STEAMER ON FIRE.

Halifax, N. S., July 18.—Steamer St.
Pierre, Miquelon, moored at the Plant
wharf, came near going up in flames
this morning. A fire broke out in the
forehold in which were stored 176
barrels of paraffine oil. On the deck
there were 25 barrels of gasoline, and
so serious became the situation the
fire chief was considering cutting the
ship's moorings and letting her go
adrift. By dint of hard work the fire-
men, however, extinguished the flames
by flooding the danger zone. Little
damage was done to the steamer. The
cause of the fire is a mystery.

\$100.00 Invested in FUR PRODUCERS LIMITED Should Earn More Than \$1000.00 in the Bank

FUR PRODUCERS LIMITED should return
in profits more than ten times what your money
has been earning in the bank. Just think of it!
And this is not for one or two years either but as
a permanent, stable investment. Can you dupli-
cate the possibilities? We certainly think not.
There is no industry with a better record for mon-
ey making extending over a period of a quarter
of a century than the Silver Black Fox Farming
Industry of Prince Edward Island, and there is no
Company with brighter prospects for the future
as a permanent investment than FUR PRO-
DUCERS LIMITED.

Why FUR PRODUCERS LIMITED is the Best Investment

There are fifty pairs of the choicest pure bred Silver Black
Foxes in the company, so that a good average production is
assured from this number. Expert fox raisers are at the head
of the company, so that everything will be attended to intel-
ligently and as it should be. The fact that this is a large

company means that the administration expenses will be pro-
portionately less, and the results more satisfactory.
Either of the parties named below will be pleased to sup-
ply you with prospectus and full information without any
obligation whatever.
