Local Notes

Miss Garrett of Ottawa is in Athens this week, the guest of Miss Mary Wright.

The village schools open on Tuesday next, Sept. 5th, Monday, the usual day of opening, being Labor Day.

It is claimed by those who have observed the matter that lightning kills five times as many people in the country as in the town.

Miss Miriam Green writes from Fernbank, where she is spending part of the holiday season, that she will resume her classes on Sept. 5th.

We are pleased to learn that Mr. U. J. Flach, late of the staff of Sydenham high school, has been appointed principal of Napanee Collegiate Institute.

The Holiness Movement camp-meeting opens at Lake Elzoida to-day and a very large attendance is assured, many coming from a distance to remain throughout the meetings.

Miss Minnie Morris, a recent graduate of the Ottawa normal, has been engaged as assistant teacher in the Athens school during the model term. No change has been made in the very capable staff of teachers.

There are some food combinations that a boy cannot digest. A few days ago, Norman McCallum, 13 years of age, of Storrington township, ate ice cream and cucumbers, which caused his death.

The scheme to hold an historical celebration in Arnprior has been abandoned. Public enthusiasm could not be aroused. A similar celebration was mooted in Athens some time ago, but failed to obtain the necessary financial support.

Examine the voters' list of your municipality and see that your name is on it. There will probably be two general elections on the lists of 1900. Every man who is twenty one years of age and a British subject is entitled to have his name on the list.

This week, several Athenians received the following announcement: "Mr. and Mrs. G. W. LeGard announce the birth of their daughter, Etta Berenice, Thursday, August 23, 1900. 4339 Champlain Avenue, Chicago, Ill.

The Reporter joins in the congratulations that their many Athenian friends extend to the happy household.

Glen Buell residents and many others in Leeds county will be pleased to learn that John Hall, who about 11 years ago removed to Sudbury and engaged in business there, has been so successful that he has lately sold his business interests in the village of Nain Centre at a very fair profit and intends to make his residence and put in his capital in building up New Ontario.—Times.

H. S. Entrance Examination.
 The following selections in literature from the fourth book have been prescribed for the entrance examination for 1901: Tom Brown; Pictures of Memory; The barefoot boy; The Vision of Mirza, first reading; The Vision of Mirza, second reading; On His Own Blindness; From "The Deserted Village"; Flow Gently, Sweet Afton; The Bell of Atri; Lady Clare; The Heroine of Verecheres; Landing of the Pilgrims; After Death in Arabia; Robert Burns; The Ride from Ghent to Aix; Canada and the United States; National Morality; Scene from "King John." The following selections from the fourth reader are for memorizing: The Bells of Shandon; To Mery in Heaven; Ring Out, Wild Bells; Lady Clare; Lead, Kindly Light; Before Sedan; The Three Kings; A Skylark; Elegy on the Death of a Child.

The Game Laws.
 The game warden is issuing notices for the information of the public containing an abstract of the Ontario game laws. For the first time for many years, moose, reindeer and cariboo may be killed between the 1st and 15th of November, both days inclusive. Another opportunity to hunt these stately animals will not be given sportsmen until 1903, as the open season is restricted to period of fifteen days every third year. Only one of each variety may be taken by any one person in one season, and no cow moose of either of these animals under the age of one year may be killed. Partridge, quail, wood-cock and snipe may not be bought nor sold before 1905.

If you wish to cure scrofula or salt rheum permanently, take Hood's Sarsaparilla. It expels all impurities from the blood.

The next meeting of the High Court of the I. O. F. for Eastern Ontario will be held at Cornwall in August, 1901. Representatives are to be allowed 40¢ per mile one way and \$1.50 per day for two days.

In the list of successful high school students published in the Reporter last week, the name of Wallace Charland of Philippsville should have appeared instead of Wallace Pinkerton, and Maud Webster of Lyndhurst instead of Maud Wiltse.

Charles Tennant, a Mallorytown farmer, was on Monday fined \$20 and costs for killing a valuable deer hound owned by M. B. Stack, Lyn. Tennant had been annoyed by dogs worrying his sheep, and one night on seeing this dog prowling around his premises, he filled him full of lead.

Referring to the woman's dress that mops the street, an observer says: "Suppose we men were to have our trousers made three or four inches too long and then walk up and down the street with a firm hold on each leg, trying to prevent ourselves from stepping on them."

Mr. E. R. Witheril with his family is this week removing to Williamstown where he has for several years been employed on the staff of the high school of that place. Athenians are sorry to lose such worthy citizens and hope that health, wealth and happiness may attend them in their new home.

The latest name mentioned for the position of coadjutor Bishop of Ontario is that of the Rev. Street Macklem of St. Simon's church, Toronto. Intense church interest centres in the election, which is to take place at the opening of the Synod on September 4th.

This week, Mr. George Moore closes his confectionery business here and goes to Smith's Falls, where he will join with his father in conducting a bakery. George has been a popular caterer to the taste of luxurious Athenians and will no doubt meet with equal success at the Falls.

There will be 12 chicken fattening stations in operation in the Dominion this year under Government auspices. Those in Ontario will be at Chatham, Whitby and Lancaster. The stations operated by the Government last year at Carleton Place and Woodstock will this year be conducted by private enterprise.

The students of the Brockville Business College are successful in obtaining employment at home as well as abroad. Miss Kate Young has a position as book-keeper in Brockville and A. L. McConnell has a situation as stenographer in the head office of the B. & W. R. R.

