

The Anti-Syphoning Trap

A NEW THING which ought to attract the attention of the public is the Trap shown by the cuts illustrated on this page; one shows the inside of the Trap, and the other shows the outside.

This Trap is a great health preserver, there is no gas escape. This Trap has been tested and approved by the Board of Health.

It is used in the following buildings :

LE MONUMENT NATIONAL,

LA BANQUE DU PEUPLE,

LE COLLEGE DE PHILOSOPHIE,

L'UNIVERSITE LAVAL.

It can be bought from any Plumber-Supplies of this City.

Do not Fail to examine it, and to ask for it at your Plumber's.
