A heavy storm, accompanied by loud thunder and remarkably vivid lightning was experienced in London and various o her parts of England this afternoon. pleasant affair. A large number of gentlemen have signified their intention to be Startling Bear Hunt: Can this be equalled in the Dominion?

About four miles from the flourishing seaport town of Shediac lives Frederic Bateman, who farms and lumbers. In the rear of his farm is a dense forest, and in PIANOFORTES its secluded depths bears, big, black, and ferocious, do wander about. Finding the animals becoming troublesome Mr. Bate. man set a couple of traps near his residence. Shortly after he heard the discharge of a gun, and on examining into the cause he found a good sized bear shot dead in the trap. While looking at the animal he heard one of his steers roaring, and departed to look up the cause of this fresh outery, when he beheld the steer and another bear in deadly conflict. As soon as the bear saw him he left the steer and made at Bateman, who discharged both barrels of a double barrelled gun full at the animal and killed him. Having satisfactorily dis posed of No. 2, he heard the gun in the other trop go off, and thinking that by this time affairs were looking lively, he went to

the trap and found the tnird bear giving his last kick. Three bears in one day was quite enough to found a stirring tale upon, but Mr. Bateman thinks the vicinity is not quite bare of them yet. He believes two more of the same gang lurk around, and he expects to hear from them shortly. In addition to the Marine Companie and Underwriters represented by Robert Marshall, Esq, he has a strong Fire Agency composed of the "Imperial," of London, "Ætna" and "Hartford," Fire

Insurance Companies. Each of these Companies has done an exclusively fire business for upwards of fifty years. The Imperial was established in 1803. It is Imperial was established in 1803. It is THE OLDEST and, in point of funds for the security of Fire Policy holders—THE Mr. EDWARD J. CRANGLE, of Calais, Me., to LARGEST ENGLISH COMPANY DOING BUSI- MARY ANN, eldest daughter of Mr. C. Brod-NESS IN NEWBRUNSWICK—having a cap Balck ital and cash accumulation of upwards of Eight Million Dollars in Gold. Its paid up stock sells in the London market for over 600 per cent. premium, and yields four days, of heart disease, Dungan, eldest son an amounts dividend of 42 per cent. of Archibald McLean, of Oromocto, aged 40

The Ætna, (established 1819), and Hart ford (established 1810), are likewise the leading American Fire Companies. Their aggregate cash capital, and aesets amount to between six and seven million dellars and their stock sells at ninety per cen; premium, which is fully equal to that o the Bank of New Brunswick of this city. Persons desiring unquestionable indemnity can make no mistake by patro. izing such strong companies, and in times of great fires when small offices collapse, the above companies will continue to afford entire security. We understand Mr. Marshall has promptly paid many thousands of dollars for these Companies, and has managed to avoid

disputes or litigation in all the claims James O'Brien, James McKenzie, James O'Connors, John McCarthy, fined \$5 each for drunkenness. Stephen Hatfield, for drunkenness and cursing and swearing, fined \$6.

George Stack, fighting with Robt. Magee, Samuel Hanlon; for stabbing Jas. Eox on Sheffield street, was sent to the Penitentiary three months. Mary Cronan, drunk, sent to the Peni