The Methodists of Delta, circuit are to have a reunion in the church at that place, Sunday, Sept. 2nd—Flower Day. There will be three services, one in the morning for older people; in the afternoon the children are to be addressed by Miss Bertha Gile and Rev. Mr. Philp; then a service in the evening for the young people.

We congratulate Mr. L. J. Cornwell, late of Stratford collegiate institute, on his appointment to the principalship of Meaford high school. Mr. Cornwell is an excellent teacher, an indefatigable worker, and has all the experience necessary to make him a success in his new administrative capacity.

A report having got abroad that through the militia department, the war office has ordered several pairs of socks for army use, the department is fairly inundated these days with inquiries from would be contractors. One farmer wrote that he would be glad to supply "ten dozen pairs at current contract prices."

A number of small boys have been making themselves obnoxious at different stations along the line of the B. & W. Railway by jumping on and off moving trains. This is a very dangerous habit and should not be permitted. The railway company's agents and conductors have repeatedly warned them of their danger, but they take no notice of it. The railway company's officers are determined that it shall be stopped and will make an example of some of them if it is not stopped immediately. Of course it is amusement to the boys, who do not understand its danger, but if an accident should happen, the railway company's employees would be blamed for it, while they are doing their best to prevent accidents.

VOTERS' LIST FOR 1900

Municipality of the Village of Athens in the County of Leeds.

Notice is hereby given, that I have transmitted or delivered to the persons mentioned in sections 8 and 9 of the Ontario Voters' Lists Act, the copies required by said sections to be so transmitted or delivered of the list, made pursuant to said Act, of all persons appearing on the last revised Assessment Roll of the said Municipality to be entitled to vote in the said Municipality at Elections for Members of the Legislative Assembly and at Municipal Elections; and that the said list was posted up at my office, at Athens, on the 13th day of August, 1900, and remains there for inspection. Electors are called upon to examine the said list, and if any omissions or any other errors are found therein, to take immediate proceedings to have the said errors corrected according to law.

The notice of posting which appeared in the Reporter of Aug. 1st and 8th is hereby cancelled and withdrawn and the date of posting as above substituted.

Twilight on the Lake.

To my Friend, Dr. E. S. Cornell.

Beneath the western hills the sun dips down,
 A disc of vermeil light and purple fire,
 A spell of stillness now is hung upon
 The ancient forest with its feathered lyre.

The sheen of summer's green and leafy gown,
 Like some fair maid's, her jewels glit and gleam,
 A film of hazy gauze, a form of grace,
 Now floats before me like a pleasing dream.

And there the lyric brook which nature has enthral'd,
 The tuneful ear of May made silvery in tones,
 Here to my haunt her shrunk rivulet has crawled
 And flows with sullen murmur o'er the stones,

The cool, beloved breeze with healing art,
 Now fans my cheek and cools my feasting brain,
 It lends dull anguish wings to swift depart
 And drives away the bed-fellow of pain.

CRAWF, C. SLACK.

A Cornwall young man was out wheeling one night recently and when he arrived home he stood afar off, and roused his sister by tossing pebbles against her bedroom window and asked her to throw out some clothes. The suit he wore—a new one—was solemnly buried. The young man had run over an active little animal of great perfuming powers, that was all. And the young man didn't wait to see if the animal was hurt.

MORTON.

MONDAY, Aug. 27.—School opened on August 20th with Miss McLean of Toronto as teacher.

Mrs. Lawrence, Mrs. Heinrich, and Miss Heinrich of Toronto, accompanied by Mr. Thompson of the Bermuda Islands, are occupying the Jones cottage for the summer months and are much charmed with the quiet, pure air and beautiful scenery of our little hamlet. On Saturday evening last they entertained a number of friends by a musical given at the home of Mr. J. Judd.

Mrs. John Crawford of Athens and son, Master Arthur, spent Sunday and Monday here at the home of Mrs. S. Taber. On their return home they were accompanied by Miss Pearl, who had spent a couple of weeks very pleasantly with her sister. The many friends of Mr. and Mrs. Henry Dean were much pained to hear of the death of their infant daughter, and much sympathy is expressed for them in their second bereavement.

Mrs. S. Taber, sr., is spending a couple of weeks with her daughter, Mrs. (Dr.) Singleton of Westport. Miss Roddick of Lyndhurst, who has spent some weeks with friends here, returned home on Saturday.

KENDALL'S SPAVIN CURE

Worth thousands of cures annually. Endorsed by the best breeders and horsemen everywhere. Price \$1.00 per bottle. As a liniment for family use it has no equal. West Leno, Ontario, Can., Dec. 14, 1896.
 Dr. B. J. KENDALL CO.
 Dear Sir:—I have a valuable horse which got lame. I took him to the Veterinary Surgeon who prescribed that I should give him little doses, although he applied a strong blister. This made matters only worse and the horse became so lame that it could not stand up. After trying everything in my power I went to a shoeing shop and had the shoe changed to one of your boots and I studied it carefully and found that it was a splint. I tried several remedies but to no avail. I then bought a bottle of your Spavin Cure, and when the same was used I noticed an improvement. Before the first bottle was used I noticed an improvement. When the second bottle was used I noticed a further improvement. When the third bottle was used I noticed a further improvement. When the fourth bottle was used I noticed a further improvement.
