Andirons, Fire Irons, Fenders,

In Black Iron and Brass.

Minton Hollins Hearth Tiles

Will wear better and look better than any others.

W. H. THORNE & CO., LTD.,

Market Square, St. John, N. B.

The "Royal Grand" Range.

Rough, uneven casting, full of holes, denotes poor iron. The castings of the Royal Grand are very smooth and will take a high polish, as the best quality of pig iron only is used in its construction. Then again, the Enterprise Foundry Co., who make this range, employ only skilled labor, which accounts for the thorough manner in which the castings are made. Have you seen this Range? Over 200 satisfied customers are using them in this city alone.

EMERSON & FISHER, Ltd.,
25 Germain Street.

Astrachan Jackets --- Special!

27 inches long, 34 to 42 bust sizes, nice curcs, well lined and well made. We bought these at a low figure and have determined to give our customers the advantage of close buying.

HERE IS OUR PRICE:
\$25.00.

F. S. THOMAS, Dufferin Block,
541 Main St., N. E.

Fancy Vests!

The present season seems to favor the Fancy Vest more than ever. They live up a plain suit without giving a loud appearance. Our patterns include the very newest conceits, from the quiet designs to some that are quite striking—something for every taste.

Prices, \$1.50, \$2.00, \$2.25 and \$3.50

199 to 207 Union St.

ANOTHER LOT OF MEN WHO WILL BOOM NEW INDUSTRIES

Citizens Express Opinions Favorable to the 75,000 Club Scheme and See No Reason Why it Might Not be a Success.

In addition to the opinions already expressed the following citizens have added their names to the long list of those who favor the establishment of a 75,000 club.

J. S. MCGIVERN.

James S. McGivern is heartily in favor of the movement. He thinks that there should be more industries here. Mr. McGivern mentioned the fact that at one time there were half a dozen shoe factories located in St. John but now there are none. They did not close on account of poor business or lack of facilities, but because the cheap labor law, which went into effect in Quebec, influenced the help to leave for that place. Mr. McGivern thinks there are many lines of goods which might be manufactured in St. John.

He stated that coal can be purchased here at a smaller cost than in the majority of Canadian cities. Amherst get cheap coal, because it is near the Cumberland coal fields, but the facilities for manufacturing are no better there than they are here. Mr. McGivern thinks that the formation of the 100,000 club will help to bring new industries here.

JAMES HUNTER.

James Hunter had not interested himself in the matter, but when told the purpose of the club, he expressed himself as favoring the formation. Mr. Hunter thought that more people and industries were needed here.

LOUIS GREEN.

Louis Green is another enthusiast in the scheme, and thinks that good results would surely attend the formation of the club. Mr. Green also felt that the club would help the work of the tourist association. "It is a grand scheme and should be pushed along," said Mr. Green. The well known tobacconist hoped that the power men would be chosen to promote the club. He thought that every member should be an energetic worker in the interests of the city, otherwise brilliant results would not follow.

J. L. THORNE.

J. L. Thorne when approached on the subject, said that he thought the scheme a grand one. He had considered the matter and came to the conclusion that if properly managed good results would surely follow the formation of the club. Mr. Thorne thinks that every citizen should be so attached to his city that he would praise it wherever he travels. He is convinced that great opportunities exist here for new industries and thinks that the club besides increasing the city's population would bring new industries. Mr. Thorne stated that he would do all in his power to help along the city's interests.

JAMES MOULSON.

James Moulson had read of the proposed club in the Star, but had not prepared himself to make a statement. He thought it would be a good thing if new industries were brought here.

Wm. H. BUSTIN.

Wm. H. Bustin thinks that an increase in the population of St. John is what is needed and this can only be had by the citizens energetically entering into the work of such a scheme. Mr. Bustin can be counted upon as a hearty supporter of the 100,000 club.

E. S. DIBBLEE.

E. S. Dibblee is a supporter of the scheme and sees no reason why the formation of the 100,000 club would not be attended by good results.

CHAS. L. BUSTIN.

Charles L. Bustin thinks that St. John will be benefited by the power men, and to get them the city must be boomed," said Mr. Bustin.

ARTHUR SHARPE.

Arthur Sharpe is in favor of the formation of the club and considers the scheme a grand one. He spoke of the great facilities which exist here for new industries. "I think success will follow the formation of the club," said Mr. Sharpe.

DANIEL MONAHAN.

Daniel Monahan is another enthusiast and seems confident that the proposed club would do much toward increasing the city's population and bringing new industries. Mr. Monahan spoke of the great facilities here for manufacturing and thought that if the city was better advertised more manufacturers would be located in St. John.

J. R. Reid of Fredericton was a passenger on the noon train today.

Mrs. Charles McRoberts is reported to be seriously ill.

