the 39 pupils in attendance at the close of the year, 20 were from Nova Scotia, 14 from New Brunswick, 4 from New. Toundland and 1 from P. E. Island.

Tunning expenses, leaving nothing for in sll the manufactured articles by skilled artizans and otherwise, and in a steadily increasing quantity of goods from European countries and even from America. There are two-ox-handy loads of wood, larged at Kingapot, and other works care. foundland and 1 from P. E. Island.

The new wing which was fermally opened on May 11th, was added at a cost of \$15,954, and on it there is yet a debt of \$2,444. The expenses of the into the W. & A. R. station, and to man.

The wing point and other works carried out. The Windsor and Annapolis some time ago were asked what they would take to allow C. V. R. cars to come in the sun, one handy load of which represents different sheep and cattle killed in to the W. & A. R. station, and to man.

The expenses of the station at that end of the line. The provinces of New Three provinces are now the line over its whole length, defraying every expense except payment of interest, was asked of the W. & A. R. by the making it a Maritime Province inthus making it a Maritime Province in thus making it a Maritime Province in the provinces are now the line over its whole length, defraying stock-in-trade spread out on a mat the value of which would probably not exceed other creditor.

**Said deed has been filed at the office of the line over its whole length, defraying stock-in-trade spread out on a mat the value of which would probably not exceed other creditor.

**Said deed has been filed at the office of the Registrar of Deeds, at Kentville, in the province of the Registrar of D thus making it are now then the feen about reached to take over taste of the nature in looks and taste of the Nova Scotia grown artichoke. speak for this worthy institution the the line and operate it as part of the W. One man has spread before him nose and speak for this worthy institution the talk in the support and good-will of the public. It is expected that by this article and finger-rings made mostly of brass toe and finger-rings made mostly of brass toe and finger-rings made mostly of brass to an article and the support and support support and support support and support support support and support Canadian Newspaper Directory. We have received from the publish-

ers, Messrs A. McKim & Co., news-

time that Canada had a newspaper directory of its own. The enterprise and then be utilized on the mainline at off the publishers is certainly to be commended. One of the most interesting features of the work is a history of Canadian journalism, in which an account is given of the first papers published in each province, with a sketch posed crofter settlement in British Composed crofter settlement in Briti Progress is being made with the proposed crofter settlement in British Countries and progress of the most noteworthy papers down to a comparitively recent period. Accompanying the history is a fac simile of the first newspaper printed in the Dominion, the Halifax Gazette, which appeared in March, 1752. It consisted of only two pages 9 x 15 inches. The compilers of the west coast of Vancouver island A proposal has also been made to the powers to best advantage. A hundred troops of the first page 18 x 16 inches. The compilers of the west coast of Vancouver island A proposal has also been made to the powers to best advantage. have been at considerable pains to gather have been at considerable pains to gather been at considerable pains to gather bominion Government by Col. Engledue finny-ones from the tiny minnow to the had capt. Clark, who are organizing the hammer-headed shark are on sale, and be a very complete table of the newspapers of all the provinces, as far back federal bonus which now applies to all lends his quota; but to cap the climax British North America only 298 papers, of which 12 were in Newfoundland At the end of 1891, these had increasto 1044, including Newfoundland, which interest is being manifested there in the development of the deep sea fisheries of Evidence comes to be launched on the North West Territories had not a single one, though now they have 19 single one, though now they have 19 the market it should meet with favor. This enterprise is projected to utilize the word to the market it should meet with favor. This enterprise is projected to utilize the catches of fish which may be reasonably expected will be the result of the crofter labor. When it is considered that the supplies of fish on the Pacific coast equal, free to the propose of the deep sea fisheries of the development of the deep sea fisheries of the development of the deep sea fisheries of the development of the deep sea fisheries of the translate of the confers just as interesting constantly cropping up. In Teluguathere is no word to correctly translate the word to correctly translate the word in Math. 3: 3 as "one speaking a noise in the deep sea fisheries of the deep sea fisheries of the tocorrectly translate the word to correctly translate the word in Math. 3: 3 as "one speaking a noise in the deep sea fisheries of the tocorrectly translate the word in Math. 3: 3 as "one speaking a noise in the deep sea fisheries of the tocorrectly translate the word in Math. 3: 3 as "one speaking a noise in the deep sea fisheries of the tocorrectly translate the word in Math. 3: 3 as "one speaking a noise in the deep sea fisheries of the tocorrectly translate the word in Math. 3: 3 as "one speaking a noise in the deep sea fisheries of the tocorrectly translate the word in Math. 3: 3 as "one speaking a noise in the deep sea fisheries of the tocorrectly translate the word in Math. 3: 3 as "one speaking a noise in the deep sea fisheries of the deep sea fisheries of the tocorrectly translate the word in Math. 3: 3 as "o now has 11. In 1864, Manitoba had 22 to 48; Prince Edward Island from quarry and that merken exist within a from his much frequent speaking his critical with one less paper to day than it had in 1864, and Newfoundland alone of all fish, it can be easily understood that vast industry is capable of being built up the British American Colonics, has re mained out of the confederation. The progress of the press means the materia progress of the people, and no doubt if the ancient Colony were now a member of the confederation, her newspapers and her resources would alike increase and multiply. While the fullest credit is due the publishers for their enterprise in presenting the most complete directory of Canada yet issued, it is to be regretted that so many inaccuracie should have crept in. In our own Province the population and other particulars of the newspaper towns is in many cases greatly at fault, and we were considerably surprised to learn most successful ever held in the district. that the publishers of the ACADIAN About seventy-five members were prewere also publishing a paper at Truro sent during the day, representing eleven

