Every remedy that medical men advised was tried, but,
without effect, is her health suffered severely, and the state
of her legs was terrible. I had often read your Advertisements and advised her try your Pills and Onlinent; and,
as a last resource, after every other remedy had proved

Sir,—For more than iwenty years my wife has been subject, from time to time, to attacks of inflammation in the side, for which she was bied and blistered to a great extent, still the pain could not be removed. About four years ago she saw, in the papers, the wonderful cures effected by your Pills and Oliment, and thought she would give them a trial.
