the British Columbia branch of the International Order King's Daughters and Sons was formally opened in St. Andrew's church lecture room yesterday by the presiding officer, Mrs. Mait land-Dougall, the provincial secretary, "In His Name." Rev. W. L. Clay led in prayer. Mrs. Hanington was appointed recording secretary and Mrs. Watt press secretary. Miss McNaughton Jones read the minutes of the last executive meeting at which there were appointed a committee on credentials, consisting Mrs. Baxter (con.), Mesdames McMicking and Muir; the committee on resolutions consisting of Mrs. Hasel (con.), Mrs. Foster-Barham and Miss Prior, and a committee on auditing, consisting of Mrs. Shaw (con.), Miss Jones

and Miss Renny.

The minutes of the first convention of King's Daughters held last year were

vas read and adopted. The lecture room of St. flowers used are asters and sweet peas in the King's Daughters colors of purple and white.

"BATTLE FOR THE SABBATH."

"BATTLE FOR THE SABBATH." Interesting Address by Secretary Shearer, of Lord's Day Alliance, Sunday Night,

Rev. J. W. Shearer, secretary of the Lord's Day Alliance, now on a visit to the city, delivered a very interesting address on Sunday night in the Metropolitan Methodist church at the close of the eal president of the association, who re-ferred to a visit he and a number of other members had paid to the minister of customs at Ottawa, in which they had secured from the Hon. Wm. Paterson the assurance of hearty co-operation in putting an end to the demoralizing Sabbath excursions from different points on the American side to Canada.

Rev. Mr. Shearer, in a half-hour address, dealt with the various stages of the Sabbath desecration evil. Its bane-

of New York, who is to give a concert in St. John's church on Thursday evening, September 11th, is now in Seattle. He hurried west to connect with the THE PRINCESS MAY steamer Garonne, whose trip to Alaska he subsequently learned had been can-

CARL IN SEATTLE.

Musician.

Mr. Carl is on a four months' vacation, a rest which he takes every year, and he has been considerably disappointed in not being able to extend his trip to Alaska. On his way to the coast he spent ten days at the Yellowstone park, and a short time at Banff. From here he proceeds to Vancouver, there to inaugurate a new organ built in England especially for the Western church of

other engagements. his musical training in Paris under the instruction of Guilmant, the leading organist of the world, and he has appeared in concerts in all parts of the world. He gave five grand concerts in Chicago during the world's fair; performed on three occasions at the exposition in Buf-falo and has appeared at the Crystal Palace at London, and expositions at

Paris and Stockholm.

He has played in California, but this is his first trip to the Pacific Northwest. Mr. Carl says that he found two organs in Portland and two more in Tacoma. Speaking on organs, the Post-Intelli-gencer quotes him as saying: "The or-gan I am to inaugurate in Vancouver was built in England. It is a rare thing read by Mrs. Watt. It was moved by to find an English built organ in this Mrs. Hasel, seconded by Mrs. McMick- part of the world. The English organs ing, that the minutes of that convention be printed and distributed among the members. This was carried.

differ from the American make chiefly in the fact that they are much stronger in the diapason, or foundation tone, This The report of the provincial secretary is due principally to the fact that most of the churches over there are cathedral The business session was resumed this built, and it takes a strong foundation tone to fill them. Our builders have in the past paid more attention to the flute Andrew's church is beautifully decorated for the occasion by the Hawthorn Circle, diapason, but the more advanced builders under the leadership of Miss Renny. The are now remedying this defect and are turning out organs complete in every par-

trip is somewhat limited, as I am due the first week in October in Buffalo to play an entire week, with orchestra accompaniment. I will use the famous pipe organ exhibited at the exposition It is now the property of the city of Buffalo, and has been placed in Convention hall. Besides being organist and choirmaster of the First Presbyterian church in New York, my time is taken up with work connected with the Guil-mant Organ School, of which I am diregular service on the subject, "The Bat-tle for the Sabbath." The chair was occupied by Senator Macdonald, the lo-and the grind seems long at times, so

MINING CONGRESS. Over Two Hundred Delegates at Session in

Address. Butte, Mont., Sept. 1.—Out of deference to the Labor Day celebration, the International Mining Congress took an adjournment to-day from 10 o'clock, the time announced for the morning session, until 2 o'clock this afternoon. A compiltee from

dress, dealt with the various stages of the Sabbath desecration evil. Its baneful influence on the national life was briefly touched upon, the speaker alluding to the fact that even in continental Europe so disastrous had been the results of the abrogation of the Lord's Day that popular movements were on foot in France, Italy, Germany and other countries to have one day in seven set apart for rest and worship.

