ROCKEFELLER WARNS
CLASS AGAINST GRAFT.

Nine Out of Ten Politicians are Grafters
Says John D. Rockefeller—Need of Today
Is Morally Courageous Men.

NEW YORK, Dec. 7.—"Graft seems to be the watchword in every line of life," said John D. Rockefeller, Jr., at the ninth annual dinner of the Young Men's Bible class, attended by about 200 members and their friends, at the Hotel Vendome last night.

"I suppose," he continued, "that of every two men who go into politics one goes not for what he can do for his fellow-men, but for what he can get out of politics. Yes, I should say that four out of every five, perhaps nine out of every ten, go into politics for what they can get out of it for themselves.

"In this life of today, so full of struggle and contest, in the effort to get ahead, to gain wealth, power, influence or position, the watchword seems to be, gain it honestly if you can, but gain it at any cost. No quality should receive such careful consideration and cultivation among men as moral courage. For, unless the young men exhibit this courage, this great republic is doomed to the end of civilization gone before." Mr. Rockefeller said his class would not be broken up, but he hoped another leader would be chosen.

ests thickly lined the streets, and although exposed to the rain, lustily cheered the marshal and his staff while en route to the imperial palace.

The newspapers of all shades of opinion are highly eulogistic today of the achievements of Marquis Oyama, his generals and the men under his command.

A holiday has been declared in the whole city in honor of the day.

MAURICE GRAU SERIOUSLY ILL

NEW YORK, Dec. 7.—Maurice Grau, the former manager of the Metropolitan Opera Company, according to a private cable dispatch received in this city yesterday is seriously ill in his home in Paris.

When Mr. Grau gave up his management of opera two years ago to be succeeded by Edouard Conzelmann, he was completely broken in health and went abroad to recuperate. He has never returned. Nearly two months ago his health began to fail again and since the last of October he has been steadily losing ground. His trouble is an affection of the heart.

8,000 KILLED AT ODESSA;
SLAUGHTER CONTINUES.

PREMIER MCBRIDE
OF B. C. HERE TODAY

On His Way To a Visit to
Nova Scotia.

Says Haultain is Up Against a Hard Combination in Saskatchewan—British Columbia is Booming.

Hon. Richard McBride, the premier of British Columbia, passed through the city this morning on his way to Halifax. Hon. Mr. McBride is a graduate of the Dalhousie law school and has a large number of friends in the Nova Scotia capital, whom he intends to visit for a few days. Particularly he intends to see Dr. Weldon, dean of the law school, to whom he became very much attached while studying at Dalhousie.

Hon. Mr. McBride, who is a native of British Columbia, has not been so far east for 15 years, and his present visit is to be a very short one. While on his way east he stayed for a few days in Ottawa and had a consultation there with Sir Wilfrid Laurier. On his way back to the west Mr. McBride will travel via Boston and New York. At Toronto he will attend the Borden dinner, at which Premier Roblin of Manitoba, Premier Whitney of Ontario, and in fact all the leading lights of the Conservative party will be present.

Hon. Mr. McBride when asked as to his opinion of the coming election in Saskatchewan said that as his stay in that province was very short he was hardly prepared to discuss the situation. The province, like Alberta, has been manipulated by the federal authorities and the Conservative party was fighting against great odds.

The result in Alberta, said Mr. McBride, was entirely due to manipulation by the Liberals. R. R. Bennett, said Mr. McBride, is a wonderfully clever young man and one of the best stump speakers in America. He thought it very unlikely that Mr. Bennett had retired permanently from politics.

Speaking about his own province, the premier said the Conservative government, of which he is at the head, had now been in power for nearly three years. The country at the present time is very prosperous, the mines are all being worked and every industry booming. The country is essentially a young man's country and although the competition is keen, there are great opportunities for success.

Hon. Mr. McBride said that the situation as regards the Jews in the Ukraine is unchanged. During the war the emigration almost came to a standstill, but now that the war is over and the armies are disbanded, there will probably be a large number of unemployed and naturally increased immigration.

British Columbia must remain a white man's country and Mr. McBride thinks that something must soon be done to stem the tide. All they have asked for is what Mr. Chamberlain said when he was colonial secretary. Mr. McBride said that his province was not receiving as fair treatment as Natal and Australia, where restriction laws are in force.

Hon. Mr. McBride said that although it is so long since he has been in the east he remembered well a number of St. John men, mentioning especially Mr. Macdonald, Mr. Macdonald, and Mr. Macdonald, who he knew at Dalhousie and also W. H. Trueman and J. King Kelly. He said also that he would like to have met Supt. Downie, who was a particular friend of his while stationed in the west.

