

Q In homes where some come early to breakfast and some come later, an electric toaster is an excellent idea--particularly for those who come later. As a rule the last fellow down usually fares badly in the matter of toast, but with an electric toaster each person can have it fresh and piping hot. The price is four dollars.

Triple Screw Turbine Steamers

R.M.S. "Royal Edward" and "Royal George"

Holder of all records between Great Britain and Canada

Q These steamers are equipped with the latest devices for the comfort and convenience of passengers. Marconi wireless, deep sea telephone, passenger elevators. Every room is ventilated by the thermo tank system, which warms or cools the fresh sea air and distributes it over the entire ship every five minutes. The engines are the latest type of turbine, ensuring a maximum of speed and a minimum of vibration. The private suites of apartments and the luxuriously appointed public cabins, treated after historic periods in decorative art are unexcelled by anything on the Atlantic. The second and third cabin appointments have set a new standard of comfort and elegance for this class of accommodation. The table service throughout is the best that leading chefs and excellently appointed steward service can make it. If you desire an unbiased opinion on Ocean Travel, ask for a copy of "What we please say of our service." Sailings are made fortnightly between Montreal, Quebec and Bristol in summer, and Halifax and Bristol in winter.
