

United National Forward Movement

Committees Appointed Yesterday—Meetings Held in Four Churches—Excellent Addresses at Centenary Last Night.

At the second session of the United National Forward Movement meeting held yesterday morning in Centenary there was a large attendance of delegates from all over the province representing every Protestant denomination. J. Willard Smith presided, and after devotional exercises led by Rev. E. A. Goodwin and others an address was given by Rev. Dr. Robert Laird, of the Forward Movement. Rev. E. P. McL. Smith, provincial organizer took charge of the organizing part of the session. Other speakers being Rev. H. S. Strachan for the Methodists; Rev. Canon Armstrong for the Anglicans; Rev. Dr. DeWolfe, of Wolfville for the Baptists; Rev. J. MacKeigan for the Presbyterians, and Rev. Dr. Brooks for the Congregationalists.

A resolutions committee consisting of the different church organizers and Rev. Dr. O. L. Kilburn, M. D., of West Chatham, on "The Challenge of the Orient." The convention then adjourned.

A largely attended meeting of the Anglican workers was held at Trinity school room yesterday afternoon. Bishop Richardson presided and Archdeacon Crowfoot and Canon Armstrong were speakers. The bishop explained the purpose of the meeting which was to organize for the financial campaign throughout the diocese. Cheerymen from the parishes were present and matters of detail were discussed. Miss Elizabeth R. Scovill, of Gagetown, gave an account of the system adopted by the Women's Auxiliary for the distribution of literature.

At St. David's church Rev. Robert Laird, D. D., was the speaker, and after outlining the campaign told of some of the ways in which the four millions to be raised will be spent. Rev. Canon Armstrong, Rev. J. H. Holmes, Rev. Mr. Gilles, C. Coster and Rev. Mr. Buld were among the speakers.

At the German street Baptist church a splendid address was given by Dr. DeWolfe of Acadia, who spoke on general organization. There was a large attendance at this meeting and a hopeful spirit shown of enthusiasm for the success of the Forward Movement.

Evening Meeting. Centenary church was filled with an attentive congregation who listened with closest attention to three excellent addresses delivered last evening by Dr. Laird, of Toronto; Dr. DeWolfe, St. Acadia; College and Rev. J. M. Graham, D. D., of Toronto.

Dr. Laird emphasized the fact that the Forward movement is a call to a new life, a re-enforcement for services of missionary enterprises, personal devotion and a crusade for a purer Canada and a better world. Looking over the broken world we confess that our opportunities are limited only by the resources in men and in the wills of Christians in Canada. The call comes for a clearer and stronger witness to the life-giving power of Jesus.

Sunshine And Tempest Presented

Beautiful Southern Drama Well Played by St. Peter's Y.M.A. in Elm Street Hall Last Night.

Those who have witnessed the excellent play put on by St. Peter's Y.M.A. were not disappointed last evening when Marie Doran's four-act Southern drama, Sunshine and Tempest, was presented to a packed house in St. Peter's Hall, Elm street.

appointed to take the matter up further. Dr. Curran asked that Dr. Johnston, milk and food inspector be requested to take six samples of milk from the best private sources, such as from the private families which own a cow and secure their milk supply thereby with the idea of forming a standard from which other sources in the city and taken from herds indiscriminately may be judged.

An application was received from George Shumway for the position of sanitary inspector. The usual bills and routine matters were disposed of before the meeting adjourned.

IF BACK HURTS BEGIN ON SALTS Flush your kidneys occasionally if you eat meat regularly. No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jud Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders. Jud Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

From A Child Was Constipated

According to the best medical authorities, fully three-fourths of the people of the civilized world suffer in some form from constiveness or irregular action of the bowels. There is no doubt that many distressing diseases are caused by constipation. It gives rise to sick and bilious headaches, jaundice, heartburn, floating specks before the eyes, catarrh of the stomach, biliousness and the painful, troublesome piles. Therefore, it is of supreme importance to health that the bowels be kept regular. Simple food, fruit, etc., should be used, and rich food and stimulants of all kinds avoided. This, with the use of Milburn's Laxa-Liver Pills to regulate and establish healthy action of the bowels cannot fail to give permanent relief in the most obstinate cases.

