No. 878

Users Tell

Go right out into Eastern Canada and you'll find farmers actually using more Sharples Dairy Tubular Cream Separators than the three next best combined. Go right out into Western Canada and you'll find four times as many Sharples Dairy Tubular Cream Separators in actual use as the next best machine.

That proves Tubulars are best

An actual canvass of separator users throughout Canada has proved these statements true. The manufacture of Tubulars is one of Canada's leading industries. Sales exceed most, if not all, others combined.

The "NEVER FAIL" OIL AND GASOLINE CANS CALVAMIZED IRON

3 and 5 Gal. Imperial Measure

ADVANTAGES OF THE "NEVER-FAIL" CAN

You have no oil valves or pump to get out of order, no faucet to leak and drip. You do not have that disagreeable odor of oil and gasoline in your rooms when using this can. You need not be afraid of an explosion if you use the "Never Fail" can. You do not have oil all over your hands, lamp and floor, when using a "Never Fail." Your oil and gasoline bills will be one-third less when using one of these cans, as they are air-tight, allowing no evaporation. It is the only can wherein gasoline may be kept with any degree of safety. Ask your dealer for a "Never Fail." Take it home and use it, give it a fair trial, then, if not satisfied, take it back and demand your money. Can you ask any more than this? Will you not give it a trial on these terms? Will draw over a gallon a minute. Will take all the oil out of the can. Will run the oil from lamp back into can. Your money back if not satisfied. If your dealer can't supply you, write us.

THE MAN WHO WAS INSURED

There's A Difference

In the facial expressions of the man who is and the man who is not insured after a fire has done its destructive work. Contented relief marks the face of the man with a policy; despair the features of the man who was uninsured. Which face would YOU wear if fire destroyed your home to-morrow? It is a matter you want to act about quickly. If not insured, see us at once.

The Best Barn Roofing

Eastlake Metallic Shingles are a positive insurance against fire and lightning—the large surface of metal scatters the electricity, rendering it harmless. A roof of Eastlake Steel Shingles costs less than a wooden roof equipped with lightning rods, and will last a lifetime—roofs covered with Eastlake Shingles 25 years ago are perfectly weatherproof to-day—never having needed repairs.

Our booklet, "Eastlake Metallic Shingles," tells you exactly what you want to know about the roofing problem. Write for it. Phone Park 800.

"Send for information regarding the safe and nice proof sheet metal lining for granaries. It will save you money."—The Philosopher of Metal Town.

SUMMER SHIPMENTS OF GRAIN

Farmers who have still wheat or oats on hand should not delay now in getting the same shipped forward to Port William and Port Arthur in order to secure the comparatively high prices which will be going for old crop grain during July, and probably the most part of August. Farmers can only be sure of getting all that they ought to realize out of their grain by shipping it in carlots to Port William or Port Arthur, and having it sold for them by a first class commission house, acting a their agent. We possess unsurpassed facilities for handling wheat, oats, barley or flax for farmers who ship their grain themselves, because we are a reliable commission firm, of many years standing and experience, well known over Western Canada as working solely on commission as agents for shippers, and we are prepared to handle to the best advantage for our customers all grain entrusted to us. We make liberal advances against railroad car shipping bills immediately we receive the same, and make prompt returns after sales have been made. We always give our customers the name and address of the party or firm to whom we sell their grain. When in Winnipeg at the Industrial Exhibition, or at any other time, we will be much pleased to have farmers visit us at our office in the Grain Exchange Building. Please write us regarding prices and market prospects, and for shipping instructions, any information or advice about selling will be promptly and cheerfully given.
