Removes Scurf, Roughness and Irritation of the Skin, making the coat soft, glossy and healthy.

The following letter from the Hon. John Dryden, Minister of Agriculture, should be read and carefully noted by all persons interested in Live Stock:

"MAPLE SHADE" HERDS AND FLOCKS.
BROOKLIN, ONT., Sept. 14th, 1890.

DEAR SIR,—I cannot afford to be without your "Little's Sheep Dip and Cattle Wash." It is not merely useful for Sheep, but it is invaluable as a wash for Cattle, etc. It has proved the surest destroyer of lice, with which so many of our stables are infested. I have ever tried it; it is also an effective remedy for foul in the feet of Cattle. I can heartily recommend it to all farmers and breeders.

Seventeen Gold, Silver and other Prize Medals have been awarded to "Little's Patent Fluid Dip" in all parts of the world. Sold in large tins at \$1.00. Special terms to Breeders, Ranchmen and others requiring large quantities. Ask your nearest druggist to obtain it for you; or write for it, with pamphlets, etc., to

FARMERS, READ THIS

We will pay extra for fat pigs bred from Tamworth and Improved Yorkshire boars, as they are worth more money to us. We have imported a large stock of these pigs, and have on hand a choice selection of imported and home-bred boars and sows. Write us for prices, which are as low as they can be made, this being a business entirely of a secondary consideration with us, our first object being to supply the trade with an A1 article in bacon, and we are satisfied that these are the breeds that pay both the feeder and the packer. Send in your orders quick and get a good in-pig sow, or a boar to use on grade sows.

AYER'S

SARSAPARILLA

M. Hammerly, a well-known business man of Hillsboro, Va., sends this testimony to the merits of Ayer's Sarsaparilla: "Several years ago, I hurt my leg, the injury leaving a sore which led to erysipelas. My sufferings were extreme, my leg from the knee to the ankle, being a solid sore, which began to extend to other parts of the body. After trying various remedies, I began taking Ayer's Sarsaparilla, and before I had finished the first bottle, I experienced great relief; the second bottle effected a complete cure."

Ayer's Sarsaparilla

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Cures others, will cure you

IMPROVED LARGE YORKSHIRE PIGS.

Thirty-five choice Breeding Sows from the best English breeders. Young stock of all ages. Stock supplied for exhibition purposes, registered and guaranteed to be as described. Personal inspection solicited. J. E. BRETHOUR, Burford, Brant Co. Ont. 327-y-om

STOCK GOSSIP.

Mr. W. B. Cockburn, Aberfoyle, Ont., writes that he has just arrived from England with a very choice lot of imported Shropshire and Suffolk sheep. I was so highly pleased with the Suffolk sheep, especially so with the grand, large fat flocks of lambs that they produce, that I selected twenty-five shearing ewes and two ram lambs from the flock of the Earl of Ellesmere, New Market, Eng. Although I have bred these I have still a large flock of Shropshires, both imported and home-bred. See advertisement this issue.

Whiteside Bros., Innerkip, Ont., write us: "Our Shropshires are in excellent form. We have on hand a splendid lot of yearlings and lambs bred from our imported ram Millers 1814, lately sold by us to Messrs. J. & J. Smith, Paris, Ont., also a large number of imported and home-bred breeding ewes. The demand for Berkshires has been very brisk, and the number of sales very satisfactory. Among our most recent sales we mention the following:—Three boars and seven sows to the Sussex and Studholm Agricultural Society, New Brunswick; a boar to Mr. A. J. C. Shaw, of Thamesville, Ont.; a boar and a sow to Mr. S. J. Pardoe, of Cedar Springs, Ont.; our imported boar, Wideawake (1487), to W. E. & F. Stewart, of Freeport, Ont.; and three sows to Mr. R. Pelton, Innerkip, Ont. We have recently purchased from Mr. C. R. Decker, of Chesterfield, a fine young sow sired by Imp. Pilot, dam by Imp. Enterprise 1378.