U. S. GENERAL PREDICTS
WAR WITH JAPAN.

CHICAGO, Dec. 6.—A despatch to the Chronicle from Los Angeles, California, says:

At a public reception in his honor Tuesday night Lieut. Gen. and Chief of Staff Adna R. Chaffee of the U. S. army predicted that the United States will again go to war. This prediction was made in the general's address regarding the work of the army. He said:

"Gentlemen, war will come again. There are plenty of men in this room who will see our country at war again. Not on your own soil, perhaps, you must remember that we have now become one of the nations of the earth. We have great interests to defend.

"When that war comes we must be intelligently prepared for it.

"Modern war is not what war used to be. No one is fitted to command troops who is not a scientific and well-trained man. Modern war must be scientifically treated to save human life.

"The Japanese are a military people, but we are not. We do not get on with military preparations as they do, but we should be ready for conflicts."

Famine Threatens People of
Many Russian Cities.

General Sakharoff Was Assassinated in Punishment for Horrible Atrocities Inflicted by Him and Cossacks on Helpless Peasants.

VIENNA, Dec. 7.—Despatches received here from Lemberg say that large numbers of Russian refugees are coming in daily. There are eight hundred of them at Cracow. They all give exciting, terrified accounts of the occurrence in Russia. Many of the refugees were formerly men of considerable wealth and standing but they left everything behind and now are almost reduced to beggary.

The people of Lemberg declare that murders and rioting continue at Kieff. The refugees who have arrived at Podwoloczyska say that excesses against the Jews have occurred at Schornbrunn and Serbinow. No details are given.

Trains from Odessa and Kieff are now arriving at Podwoloczyska on time. The telegraph operators at Gernowitz say that the government of Odessa has posted notices in the streets to the effect that the slightest disturbances will immediately be put down with rifles. Large numbers of troops are stationed in and around Odessa.

An official statement says \$800 persons have been killed at Odessa since the beginning of the troubles. Advice from Bucharest, Roumania, says the people of Moscow and Nikolai are suffering from lack of water, bread, light and meat. Almost all the factories and Jewish homes in Bostoff have been destroyed. In a recent encounter at Odessa between students and troops a single wire, with the exception of the line to Tarskoe-Solo, operated by military telegraphers, was working. Some mail, however, was delivered by volunteers under the escort of police and gendarmes.

Further Capon is continuing to preach to the workmen against a revolution, saying that the strike tactics are sure to eventually bring reaction and jeopardize the freedom purchased by blood. He warns the revolutionists and socialists that they cannot arouse the peasants by their present demonstrations, but are more likely to raise up a counter revolution. He says:

"A hundred fanatical priests with church banners and icons might easily arouse the 'black hundreds' of the country and overwhelm you intellectuals of the cities amidst such horrors as the world has never witnessed."

SIX DAY RACERS ARE
HALF WAY THROUGH.

NEW YORK, Dec. 7.—Thirteen thousand times the six-day bicycle races in Madison Square Garden had circled the saucer shaped track at 8 o'clock this morning. At that hour they had completed only a little more than half their long ride. Tricky spurts, dangerous falls down the steep inclines of the track, and the frequent appearance of rolls of money sent into the enclosure by spectators who offered good sums of money as prizes to the team who would outstride their competitors and gain an extra lap filled the hours from midnight until daylight today with excitement.

Once on the incline at one of the turns, Stoll riding at the top of the embankment, slipped and fell and as his wheel slid to the bottom of the track he struck and upset both Achorn and Dussel. The three riders went down like a hand slide, but they remounted and went ahead again with a loss of less than half a lap. Early this morning two women who occupied a box seat sent \$100 into the track for the Achorn-Downey team provided these riders would gain a lap. The team failed to make the distance. Physicists who are attending the riders say that thus far their loss in weight has been scarcely appreciable. There are still ten teams in the race. The score at 8 o'clock was as follows: Rodell-Fedell, 124 miles 4 laps; Vandenberg-Stoll, Root-Fogler, Keenan-Logan, MacLean-Moran, Downing-Bowler and Hopper-Hollister, 131 miles 3 laps; Galvin-McDonald, 134 miles 2 laps; Achorn-Dussel, 124 miles 1 lap; Dore-Hinger-Dussel, 124 miles 0 laps.

NEW YORK, Dec. 7.—During the morning hours the pace was very slow, sometimes not more than 12 miles an hour, and the teams dropped steadily behind the record. They were 27 miles behind at 10 o'clock today, which was the 32nd hour of the race. Dore-Hinger of the Dussel-Dore-Hinger team weakened rapidly during the forenoon losing three laps despite the slow pace. He was seven laps, or more than half a mile behind the leaders at 10 o'clock.
