

SATURDAY WILL BE THE BIG DAY FOR THEM ALL

End Will Come at 8 o'clock Sharp, Saturday Night, June 8th--Finish will be Furious --Get Your Subscriptions in as Early as Possible and Avoid the Rush--Don't Wait Until the Last Minute and Lose Out--Contestants Should Not Wait For the Last Mail But Come in Personally

BY THESE RULES YOU MAY WIN OR LOSE

8 o'clock Saturday, June 8th, is the Finish, not Five Minutes After--Final Count will be Made at Once--Make Today and Tomorrow Count for the Prizes Will be Won and Lost by the Efforts of the Last Twenty-four Hours

The following named gentlemen will act as judges. The Standard's great \$6,000 prize contest: Charles F. Sanford, Roy L. Sippell, Eustace Barnes, Andrew W. Robb. These judges will be present at 8 o'clock p. m., Saturday, June 8, the closing date of the contest, and they will take charge of the ballot box at that hour. They will count and check the votes polled by the contestants and determine who are the winners of the twenty-six prizes. No one connected with the Standard will have any part in the counting of votes or determining who are the winners.

At 8 o'clock Saturday night, June 8, 1912, the Standard's great \$6,000 prize contest closes. Not one ballot received at this office will count; the final count after that hour. All reserve votes must be in by that time. If you have any friends who have not yet voted, get them to do so now. A few thousand votes may win the capital prize. There are thousands of votes held in reserve and it will take not a little time to count and register them. The final count will be absolutely accurate and the decision as to winners will be made impartially and final.

The contest will close at The Standard office. Get all your votes in as soon as possible after reading this. All votes and subscriptions must be in by 8 p. m., Saturday, June 8. Do not think that all the votes to be had are already obtained. Of the many families in the territory of the contest there are still a few who are not taking the Standard. They will all be getting it as the contest approaches. That all their friends and neighbors are taking it and they begin to realize that it is the only real newspaper in this vicinity. Get all these votes today. The votes will help you.

Those having promises to be redeemed will do well to get busy at once and not put off doing the necessary work until the last few hours.

THE RULES.

About Getting the Votes In. Every facility will be afforded the contestants and their friends for getting their votes in. The Standard office. Experience teaches us that there will be a crowd about the office when the close of the contest approaches. In spite of the warnings that have been given, it is certain that some of the candidates will lose votes in the last possible moment.

Everything is ready for the close of the contest. Circulation campaign, St. John has ever seen.

Contestants who fail to win a prize will be paid ten (10) per cent. cash commission on the gross amount of subscription money which they turn into the contest department during the campaign if they have been active workers to the end of the contest.

The rules governing the closing of the contest are printed below. Read them carefully.

Contestants cannot be too careful about sending in their ballots. The yellow vote certificates--so that they will reach the contest department before 8 p. m., Saturday, June 8, 1912, and as a matter of precaution every one of them should read and weigh each line of what is printed here.

The Standard would dislike to see any candidate lose a single vote because of a mistake in the ballot.

Eminent Toronto Physicians

Failed to Cure Rheumatism.

Miss Flora Chapman Vividly Describes Her Sufferings and Ultimate Cure With "Nerviline."

"After being an enthusiastic user of Nerviline for years I feel it my duty to tell you personally what your wonderful preparation has done for me."

"I suffered torture from rheumatism and heart trouble, tried scores of so-called remedies, consulted for weeks and months with Toronto's most eminent physicians but derived only slight benefit."

"A friend insisted on my using Nerviline, and to my surprise a vigorous rubbing of this powerful liniment eased the pains and reduced the stiffness in my joints. I continued to use Nerviline and was permanently cured."

Now perfectly well and for three years have had no rheumatism at all. I know many families where no other medicine is kept--it is so useful in minor ailments like sprains, toothache, neuralgia, coughs, colds, lumbago and sciatica. I call Nerviline my "Life Guard" and urge all to try it."

cause of the excitement which is sure to occur during the last few hours of the contest, or because of some misunderstanding on the part of any contestant it is impossible for you to exercise too much caution in arriving at a full understanding of the rules and conditions governing the contest.

First--All votes and remittances, no matter at what time mailed, must be received at the office of the contest department, The Standard building, St. John, N. B., before 8 p. m., Saturday, June 8th, or they will be worthless and will not be counted.

Second--All remittances and votes mailed after noon, Friday, June 7th, should bear a special delivery stamp. Third--All remittances should be addressed to the contest manager, The Standard, and not to individuals. This is to prevent confusion.

Fourth--No personal checks will be accepted on the closing day, unless certified. Postoffice or express money orders, drafts or certified cheques or currency will be accepted in payment of subscriptions. Please note this carefully and do not present personal cheques in payment of subscriptions on Saturday, June 8th, the closing day of the contest.

Look over the above conditions carefully. Do not jump at the conclusion that you understand any particular one until you are absolutely sure of its full meaning. If the precaution of careful reading is taken there should be no vain regrets concerning the contest. You cannot lose.

The contest will be counted as usual at 8 o'clock, Friday afternoon and the result printed in The Standard, Saturday, June 8th. After that time the ballot box will not be open again until the final count is commenced at 8 p. m., Saturday, June 8th.

Get your reserves in the ballot box early Friday or Saturday, so you will not miss any of them. Do not lose any of them, for there will be no way of your getting duplicates at this late period of the contest. Do not trust to slow mails. A delay of a few hours may result in your losing your vote.

Do not think that all the votes to be had are already obtained. Of the many families in the territory of the contest there are still a few who are not taking the Standard. water-tight pipes all the way from its place of production to the point where it may be properly deposited or set free. To throw "slips" in the back yard is an almost certain way to produce disease, either in one's own family, or in that of his neighbors. Young children run the greatest risk in these cases.

The newspapers are full of directions guarding against the common house-fly. Most of what is said in these instances is strictly true, and may be followed with great advantage. The fly carries the poisons, chiefly, of typhoid fever and those digestive (intestinal) diseases which are so fatal to children. They deposit these poisons upon the food, and in this way the disease is contracted. The moral is plain: Keep the flies out of the house by means of window and door screens; destroy all that may obtain entrance, and keep the yards free from the decomposing materials in which they breed.

THE HEALTH OF THE CITY DURING THE MONTH OF MAY

The Board of Health bulletin issued by Dr. G. O. Melvin, health officer, is as follows:

The following cases of contagious disease were reported from the city during the month of May, 1912, in advance of last May. The figures for last month and the corresponding month last year are given for comparison:

The estimated population is 42,090. A regular deathly number of tubercular deaths helps to swell the list this month. The records for last month and for May, 1911, are added for comparison:

Brief Hints of Sanitary Living. Please remember that garbage can, and should be, burned in the kitchen range, and not thrown out. That nothing is so liable to dangerous pollution as milk. It is very probably that, in many cases, milk is more apt to be polluted after reaching the house of the consumer than before.

house of the consumer than before. Therefore, be immediately covered after being received into the house, and kept as cool as possible. That of all classes of the population, young children under five years have the fullest hold upon life. Last year, in this city, over one-quarter of all who died were under this age, and during July and August, and September of last year over 40 per cent. of the total deaths were of this class. Yet this city compares very favorably with other cities in respect of child mortality. When it is remembered, therefore, that milk is so principal a food for young children, no trouble should be thought too great to make certain that it is clean and pure.
