

WEATHER PROBABILITIES.

Maritime—Fresh southerly and southeasterly winds; fair and warm. Toronto, Ont., July 11.—Rain occurred late Friday night in Northern Ontario, extending to Southern and Eastern Ontario during Saturday, and the outlook is still for unsettled weather conditions in the lake region. Showery weather has been general today over the greater part of the Dominion, while temperatures have been very high in Ontario.

Synopsis.

"The cry to The Liberals is raised for a selfish purpose by two owners of the Telegraph who have got more money out of the treasury than anyone else in this part of the country ever obtained."
"These," he added, "are like the three tailors of Tooley St., who called themselves 'we the people of England.'"
"The assailants of the Government were the element driven out of power a year ago, but still cherishing the idea that they had some right to rule."—Hon. J. D. Hazen at Fairville, Thursday night.

An Interesting Address.

Rev. C. W. Squires, pastor of Carleton St. Methodist church, spoke very interestingly in the Every Day Club hall last evening upon the lines from Tennyson:
"Self-reverence, Self-knowledge, Self-control. These three alone lead life to sovereign power."

Old River Steamer Springfield Sold.
The river steamer Springfield, which was burned on the Belleisle, about two years ago, was sold by auctioneer T. T. Lantolama Saturday, at Chubb's Corner. John McDermick was the highest bidder, the iron remains of the old steamer being knocked down to him at \$90.

About the Inter-Society League.

The Inter-Society Baseball League is again in a state of dissolution. St. Peters have refused to play again with St. Joseph's on the grounds that the latter disregarded arrangements by playing with the Marathons on Saturday.

A meeting of the league, called with a view toward attempting a settlement, was called for Saturday evening, but it was postponed.

Where Did He Get It?

Officer Harry Steeves arrested Fred Gidney last evening on Union street, on a charge of being drunk and using profane language. Gidney is only a youth of eighteen years of age and his arrest may lead to inquiry as to where he purchased the liquor. It is said there is a possibility of there being two illegalities in the sale of the liquor, that of selling during prohibited hours and that of selling to a minor.

Probably the Same One.

On Friday last Mrs. Joseph K. Watson, 184 Waterloo street, found a ladies' satchel containing a ticket, a trunk cheque, a sum of money and other articles, in the I. C. R. depot. Mrs. Watson gave the satchel and its contents to Deputy Chief Jenkins on Saturday and he handed over the articles to the Chief of Police Clark. This is no doubt the satchel about which a lady passenger caused considerable sensation at the depot by saying that it had been stolen from her.

Mr. King Got Arrested.

Master Joseph King thought he was very badly used by Policeman Covay when the latter arrested him yesterday afternoon, and told the officer that he was aware of the fact it was all a plot to have him incarcerated over the Twelfth.

King is a terror. He came up from Long Wharf, a district which the police are watching because of a pocket booze business which is carried on there every Sunday, and boarded a car some distance from Officer Covay. When the car started he made a gesture to the officer which is popularly accepted as one of defiance, and yelled out some rather insulting epithets. He was unwise enough, however, to take the car again and return, which poor judgment on his part proved his downfall.

HORSE THOUGHT TO BE DEAD HAS MIRACULOUS ESCAPE FROM BURNING BARN SUNDAY MORN'G

A horse owned by Mr. Frank Coleman had a remarkable escape from death on Sunday morning as ever befel one of his kind. To the crowd which saw it led from a burning barn in safety long after they had dismissed any thought of its possible rescue, the animal seemed to have been the subject of something in the shape of a miracle.
An alarm was rung in at 3 o'clock for a fire in the barn of Millidge street in which the horse was stabled. The chemical engine and engines of No. 3 and No. 4 stations responded. When the firemen reached the scene, the barn was well in the grip of the flames, and the horse was believed to have perished, particularly in view of the fact that the volume of smoke issuing from the barn was extremely dense.

Firemen Did Quick Work.
Two streams of water were directed upon the blaze with one of the prettiest displays of efficiency which the local department has ever accomplished. The approach to the fire was a difficult one, owing to the steepness of Millidge street, and the bad ground at the entrance of the barn, which is at the end of a lane. The barn is the property of the Archibald Duncan estate and is uninsured. Mr. Coleman had it leased for the stabling of his horse.
Furniture, Wagons and Pungs Destroyed.
There was also inside it a considerable amount of furniture, two carriages and two pungs. All but a portion of the furniture was destroyed. Two dwellings near the barn were damaged by the blaze. Each was very badly charred, and had spoiled its side nearest the blaze. The vicinity of the barn is very compact with houses, and the spread of the fire was prevented with difficulty.

