In the International Railway arbitration matter both parties gave notice of appeal some time ago, following the decision of the arbitrator. Summons were granted by Judge Barry, each party calling on the other to show cause why a date should not be fixed for hearing argument on the appeal. Argument on these summonses was to have been heard on August 27th, but the matter has now been adjourned until September 21st, when it will come up before Judge Barry.

A very happy event took place at an early hour this morning at the Church of the Assumption, when Mr. John J. Bradley, of Boston, was united in marriage by Rev. J. J. O'Donnell, with Miss Margaret Ellen (Maude) Fitzgerald, of West St. John. The bride wore a traveling suit of cream serge and a black Gainsborough hat, she was attended by her niece, Miss M. Loretto Fitzgerald, whose costume was of copious blue silk with hat to match. Mr. Vincent Fitzgerald supported the groom. Numerous and costly presents were received by the happy couple, who left on the steamer Governor Cobb for their future home in Boston. The groom's gift to the bride was a substantial cheque, to the bride a diamond ring and to the groom a diamond stick pin.

LAND SLIDE HOLDS UP GOLD KING REPAIRS

New Machinery Delayed by Trouble on Denver and Rio Grande Ry.—Stockholders Still Confident.

Since its recent reorganization the affairs of the Gold King Mine, in which many St. John people are interested, have been proceeding very favorably. Col. J. D. Chipman, of St. Stephen, president of the company, is in the city today and in conversation with the Star told of what is being done.

At present, he said, the work at the mine stopped owing to a land slide on the Denver and Rio Grande Railway on which the mine depends for communication. The slide which occurred between Durango and Silverton is 200 feet long and is thirty feet deep over the tracks in places and it will take at least two weeks to clear away the earth and rocks to open the line for traffic again.

The improvements and repairs to the mine have all been completed but the new machinery which is to be installed is held up by the land slides and this has delayed the operations. The apparatus to be installed consists of new Wilbey bottles and a Richards classifier. This will bring the equipment of the mill right up to date and enable it to handle the product in the most economical manner. The reports from the mine are most encouraging and it is expected that active operations will be re-commenced in September. J. M. Johnston, of Boston, the vice president and general manager of the company, has been in the west superintending the operations, and returned to the east last Thursday. He will return next week.

The former stockholders are displaying confidence in the new organization and most of them are taking up their allotment of the new issue of stock.

THE BONUS OFFER TO LAST ANOTHER WEEK

Every Competitor Will Profit by This Offer

And it is Expected That the Closing Days Will See a Warm Finish—The End in Sight

With the end of the great \$5,000 Prize Voting Contest looming above the horizon, it is but natural that onlookers who have identified themselves with the interests of the candidates by giving them subscriptions, are watching eagerly from day to day to see where their favorites are standing in the list printed in the paper.

But there is another class of onlookers, and they are many in numbers and great in strength, who as yet have done nothing for any one who is in the race for the prizes. Like most of us, they want to see the best man win, and in their estimation of the best man, they will be influenced considerably by what they will see to your credit and the gains you are making daily.

It is fine to have a reserve of vote certificates to draw on at the last minute, but if the holding of them back makes you take a poor stand in the eyes of the public, it may be the poorest kind of economy to hold back. Take a good position, whatever it costs you, and you will find it easier to gain subscriptions which you can then afford to hold until the last minute.

THE PATRICK THEFT CASE COMES UP TOMORROW

A Band of Drunks and Fighters Dealt With in Police Court Today—Some Familiar Faces.

A packed courtroom greeted Magistrate Ritchie this morning and quite an array of prisoners lined the bench. They were disposed of as follows:

Robert Harris forfeited a deposit of \$8 for drunkenness.

Wm. Hanley pleaded guilty to being drunk and was fined \$8. To a charge of indecency on King Square he pleaded total ignorance and was remanded.

Duncan Chamberlain caused considerable amusement while offering what the magistrate termed a cock and bull story, as defense in a charge of lying lurking and not giving a satisfactory account of himself. He was fined \$5. Chamberlain professed to have walked from Maceo early Saturday night.

John McKeown and Michael Mahoney pleaded guilty to being drunk and were remanded on a charge of fighting until witnesses could be procured. They were fined \$8 for the first charge and McKeown was remanded on a third charge of indecent conduct on Long Wharf, where the fighting occurred.

Frank McStimley was fined \$8 for drunkenness.

Archie Quinn, an old offender, was fined for two months.

Alexander Brown pleaded guilty to being drunk on the Shamrock grounds Saturday afternoon and was fined \$4. He stated that this was the first time he had been arrested for over nine years and the magistrate let him off with only \$4. To Brown His Honor made an offer to pay him one week's wages if he could prove a single instance whereby a man was benefited by drink.

Joseph McDiheeny, arrested on suspicion of breaking seal No. 47 on car 4710 in the I. R. C. yards and entering the car, was remanded until further evidence of his guilt could be procured.

The case of Walter Patrick, charged with stealing from Arnold's Department Store, will be heard tomorrow morning. Many more articles have been found by the police which Mr. Arnold has identified as his property.