The National Swine Breeders' Association will hold its annual meeting in Assembly Hall, World's Columbian Exposition, on Friday, October 13. This meeting occurring during the last and most important week of the Swine Exhibit, will be largely attended. The programme, consisting of papers from leading breeders and prominent scientists, and treating on practical rather than theoretical matters, will be interesting and instructive. Individual swine breeders, as well as swine associations, should not fail to attend or be represented at this meeting, or if unable to be present, secure membership in the National Association; so that they may receive the benefits of its proceedings, papers, discussions, etc., which will be published for the use of members. The officers of the association are: President, S. E. Morton, Camden, Ohio; Vice-President, E. C. House, Homer, Mich.; Secretary and Treasurer, John G. Springer, Springfield, Ill.; Executive Committee, N. H. Sentry, Sedalia, Mo.; S. H. Todd, Wakarusa, Ohio; H. M. Sisson, Galesburg, Ill.

H. I. Elliott, Danville, Que., reports the following sales for the past year:—One four-year-old sow got by Man-at-Arms (51704), to C. C. Cleveland, M. P., Danville. One yearling heifer and one heifer calf, to J. W. Stockwell, Esq., Danville; the yearling heifer is sired by Indian Chief—she is a fine, growthy heifer, and like making a good show beast; the heifer calf was sired by Simeon Chief (13673), got by Indian Chief. Also to Arthur Johnston, Esq., of Greenwood, the yearling bull, Warminster (16428), and he replaced him with the pick of Arthur Johnston's imported bull of 1892, "King James," got by Royal James (5492), he by the famous Cumberland (46144); his dam is Maid of Promise (511), and out of Genetian by Brampton (37733); g. d., Golden Lady, by Champion of England (1726). He is a big deep-bodied bull of his age, on short legs, and has excellent shape, and will make a hard bull to beat in the show ring when fitted. I have also secured from Arthur Johnston one of his imported cows of last year's importation, with an imported yearling heifer. Both are show animals, and are excellent ones in every way.

NOTICE.
BINDER TWINE.

Comparative statement showing weight, length and tensile strength of three bales each of the following brands of Binder Twine, viz.: "Red Cap," "Blue Ribbon," and Central Prison "Pure Manilla," the bales in each case being taken at random and without selection for the purpose.

	Wt. Lb.	Length Feet.	Avg. Tensile Strength Lbs.
"Red Cap" brand (3 bales) 11 8 1/2	5,881	510	101
"Blue Ribbon" brand (3 bales) 12 3 1/2	6,804	557	80
Central Prison "Pure Manilla" (3 bales) 12	7,600	634	121

According to the above tests and at the price of 9¢ for each brand of twine, \$10.00 will buy 55,000 feet of "Red Cap," 60,156 feet of "Blue Ribbon," or 68,472 feet of Central Prison "Pure Manilla" Twine. The sack, paper and rope used on a fifty-pound bale of "Red Cap" or "Blue Ribbon" weighs 11 pounds more than in the case of Central Prison "Pure Manilla," which difference in weight is given by the Central Prison as an additional quantity of twine in each bale. After adding the 14 pound extra net weight of twine in each Central Prison fifty-pound bale, we have the following results:—\$10.00 will buy 54,452 feet more "Pure Manilla" than "Red Cap," or 10,383 feet more "Pure Manilla" than "Blue Ribbon," a difference of \$2.80 in favor of "Pure Manilla" over "Red Cap," or of \$1.71 in favor of "Pure Manilla" over "Blue Ribbon," that is all being sold at 9¢ per pound. "Pure Manilla" is 28 per cent. cheaper than "Red Cap," and 17 per cent. cheaper than "Blue Ribbon." The substantial gain in buying Central Prison "Pure Manilla" Twine is that on an investment of \$10.00 an equal price per pound, "Pure Manilla" Twine will bind about fifteen acres more than "Red Cap," or ten acres more than "Blue Ribbon," while the average strength is from 20 to 50 per cent. greater. JOHN HALLAM, 55 Front Street East, Toronto.
