FROM OUR CORRESPONDENTS

AYLESFORD.

Mr. Creamer who has been invalided home as having done his share in the great European war, has purchased the farm of J. Harvey Savage and started in at work.

Mr. and Mrs. J. Harvey Savage left last month to spend the summer with their daughter Mrs. Zamon Rix in Milan Indiana. They are both quite active people for their years and no doubt will enjoy the change in scenery and climate.

The outlook for farming in this district is very good.

BERWICK

Mrs. Frank H. Woodworth and baby and Mr. Gould have been spending the past week at Kentville.

Mr. Frank Woodworth has been appointed permanent station Agent of the D. A. Railway at Yarmouth and has rented the residence on Brunswick St. and Mrs. Spinney and child left for Yarmouth. Some of our town and districts need a police magistrate or town official like Hugh John McDonald of Winnipeg who sees to it that the anti-loafing act is properly enforced in his city. He has ordered whole-

sale arrests of men engaged in various employments under the anti-loafing act. Men doing work which can be equally well done by women Sir Hugh in effect ruled, are not engaged in useful occupation."

The judgement affects men employed in conducting confectionery stores, clerking, the principal extends to dozens of similar activities.

HUNS TO ABANDON OSTEND AND ZEEBRUGGE.

Berne, May 22—German naval authorities are preparing to abandon Zeebrugge and Ostend as U-boat bases, because of the recent blockades effected by British naval forces and the constant harrasing by British bombing planes, according to information received from Berlin today.

"Wonderful!" replied Farmer Brown, "I feel a sense of great satisfaction and security. An army that can make my boy get up early, work hard all day and go to bed early can do most anything."

OBITUARY OF EDGAR J. ELLS

On Sunday afternoon, May 5, the Sheffield Mills community sustained a severe loss in the death of Mr. Edgar Ells. For many years he had been afflicted, but about 10 months ago his affliction took a decided turn for the worse, necessitating his removal to the Halifax Infirmary where he underwent a surgical operation which produced great relief but from which he never recovered. Mr. Ells will be ever remembered as the courteous and genial station Agent of Sheffield Mills station, which position he held for 14 years. He was a man of broad deep sympathies. No man came to him with his troubles and needs without receiving the same counsel and immediate help.

In politics he was an ardent Liberal. His faith in the Welfare remained unabated to the end. One of his regrets on his bed was that he could not back up the policy of his leader with his vote at the poll.

His father, Mr. Nathan Ells, was for many years an elder of the Canard Presbyterian church and Mr. Ells was a loyal member of the same church.

He leaves behind him his widow, a daughter of the late Mr. Cyrus Webster of Sheffield Mills, and two sons, Mr. Percy of Meadow View Farm and Mr. Eugene of Boston. One brother survives his, Mr. Rufus Ells of Sheffield Mills.

The funeral was largely attended. The Rev. A. J. Prosser conducted the service and the Rev. John U. Bell delivered the address.

For driving an auto while Halifax Echo—it is reported now that the proposal to erect a temporary railway depot building at the South End terminals has been abandoned and that North street station building, so badly damaged by the explosion, is to be put in repair for use as a station until the war is over.

Real estate experts have estimated the fortune of the late Mrs. Potter Palmer, who died in Florida on Sunday night, at between \$10,000,000 and \$15,000,000.

June fifth has been fixed in Wasington, D. C. as the date for registration of youths who have attained 21 years since the first army draft registration June 5, last year. It is estimated that about 800,000 men available for military service will be found among the new registration this year.

All blotinum in the United States has been commandeered by Government. It is selling at \$105 an ounce and dealers are under heavy penalties for withholding any of their stocks. Iridium is selling at \$1,75 an ounce and palladium at \$1.05 an ounce and these also have been commandeered.

A number of changes are being made in the staff of King's college, among them the resignation of Prof. Harley from the chair of English in order to resume parish work. He is spending the summer at Conquerall, and will take up permanent work in the autumn.

There are no meatless days in London restaurants now. Restrictions on eating meat in restaurants have been made unnecessary by the meat rations system now in force.

The shipyards of J. Coughlin and sons at False Creek, B.C. on the 16th were damaged by fire to the extent of \$2,000,000.

The Presbyterians in United States are planning a Fund of \$100,000,000 to meet the needs of the denomination following the war.
