

NEWS BRIEFS

Man arrested in the Student Union Building

A member of the cleaning staff at Dalhousie has been suspended from his job and faces two charges of damage to locks, following his apprehension early last Thursday morning in the Student Union Building. The man was seen attempting to break into a locker in the basement of the SUB. Dal Security were called in, and they handed the incident over to Halifax City Police. The court appearance is set for December 15, according to the police, and a further charge of attempted theft may be laid.

Missing cash in games room

Recurring discrepancies in daily cash balances in the SUB games room have caused major changes in the facility's management this week. Student Mark Baccardax has resigned his position as games room manager, and other staff have been advised that if they wish to continue working they must reapply by Friday.

A new condition of employment, currently in effect in the Grawood Lounge and during SUB entertainment events, will see the staff assuming responsibility for any cash shortages, and two students will be hired to supervise the games room.

Shortages have been a problem for several years, says student union treasurer Kevin Feindel. Discrepancies show up when the recorded daily cash balance does not match the amount actually deposited in the bank. Shortages in October surpassed \$600.

Opportunity knocks at locked door

Law rep Ian Mackay pointed out at Sunday's council meeting that while over 1,000 people were in the SUB for the Minglewood show, two of the three front doors in the building were locked. He pointed out the problems which have arisen at rock concerts where crowds were bottle-necked through small exits. A serious situation would arise if a crowd seeking to escape from the SUB because of fire, etc. were faced with two of the three doors being locked.

News flash! Milk is available in the Grawood

The SUB Operations committee reports that "There is, and always will be, milk in the Grawood." Unfortunately, there will not be popcorn or free matches, since these are too expensive.

Jovial Jim Logan of the committee told council that although the atmosphere in the Grawood is killing the hanging plants, there is hope the wallpaper (which everyone agrees is terrible) may be replaced.

Diehard Dave Rideout, who keeps his council name-placard upside-down in front of him, opined that he was liking the wallpaper more and more. Everyone agreed that he was weird.
