

EXPLANATION OF PLATES.

All the figures except Nos. 19, 20, 67, 70 and 71 are from specimens collected by the Expedition.

PLATE 1.

- Fig. 1. *Podura aquatica*, right hind foot, X 337.
 2. *Podura aquatica*, dorsal aspect of left numero, X 577.
 3. *Podura aquatica*, left numero, X 577.
 4. *Achorutes tullbergi*, eyes of left side, X 577.
 5. *Achorutes tullbergi*, sense organ of third antennal segment of right side, X 908.
 6. *Achorutes tullbergi*, right mid foot, X 577.
 7. *Achorutes tullbergi*, left numero, X 577.
 8. *Achorutes tullbergi*, right numero, X 577.
 9. *Achorutes tullbergi*, left numero, X 577.
 10. *Achorutes tullbergi*, anal spines, X 908.

PLATE 2.

- Fig. 11. *Achorutes tullbergi*, right anal spine, X 577.
 12. *Achorutes sensilis*, postantennal organ and two eyes of left side, X 577.
 13. *Achorutes sensilis*, sense organs of third antennal segment of left side, X 577.
 14. *Achorutes sensilis*, left hind foot, X 311.
 15. *Achorutes sensilis*, right numero, X 577.
 16. *Achorutes sensilis*, left numero, X 577.
 17. *Achorutes sensilis*, left anal spine, X 560.
 18. *Achorutes sensilis*, dorsal setae of second abdominal segment, X 297.
 19. *Achorutes riatensis*, sense organ of third antennal segment of right side, from a European specimen, X 908.
 20. *Achorutes riatensis*, dorsal setae of second abdominal segment, from a European specimen, X 337.

PLATE 3.

- Fig. 21. *Achorutes armatus*, left postantennal organ, X 505.
 22. *Achorutes armatus*, right fore foot, X 300.
 23. *Achorutes armatus*, left numero, X 505.
 24. *Achorutes armatus*, left anal spine, X 505.
 25. *Achorutes armatus*, dorsal setae of first abdominal segment, X 295.
 26. *Ongchiurus duodecimpunctatus*, right postantennal organ, X 505.
 27. *Ongchiurus duodecimpunctatus*, pseudocelli of right antennal base, X 295.
 28. *Ongchiurus duodecimpunctatus*, sense organ of third antennal segment of left side, X 800.
 29. *Ongchiurus duodecimpunctatus*, dorso-lateral aspect, to show pseudocelli, X 35.
 30. *Ongchiurus duodecimpunctatus*, left hind foot, X 505.

PLATE 4.

- Fig. 31. *Ongchiurus duodecimpunctatus*, right anal spine, X 635.
 32. *Ongchiurus duodecimpunctatus*, dorsal setae of second abdominal segment, X 295.
 33. *Tetracanthella wahlgreni*, X 12.
 34. *Tetracanthella wahlgreni*, eyes and postantennal organ of right side, X 252.
 35. *Tetracanthella wahlgreni*, sense organ of third antennal segment of left side, X 825.
 36. *Tetracanthella wahlgreni*, extremity of abdomen, X 185.
 37. *Tetracanthella wahlgreni*, dorsal aspect of anal spines, X 250.

PLATE 5.

- Fig. 38. *Tetracanthella wahlgreni*, left hind foot, X 505.
 39. *Tetracanthella wahlgreni*, furcula and tenaculanti, X 505.
 40. *Tetracanthella wahlgreni*, dorsal aspect of microdentes, X 505.
 41. *Tetracanthella wahlgreni*, dorsal setae of first abdominal segment, X 295.
 42. *Folsomia quadrioculata*, eyes and postantennal organ of left side, X 505.
 43. *Folsomia quadrioculata*, sense organ of third antennal segment of right side, X 825.
 44. *Folsomia quadrioculata*, right hind foot, X 505.
 45. *Folsomia quadrioculata*, portion of furcula, X 505.
 46. *Folsomia quadrioculata*, left aspect of furcula, X 295.
 47. *Folsomia quadrioculata*, dorsal setae of second abdominal segment, X 295.