He also emphasized the fact that the desecration of the day as a holiday was but the thin edge of the wedge which would result in the day being appropriated as a work day, and is thus to be strenuously opposed by crganized libor in this country. That it was so regarded he said was evidenced by the action of the Trades and Labor Congress in Canada, who had taken strong grounds with the association in demanding the proper observance of the day.

A most interesting account was given by Mr. Shearer of his work in Ontario and other eastern provinces, where he found that a very large number of men were being forced to work seven days of the week, principally in the employ of alien corporations, principally in New Ontario, Sydney, Cape Breton and elsewhere.

He also acknowledged with deep gratitude the great assistance given him by the attorney-general of Ontario and the minister of customs of the Dominion.

Alluding to the recent convention of the legislation dealing with the observance of the Lord's Day in British Columbia. The members of the convention of the province, and a monster petition will presently be circulated asking for this reform. Rev. Mr. Shearer delivered another address on the deliveration of the province, and a monster petition will presently be circulated asking for this reform. Rev. SHAMROCK'S VISIT.

The Shamrocks are coming, says the New Westminster Columbian. There was never any doubt of it in the mind of Manager Keary, of the provincial exhibition, though in other quarters it was claimed the doughty world's champions might not be able to take a Western tour until they had disposed of rivals for the Minto cup for this season. Mr. Keary has received the following telegram:

Montreal, Aug. 28th, 1902.

W. H. Keary, Manager-Secretary Exhibition, New Westminster:

Have decided to send team West.

Writing.

W. P. LUNNY,
See. Shampook Lacrosse Association.

merce and labor without toss to the industries represented.

"We have many problems to come before this convention, besides the questions which must be settled touching the governing policy of this organization, the necessary policy of this organization, the necessary requirements for membership and the proper manner in which delegates shall be appointed. These questions have been satisfactorily determined, and owing to differences of opinion your executive committee did not feel authorized to decide them, but contented itself with following an established precedent."

-Company Sergt.-Major MacDougall and Sergt, W. H. Bailey, of the Fifth Regiment, have returned from England. where they took part in the National Rifle Association meeting at Bisley.

HAS CABLE SUPPLIES.

On her present trip the steame discharge some cargo consigned to the discharge some cargo consigned to the cable company. The steamer sailed on Monday morning. The trouble with the harbor master at Vancouver over the stowage of a large grain shipment, which had not received his personal inspection, as required by the regulations, resulted in the vessel being detained in port over Sunday, but was settled by the stevelore giving a certificate to the effect.

Cross-Examination of Capt, Troup Concluded Proceedings This Morning.

With the conclusion of the cross-examination of Capt. Troup this morning the business of the Seattle commission was finished for the present.

In the course of his questions, Mr. Hart, attorney for the claimants, renewed his query as to why the C. P. N. Company had instituted proceedings in the American courts instead of in the courts of British Columbia—a question which, on the advice of counsel for the company, Capt. Troup refused to answer on Saturday.

This time the witness was willing to reply. "I have no actual knowledge of the reason proceedings were instituted in the United States," he said, "but I believe that it was because the Islander was wrecked in American waters."

"It was not in order to avoid the \$120,000 ed in American waters."

"It was not in order to avoid the \$120,000 llability fixed by Canadian law?" asked Mr. Hart.

"I do not know, as a matter of fact, that the company can avoid that llability," replied Capt. Troup.

"Was not that point discussed by the officers or directors of the company?" queried

subject."
Mr. Hart—"Do I understand that you interpret your witness not to reply to the ouestion?"

Mr. Hart, to the witness—"Then you refuse to give us your idea on the subject?"
Capt. Troup—"Yes, I refuse."
Mr. Hart then made a statement to the effect that the attitude of the witness and this counsel on this point showed that the reason the company had instituted proceedings in Seattle was to avoid the liability fixed by Canadian law which in this case would amount to about \$120,000, and to awall themselves of the American law which would limit the company's liability to claimants to \$4,000 or \$5,000.
Mr. Hardin objected to this conclusion, and after a few objections had been duly registered, the proceedings terminated. Mr. Davis—"You have ears."
Mr. Hart, to the witness—"Th
