Christian Endeavor.

The Christian Endeavor society met on Tuesday night in the Presbyterian church. Mr. McNamara, the leader for the evening presided in the absence of the President.

The topic was "Christ's work for the World," John 1: 1-14.

Mr. McNamara introduced the subject and showed from Scripture that Christ was the author of all life as creator. As the incarnate word He was the light and the life of men. To as many as received him He imparted spiritual and eternal life and gave power to become the sons of God, even to as many as believed on his name.

The active members present proved from scripture that Christ came into the world to save sinners, to seek and to save that which was lost, to save his people from their sins, to turn men from darkness unto light and from the power of Satan unto God, to prepare men for an inheritance incorruptible, undefiled and that fadeth not away.

The topic for next week is "Conquering difficulties with Christ's help." 2 Cor. 11:24-28; 12:7-10. Chas. Hooey, leader.

PRESS COM.

Joseph Hubbard and Wm. Klyne, living here, left for Manitoba this morning. Some others are talking of going too.

Messrs. Robert and Matthew Hamilton of Grand Bend and St. Mary, respectively, arrived this afternoon in time to see their mother alive.

Mr. John Hooey, whose farm adjoins the burg, brought in a stalk of peas of immense length, measuring 10 feet, 4 inches. We think it will tax any Carrick farmers to beat that this year.

A great number of the members of the Methodist church of this place attended the lawn social at Mrs. Crandall's of Clifford. We believe they had a good time and the proceeds satisfactory.

Many of the farmers have threshed their fall wheat and barley and the result has been quite satisfactory. The fall wheat is yielding well and altogether the farmers of this community have something for which to be thankful.

There are many farmers at work at their peas and oats. Others are waiting for them to come in. The late rains freshened the grain to such an extent that the harvest is going to be much later than any we have had for some time.

Mrs. Hamilton, the old lady who has been ailing so long, died this evening between 6 and 7 o'clock. She was a good old lady and bore her suffering with patience. She attained the ripe old age of 87 years. The funeral will, we think, take place on Thursday at the McIntosh cemetery.

While working at a circular saw in Thompson's mill, Teeswater, on Friday of last week D. McKay had the misfortune to have one of his hands badly cut by the saw.

On Saturday evening a large barn owned by D. McKinnon, con. 2, Kilmays, was struck by lightning and burned to the ground. The building contained a quantity of hay, a wagon, two luggies, a fanning mill, a hay rake and other articles, none of which was saved. No insurance.

Southampton, Aug. 11.—Saturday morning when about off the Sauble Beech, a fisherman named Gabriel Granvill, was struck and instantly killed by lightning. He was standing against the foremast when the mast was struck.

Mr. Geo. Bell, Culross, met with a somewhat painful accident one day last week. He was removing a large stone by means of a team of horses and as he was adjusting the chain that was round the stone, the horses moved slightly and the chain caught the thumb of his right hand and pinched it off at the first joint.

A nasty accident happened Mr. Alex. McKay, of the 4th con. Elderlie, on Monday afternoon. He was chopping a stub in the woods which was about a foot through and leaning against another tree. After chopping it off he tried to push it off the stump, when it slid, striking him in the back, and bruising him severely. It is thought that some of his ribs are broken. The stub was about 40 feet long. As it fell it knocked him down, and had it not been that it fell across another log, would undoubtedly have killed him.

A district convention of the I.O.G.T. was held in the rooms of Star of the North Lodge, Port Elgin, on Thursday afternoon. In the evening a public meeting was held in the town hall at which addresses were given by Mr. W. F. Brockenbridge of Wingham, and Mr. F. S. Spence of Toronto, secretary of the Dominion Alliance. There were also several selections of vocal and instrumental music. The meeting was most interesting throughout. A good deal of information was given as to the present state opinion on the prohibition movement.

Mr. John Rathwell, jr., of Ellengowan, killed no less than 69 snakes one day last week. He was engaged in clearing up a piece of rough land and disturbed two large garter snakes, which he killed. Upon cutting one of them in twain 33 little snakes emerged from the interior, and from the other large one came 34 juveniles. It is the habit of the mother reptile to protect their young in time of danger by opening her mouth and allowing the family to take refuge in the lower regions, where nature has provided ample accommodation for emergencies such as arose when John suddenly disturbed the colony on this occasion.