THE 'FRISCO RELIEF FUNDS WERE STOLEN

Fully a Million Dollars Have Disappeared

And Roosevelt is the Mover in an Investigation Which Promises to Become a Disgraceful Scandal

SAN FRANCISCO, Cal., Nov. 14—

The Chronicle says today: "A new investigation is progressing in the course of developments in the local relief fund. It now appears that many sums of money, large and small, sent from different states to San Francisco for the relief of the earthquake fire sufferers, never reached the relief committees. Some of these amounts which aggregated a large sum, were mailed to the care of Mayor Schmitz, F. J. Henry, Detective Wm. Burns and about 100 government agents have been making an investigation. President Roosevelt is the moving spirit behind the inquiry and he declares that no man guilty of diverting the relief shall escape justice. The cases come within the jurisdiction of the federal authorities because of interstate character of postal service, which it is alleged was criminally tampered with. A considerable sum of money was also sent through the express companies and Wells-Fargo express, which companies are now investigating the disappearance of \$10,500 sent in one package from the citizens of Searchlight, Nevada, which they never received, and which the company says was delivered to the representative to whom it was addressed. The crime of forgery is said to be included in the list of offenses which are being investigated. It is said that in aggregate the stealings will amount to a million dollars.

HORRIBLE DEATH OF MAN AT ST. STEPHEN

Mill Hand Fell Into a Narrow Gully

And Had His Life Beaten Out—No One Saw the Accident—Body Was Found This Morning.

ST. STEPHEN, Nov. 14.—The first

accident in the new paper mill at Woodville occurred last night, resulting in one man's death in a fearful manner.

Job Deane, a Syrian, about whom little is known, excepting that he came from Eastport, was the victim. His mangled body was found in the chip screen this morning by a fellow workman. There were no witnesses to the accident but it is thought that he fell into the fourteen-inch conveyor, which carries chips from a chipping machine to the screen, where his life was beaten out.

MARIE SULZER IS DRIVEN OUT OF PRUSSIA

Vengeance of the Kaiser Follows This Actress Even After She is Married

NEW YORK, Nov. 14.—A London

despatch to a morning newspaper credits the Berlin correspondent of the Daily Express with the statement that taking advantage of the fact that by marrying Baron Liebenberg, Marie Sulzer, the actress, became an Austrian subject, the Prussian Government served a notice on her ordering her to quit the country within a fortnight on the ground that she is an undesirable alien. If she does not comply she will be forcibly expelled by the police. This step was taken to supplement the Kaiser's banishment to German Southwest Africa of Prince Juchacz, his Majesty's cousin, who intended to marry the actress.

SET FREE, AND ARRESTED.

John Allan, a young Longshoreman, is having rather a hard time. Last night he was found on Prince Wm. street lying drunk, chilled and with a large cut on his forehead. Dr. D. E. Berryman was summoned to the Water street lockup and took a few stitches in the wound.

This morning in court Magistrate Ritchie was lenient with the prisoner, who said it was his first offence and on promising to do better in the future he was allowed to go with a fine of \$2. The fine was paid and Allan left the court room elated. But with him it was a case of "out of the frying pan into the fire," for he had dreamed that Constable Thomas Gibbons was waiting in the court hall all morning with an execution against him for debt. As Allan left the court he was arrested by Gibbons and landed in jail. The amount due was a small one but the constable could not have had an easier time in making the arrest. Allan should have been to his work this morning and intended returning to work when he left the court.

I. C. R. EXPRESS WAS HELD UP BY A HERD OF DEER

CIVIC OFFICIALS NEVER GET DRUNK

Magistrate Ritchie Makes an Interesting Suggestion.

The Wandering Frenchman Was Sentenced to Two Months Hard Labor—Other Fines Imposed

Three prisoners were gathered in by the police last night. John Allan was fined \$2 or five days jail for drunkenness. Fred Nolan was asked to pay a fine of \$8 for a like offence. The third prisoner was Alphonse Wauger, the Frenchman, who is termed a dangerous man. Policeman Gosline who arrested Alphonse said he found the prisoner on Union street, West End, early this morning and took him to the lockup for not giving a satisfactory account of himself. On being searched a 13 inch bread knife was found in the prisoner's pocket. The policeman said that Alphonse had been flourishing a knife in St. Stephen and was put on the train and sent to St. John. On arrival from St. Stephen last evening he left the train at Blue Rock and was not located until after midnight. Alphonse said he had just come from the woods and objected to being sent to jail. Some weeks ago when he had but a few hours to serve to complete a sentence Alphonse escaped to the woods and after annoying the country district residents was landed in Sussex and Moncton jails, from the latter place he was shipped to St. John, and again sent to jail. Last week he was given his liberty on condition that he would go to work. He worked about one hour after getting out of jail and again took to the woods. The man originally came from Montreal, and the magistrate says that the city seems to be a dumping ground for such people. Alphonse was fined \$5 or two months jail with hard labor. Being an escaped prisoner the Frenchman can be sentenced to a term in Dorchester penitentiary, and there is a probability of this sentence being imposed. Four of the Saturday or Sunday batch who had been remanded to jail were brought into court. Cornelius O'Leary promised to do better in the future and was allowed to go on a \$4 fine. Michael Mahoney was fined \$3 or 30 days jail for drunkenness. In imposing this fine the magistrate advised Mahoney, who works in the Rolling Mill, to quit drinking liquor, and let liquor be left to him and other officials who receive high salaries. "Why," said his Honor, "you never see a civic official here charged with being drunk, for the presumption is that they never get drunk."