CONFIRMATION SERVICE AT WESTFIELD SUNDAY TRAINS ARE A SUCCESS

Confirmation services were held yesterday in the parish churches of Westfield. About 30 candidates were confirmed in all. His Lordship Bishop Richardson conducted the services assisted by the rector, Rev. Mr. Bellis. His Lordship made an eloquent address, speaking from the text in Psalms cxvi, 2 to 6: "What reward shall I give to the Lord for all the benefits that He hath done unto me?" The first service was held in the morning in St. Peter's, the Rectory; the second in Trinity, at Land's End, and the third in St. John, at the Beaches. His Lordship's addresses were listened to by congregations completely filling the different churches.

MR. KELLY TELLS OF THE WORK HE IS DOING

Mr. Michael Kelly, who has been touring parts of New Brunswick in the interest of the I.O.G.T., was in town Saturday morning and left at noon on the train for his home in St. Martins. Mr. Kelly, speaking to The Standard referred to the fact that he is the grand electoral superintendent of the I.O.G.T. "I have been touring in their interests," he said, "and have taken in Victoria, Carleton and Sunbury counties, addressing over 100 meetings. In our organization our objects are prohibition and women suffrage and make these the leading features during our organization. The people are deeply interested in our work. We are laying special stress on the fact that we cannot compromise with the liquor traffic, which we consider the greatest sin of the age." Mr. Kelly will spend a vacation at his home and will resume work again in September. Mr. Kelly is blind and has been since he was three months old. He has wonderful mental faculties.

62ND HAD SHAMFIGHT SATURDAY

The 62nd Fusiliers held tactical exercises Saturday afternoon during which Fort Howe was attacked and defended. The heavy firing that went on during the attack and defence was heard all over the city. It is doubtful who won the action as both the defenders under command of Capt. Peters and the attacking force under Major Perley claim the victory. About two hundred of the Fusiliers were able to attend the sham fight. Sergt. Major Hobkirk, R. C. E., the new instructor, was present acting with the attacking force. Capt. Pettallors, took up his position on Fort Howe and after a few minutes to allow him to make a disposition of the troops under his command, the rest of the regiment advanced to the attack by way of Garden and Wall Sts. Captain Frost commanded the van and Capt. Fleetwood was with the reserve. Lieutenants McArthur and Morgan were also with the reserve. The action lasted about an hour and a half after which the Fusiliers marched back to the Barrack Square. The afternoon work gave the militiamen some idea of what would be required of them in active service. Particular attention was given to skirmishing, advance and rear guards, etc. Artillery To Have Special Train. This year when the 3rd Artillery leaves for Petawawa to do its annual work upon the ranges, its members will leave in a special I. R. C. train made up of baggage car, dining car, Pullman and three colonist cars. About one hundred and twenty men and twelve officers out of the regiment are to go. Lt. Col. J. B. M. Baxter will go in command with Major Armstrong as adjutant. The detachment will leave St.

SIGNAL CORPS BALL CHAMPS. OF THE CAMP

The militia camp at Sussex, just closed, had a sporting as well as a military side. A baseball team was organized from the different regiments and corps, and the championship of the camp was played for with the keenest kind of rivalry. Six teams were organized in divisions of two. Each of the teams played three games with its companion, the winner playing off with the other winners. All of the games were played in the evening, and created great interest. Out of the 1600 men in camp six excellent teams were organized. The winning team of the series was that of the Signal Corps, which took its last game on Friday from that of the 71st Regiment, its closest competitor. Signal Corps' batterer was Mr. Frederick (Thirty II) Chase, of North End, a member of the Algonquin club of this city, and his team was composed of local men. Among the corps' opponents were some of the best ball players from Moncton, Chatham and other provincial towns. John at 4 p. m. Saturday, July 24, and will be in camp about a week, much longer than has been the case when the battery detachments went separately. The local drill season of the regiment closes on the 15th and 16th with inspection by Col. Benson. On Saturday, July 15th the 62nd Regt. will be inspected by Major General Drury.