L. Wolverton, M. A., Secretary o the Ontario Fruit Grower's Association, in a paper recently read at the ociation on fungus growth effecting fruits, stated that the plum knot was long thought to be caused by some insect, as insects are in the knots disease but that they find the place suitable for their purpose. The knot is known to be a well defined fungus, the spores of which float about in the air and propogate the disease. Cutting and burning the effected limbs, or applying a paste made of kerosene and paint will overcome it.

A public meeting was held in the place and and some of the best even held in the place. The hall was crowded to tis utmost and the best of order prevailed. The programme, which consisted of speeches, music, &c., was well received and overfulness, with the accompanying pain and distress is gone, and now enj.y my meals as I have not done for many years. Having been so greatly relieved, I would be glad to ave all others who suffer similiarly, give this plain simple and suffer evening a fair and cruedly currently and suffer similarly, give this plain simple and suffer evening. knot was long thought to pe caused by

Directory" may be all that can be de-

WOLFVILLE, N. S., MAR. 18, 1892.

School for the Blind.

We have just received the twenty-first annual report of the Halifax School for the Blind, which shows that the past year has been an unusually sees full one. During the year 43 blind persons were under instructions, 29 of whom were males and 14 females; three of these graduated and one died. Of the 39 pupils in, attendance at the close of the year, 20 were from Nova Scotia; or for purchase of new rolling of the ransfer of the Cornwallis tailons for the transfer of the Cornwallis tailons for the transfer of the Cornwallis tailons for the transfer of the Cornwallis value, railons for the transfer of the Cornwallis value and the Windsor & Annapolis have been about completed, except the formal signing of the necessary documents and the arrangement of details, and smell. If you are active on your feet you will be able to avoid actual constitution. Also a large woll-built house containing 15 roms beside pantry and actic. Water in kitchen. A frost proof cellar under whole of the house. All in good condition. Also a large barn, 70x30, in perate the fourteen miles of road from carless heathen. The real remote-village brain will avoid you as he would a corpe. There are dealers in everything alone with unwelcome substances and has been possible by the present owners. Receipts have been but little in excess of the year, 20 were from Nova Scotia; papar advertising agents, Montreal, a very neatly printed and bound book, containing a list of Canadian newspapers. In the past Canadians have been compelled to look to American direct. One fashion of the country universally use, and with which they cunningly construct that between ments of the freight that offers. In those of information concerning the press of this country, and it is certainly time that Canada had a newspaper time that Canada had a newspaper and then be utilized on the mainline at the name of the work and then be utilized on the mainline at the customers. This man usually has in stock the switches which the women of this country universally use, and with which they cunningly construct that betwitching bunch just behind the right ear. One fashion "keeps in" for centuries in India, and I confess I like the way the Hindu high-coste lady dresses her hair and the low-caste lady also when she does perform that religious ceremony: The papar advertising agents, Monircal, a it is in the months of October, November the customers. This man usually has in

A proposal has also been made to the crows flock about the fish-stall where commercial company in connection with increase the music. Occasionally an inthe crofter immigration scheme, that the Inmbia should apply to crofters who set-tle on a small quantitiy of land, and who follow fishing as their daily vocation, his back, gives the echo of half a thousand not agriculture. Reports just reand not agriculture. Reports in a convergence of the convergence of th vast industry is capable of being built up hagram a preacher very courteously re-which cannot fail to benefit both the marked something concerning me to an olony, the crofters and the investor. old missionary who was with me. I felt ufacture of fish glue, and of valuable fertilizers from the fish refuse, will swell my friends it might have been consider the profits and make the fishing in-dustry on the west coast equal in mag-nitude to that on the eastern shores of Frb. 2d., 1892. he Doni The Eighth Annual Meeting of the N

I. O. G. T.

The regular quarterly session of King' District Lodge, I. O. G. T., was held with "No Surrender" Lodge at Waterville, or Tuesday, 8th inst.

The session was one of the largest or were also publishing a paper at Truro-Fishing is put down as a leading industry of Wolfville, and its population, with one exception, is given as the smallest of any newspaper town in Nova showed the order to be making satisfactory progress. The secretary reported sixteen Lodges with nearly six hundred control of the property of the control of the c members. There are also two juvenile Temples, located at Morristown and Del-

Tempies, rocated at Morristown and Delhaven.

The committee on the State of the Order presented a good report, dealing with the present state and future needs of the Lodges, Agency Work and Juvenile Temples also coming for a share of attention. The report was adapted and necessary committees appointed to carry out its suggestions. A resolution cautioning the members of the order against the use of articles called Malto Peptonized Porter and Beef and Ale was unanimously adopted. A public meeting was held in the evening, it being the 21st anniversary of "No Surrender" Lodge. The meeting was one of the best ever theld in the place. The hall was crowded to its utmost and the best of order previously.
