AY 86 Ent'd

Dear Sir,

I am in receipt of your note of the 20th. instart saying that you can send a Constable to Pelly by the 1st. of July, if required; and in reply beg to say that the presence of a constable will be required. I am writing to Mr. Jones that he will be expected to give every possible assistance to your constable.

Jones has a better opinion of the Force than you seem to think as it is at his special request that I have asked you to send a constable to his Agency.

Yours truly,

Commissioner Herchmer

North West Mounted Police.

Regina.
