### You May be Cured Yet! HOLLOWAY'S OINTMENT. CURE OF RHEUMATISM AND RHEUMATIC COLT.

extract of a Letter from Mr. Thomas Branch, Landiord of the Waterloo Tavern, Coatham, Yorkshire, late of the Life Guards, dated ber-To Professor Holloway.

SIR,-For a long time I was a mentyr to Rhon. nation and Rheamatic Guet, and for ten weaks previous to using your medicines, I was so had so not to be able to walk. I had tried doctoring and nedicines of every kind, but all to no avail, he leed I daily got worse, and felt that I must shortly de. From seeing your remedies advertised in he paper I take in, I thought I would give them a rial. I did so I rubbed the Unitmeet is as deucted, and hept cubbage leaves to the parts thicky spread with it, and took the Pila night and norning. In three weeks I was enabled to walk thout for an hour or two in the day with a sink, and in seven weeks I could go any where without one. I am now, by the blessing of God and year nedicines, quite well, and have been attending to my business more than seven months, without say

symptoms of the return of my old complaint. besides my case of Kheematic Gost, I have ately had proof that your Pills and Distment will heal any old wound or ulcer, se a married woman, living near me, had had a bad leg ter fear years, which no one could cure, and I gave ber some of your Pills and Ointment, which soundly sealed it when nothing also would do it. For your information I had the bosour to serve my Country for twenty five years in the first regiment of Life Guards, and was eighteen years a copporal. was two years in the Peninsula War, and was at the Bakle of Waterloo. I was discharged with a pension on the 2ud September, 1888. The Conmending Othicer at the time, was Colonel Lyges, who is now a General. I belonged to the uses of Captain the Hanourable Heary Baring.

Cure of a Bad Leg of Twenty-one Years' Standing! Extract of a Letter from Mr. Andrew Brack, Block. smith, Eyemouth, near Berwick, dated the 16th

To Professor Holloway. SIR,-With pleasure and gratitude I have to inform you that after suffering for 21 years with a bad leg, which yielded to no kind of treatment, although I consuited, at different times, every medical man of eminence in this part of the country, but all to no purpose. I was frequently snable to work; and the pain and agony lotten endured no one can tell. My leg is now as sound as ever it was in my life by means of your Pills and Ointment, which I purchased from Mr. I. Davidson. Draggut, Berwick-upon-Tweed, who knows my case well, and will, I am sure, be happy to certify with me, if necessary, as to the treth of this wes-derfal cure. (Signed) ANDREW BRACK.

# AMPUTATION OF TWO TOES PREVENTED.

Extract of a Letter from Mr. Oliver Smith Jenkins, dated Falkirk, August 18th. 1848. To Professor Holloway,

bin,-I was superintenning about air meaths ago, the erection of one of our Railway Bridges, and by the the fall of a large stone my right loot was seriously bruised, which ultimately got so bed, that I was advised to go to Edinburgh to consuk some of the emment surgeons, which I did, and was told that in order to save my foot, two of my toos must be taken off. In despair, I returned home to impart the melancholy news to my wife, intending to submit to the operation, it was then a thought struck me to try your valuable Uintment and Pills, which I did, and was by their messs in three weeks enabled to resume my uses! occapation, and at this time my toes are perfectly cored. (Signed) OLIVER SMITH JENKINS

An Extraordinary Cure of a Desperate Skin Disease. On the 21st July, 1848, the Editor of the " Me-

fussifite!' Newspaper, published in India, inserted the following Editorial article in his paper. "We know for a fact, that Holloway's Pills and Omtment act in a most wonderful manner upon the constitution, as an eccentric Coolie, called Eliza, employed in our Establishment, was affected with myriade of Ringworms, which defied all the Mosrut Doctors, and promised to devour the poor man before he was under ground; we tried " Helleway" upon nim, and in a month he was perfectly restored to his former condition and cleanliness of thin. The effect was miraculous.

#### MOTT'S BROMA.

THE following observations having reference to the preparation of RBOMA, appeared in a ate number of the Boston Medical Journal :-"A few years since a great matufacturer o Broma sought the opinions of many medical genthemen of distinction, for the purpose of having at unobjectionable foed for invalids, and was assured that he had fully succeeded. Hospitale, infirmarics, and households generally, should always be provided with it. When gruel, arrowroot, groats, earley, starch, rice, faring, and many other things ordinarily resorted to for patients are of no at luy, the Broma is sometimes relished. It is believed that those who use it as a beverage will have manilest diatetic advantages over the consumers of last summer those individuals who were continually using Chocolite or Broma neither had attacks

of cholers or dysenteric affections, while others of the same families, taking their daily potations in tes, coffee, or simple coid water, were the sufferers, if any. We cannot vouch for the truth of this. but it has recalled to mind the statement that the nil dealers in Lundon have been free from chalers or the choleroid symptoms. And it has been fur ther observed, that persons who were taking cod-liver oil for chronic deficulties, during the prevaleace of the late epidemic, were not affected by it Vegetable oil in the first instance, and animal of in the last, taken internally, would appear, by these statements, to have secured those who took them from the shafts of the postilence. It is cortainly a point well worth while to determine, whether the chocolate drinkers have been secure in other infected cities."

MOTT'S BROMA has now been before the public for a considerable period, and along with the commendations of the Medical Faculty of this and the neighbouring Provinces, it has to conved the approbation of all classes of consumure .- It is held to be an article of standard reputation, and the demand for it is constantly increasing.