Fred Lockhart, charged with drunkenness and stealing a fur robe from James Flood's bar, said that he had become chilled with spray while in charge of a pulp barge being towed from Miramichi to St. John on Monday morning. He had eaten no dinner or supper and took three hot gins. He would not have stolen the rug if he had been sober. He was fined eight dollars or two months in jail for being drunk and a sentence of six months for stealing was allowed to stand pending his future good conduct. Wm. Baxter, Wm. Morgan, Harry Green and Daniel McNamara, a milkmen's quartette, were reported for selling milk in the city without license. Daniel McNamara was the only one to appear and explained to the court that he went out of the milk business last Saturday. He was excused and told if he commenced business again with out a license he would be liable to a fine of \$40. Messrs. Baxter and Morgan had not taken out licenses when they agreed to and were fined ten dollars each. Green will be given a chance to take out a license or be fined. Joseph McGordon, who on Saturday was described by the police as a deaf mute, who could shout and swear, was brought into court from jail and having had credentials from the St. Andrews Society at Ottawa his case was looked after by Mr. Cameron of the local society. The magistrate pointed out that the man should not be encouraged about the province. On Saturday it was stated that he was a tailor by trade, but this morning the prisoner denied this. He had but two dollars in his pockets and did not wish to return to Ottawa, as he claimed there was no work there. He wanted to go to Moncton. He was fined eight dollars, which was allowed to stand providing he leave the city immediately.

WOMEN'S MISSIONARY SOCIETY

PORTLAND, Me., Nov. 14.—The 29th annual meeting of the Women's Board of Missions opened here today with a devotional meeting. Mrs. Charles H. Daniels, the vice-president, presided. The features of the first day of the meetings which will continue through Thursday, were the reports of officers and addresses by Miss S. Harriet Stanwood of Boston, Miss Caroline E. Frost of Africa, Miss Ellen M. Stone of Salem, Turkey, and Miss Helen E. Chandler, of India.

Big Increase This Year in Game Licenses — Transcontinental Railway Commission Will be in St. John Tomorrow.

MONCTON, N. B., Nov. 14.—The National Transcontinental Railway Commission on the official car passed through the city this morning on the Maritime Express from Montreal. Messrs. Farout, Young, and McInnes were on board. The commission will go to Truro and from there to St. John tomorrow.

The northbound express was on Monday obliged to stop when near Flatlands owing to the presence on the track of a herd of Caribou. There were seven animals in the herd which was feeding alongside the track when the train came in sight, and they stood directly in the path until the locomotive was almost upon them. Brakes had to be put on to avoid a collision. With the season not yet ended, Surveyor General Sweeney reports a great increase in game license revenue this year. Twenty-seven thousand dollars have already been taken in, three thousand greater than the total last year. Non-resident fees are responsible for the greater portion of the increase.

MOUNTAIN SNOWS CAUSE SERIOUS FLOOD

Railway Service Interrupted and Much Damage Done in Cascade Mountains in Washington

TACOMA, Wash., Nov. 14.—Swamped by a soaking rain the snow on the slopes of the Cascade Mountains has melted and flowed into the rivers at the base, thereby resulting in one of the worst floods in this section for years. Bridges have been washed away, telegraph and telephone wires are down, the train service of the Northern Pacific is completely interrupted and up to the present time a life has been lost. The whole country between Auburn and the Cascade Mountains is reported to be flooded. The full extent of the danger and damage is difficult to ascertain as all wire communication is interrupted.

ANOTHER LOT OF CRIMES REPORTED FROM PITTSBURG

PITTSBURG, Pa., Nov. 14.—Despite the efforts of the city officials and the police department to put an end to the burglaries and hold-ups in this city, and notwithstanding the veritable dragnet that has been thrown out by public protectors, reports of hold-ups and burglaries continue to reach the public. In the fashionable east end section of the city where most of the recent crimes have been committed, the house of W. A. Forman, a prominent mechanical engineer, was entered by burglars between midnight and daylight this morning. Joseph Canini, an Italian employed by the Pittsburg and Lake Erie railroad at Newell, Washington County, was attacked by another Italian while at work yesterday and his throat was cut. His assailant stood off pursuers with two revolvers and escaped to the hills. Canini is not expected to live. The Italian who assaulted him had written two letters demanding a job, signing the letters "The Black Hand." Joseph Canini, an Italian employed

LAKE STEAMERS ON THE WAY TO SEATTLE

HALIFAX, N. S., Nov. 14.—The Lake Steamers Iroquois and Chipewya, the latter in tow of the other arrived here last night, two weeks from Detroit for New York and thence to Seattle. The Chipewya has no salt water condenser and is not able to steam fast, hence the tow. They put in for coal and will sail this afternoon.

ALL THE KENSINGTON'S PASSENGERS LANDED

MONTEAL, Nov. 14.—The S. S. Rouville with part of the Kensington's passengers on board, arrived at Grosse Pointe at 10:20 a. m. This was the last batch of the wrecked ship's passengers, who are now all safe though they had two days great hardship owing to the cold and lack of provisions. They will come west tonight.