Mrs. Letitia Walman, Orilla, Ont., writes:—"From a child I was always very badly constipated, and I can well remember when quite young, my mother giving meenna tea nearly every night, and I got to dread it. After taking Milburn's Laxa-Liver Pills for a while I am not troubled with constipation any more."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers or mailed direct to you on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Frederick R. Dauphine. Moncton, N. B., Dec. 2.—Word has been received in Moncton of the death in Western Saskatchewan of Frederick R. Dauphine, formerly a resident of Moncton. Full particulars have not been received, but it is learned that Dauphine was killed by a falling tree. Deceased was a resident of Moncton seven or eight years ago. He was connected with the 2nd Battery at Woodstock and served overseas nearly two years. He was a brother of Clarence and Edmund Dauphine, well-known C. N. R. employees of this city.

CULMINATION OF WAR ROMANCE

Fredericton, N. B., Dec. 2.—An interesting war romance culminated here this afternoon in the wedding of Miss Helen Louise Vanwart, daughter of ex-Alderman A. H. and Mrs. Vanwart of Fredericton, and Dr. Allan Grant Lochhead, son of Professor William Lochhead, of Macdonald College, and Mrs. Lochhead, of Montreal, which took place at the residence of the bride's parents.

When the war cloud broke over Europe in 1914, Dr. Lochhead and Miss Vanwart were among the Canadians studying in Germany, the former taking a post-graduate course in bacteriology, while Miss Vanwart was pursuing advanced musical studies. One of the few British subjects who were able to make good their escape from Hunland was Miss Vanwart, but Dr. Lochhead was not so fortunate, and was interned in the civilian prison camp at Ruhleben, near Berlin. They had met for the first time in Germany and their friendship had ripened, so that when separated they continued their correspondence within the limitations of the German censorship until Dr. Lochhead was released following the signing of the armistice, when he hurried back to Canada, and today's wedding is the sequel.

After a short honeymoon in Montreal, whence they leave by C. P. R. this evening, they will make their home in Toronto, where Dr. Lochhead will take up bacteriological work.

A Stubborn Cough Loosens Right Up

There is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The cough breaks up chest colds are quenched by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter cough.

To make this splendid cough syrup, pour 3 1/2 ounces of Pinex (50 cents worth), into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, you get 16 ounces—a family supply. You can buy ready-made for \$2.50. Keeps perfectly and children love it. Pleasing taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

Here in December you can buy clothes at last Spring's prices.

You know how everything's gone up in the last eight months. Why back in March we ordered our Suits and Overcoats for this Fall and Winter. Within a few weeks prices began to advance and they've risen ever since. But as fast as they come in we've priced every garment according to last-Spring's cost.

The result is that we're selling Overcoats now at \$35 and \$40 that would cost that to replace them. In fact our prices right through are hardly more than today's prices at the makers.

Better see about that Overcoat at once, though. \$25 to \$65. Gilmour's, 68 King St.

Chicken Bones à la Neilson

HAVE you ever eaten chicken bones? No! Not the bones of a bird, but a chocolate coated mixture of chopped figs, cream and sugar.

They taste delicious, so let us tell you how we make them. We buy rich, juicy figs from Smyrna, cane sugar from Jamaica, cream direct from the farm, and blend all three into a delicious confection.

The figs are minced, the sugar and cream is made into a paste, and then the figs are rolled in the paste until a complete mixture is formed. This is rolled to the diameter of a pencil.

The figs are in the middle. The paste is then cut into two-inch lengths. Each contains its portion of figs. From there the "chicken bone" goes to the dipping room, where it receives a coating of very smooth and delicately flavored chocolate, and so on into the box.

Next time you buy a Box of Neilson's, watch out for the "Chicken Bones."

Night Coughs Prevent Sleep WEAR OUT THE SYSTEM

The dry, hacking cough, cough day and night is very wearing on the system. The constant coughing disturbs the rest and keeps the lungs and bronchial tubes in such an irritated and inflamed condition they get no chance to heal.

You will find in Dr. Wood's Norway Pine Syrup a remedy without an equal for curing coughs and colds, soothing the lungs, loosening the phlegm, strengthening and healing the breathing organs and fortifying them against serious pulmonary diseases. Mrs. Fred Fairburn, Copper Cliff, Ont., writes:—"I caught a heavy cold, got a sore throat and had a terrific hacking cough that I could not get rid of. I could not sleep at night. I had tried quite a few remedies, but they did not seem to do me much good until I took Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles my cough was all gone. It seemed to loosen the cough right away so that I could spit up the phlegm that gathered in my throat, and also took that hot, raw, burning fever out of my bronchial tubes. I feel that Dr. Wood's has no equal."
