SIR WILFRID ELECTED

The Premier Safely Seated in Quebec East.

Dr. Fiset, the Conservative Candidate, is an Office Holder and Resignation Has Not Been Accepted—J. E. Archambault, Liberal, in Berthier County, Had Postmaster Who Had Not Resigned As An Opponent—Straight Fight in Russell.

Ottawa, Oct. 29.—(Globe Special.)—Sir Wilfrid Laurier is elected in Quebec East and J. E. Archambault, Liberal, in Berthier County. The two men nominated against them are Government office-holders.

The Conservative in Quebec East is Dr. Fiset, an analyst in the Inland Revenue Department. He sent in his resignation a day or two ago, and was informed that it had to be sent to the Privy Council, and would be dealt with at the next meeting. In the meantime Dr. Fiset is an office-holder.

A Postmaster Candidate. The Conservative candidate in Berthier is Telephone Michael, postmaster. He has not resigned.

Chapter II, section 9, subsection 1 of the Revised Statutes of Canada, 1886, reads as follows:

"No person accepting or holding any office, commission or employment, in the service of the Government of Canada, at the nomination of the Crown or at the nomination of any of the officers of the Government of Canada, to which any salary, fee, wages, allowance, emolument or profit of any kind is attached, shall be eligible as a member of the House of Commons, or shall sit or vote therein."

In Russell, L. Shaver, the postmaster of South Indian, is the independent nominee. His disqualification leaves a straight fight between Wilson (Liberal) and Askwith (Conservative).

Sir Wilfrid Repeats.

Montreal, Oct. 29.—Sir Wilfrid Laurier delivered a repetition of his speech to a crowded hall last evening and created great enthusiasm among his followers. Peter Lyall, the Liberal candidate for election, also spoke and endorsed the Chamberlain policy.

JAPS NEAR PORT ARTHUR.

Take Important Post By Storm—Attack Keenan Fort Scattered, Silence Batteries and Explode Russian Magazines.

Tokio, Oct. 29.—It is reported that the Japanese opened a vigorous attack on the eastern forts of the Keenan group, north of Port Arthur, during the morning of Oct. 26, and silenced the Russian batteries. A shell exploded the Russian magazines. Simultaneously the Japanese attacked the forts on Rihling Mountain and Sunghowhoun Mountain, silenced the Russian batteries and stormed and occupied the forts in front of these mountains. On the night of Oct. 26 there was a conflagration in old Port Arthur, and Oct. 27 a shell hit the Russian battleship Sevastopol and two Russian steamers were sunk. Official confirmation of the above is lacking, but the reports are believed to be true.

Another Day Victory.

Tokio, Oct. 29.—A press telegram from Gen. Kuroki's headquarters reports that on Thursday the Japanese captured Waitaoshan after sharp fighting. The attack began at eight o'clock in the morning and ended at four o'clock in the afternoon. The Japanese captured two machine guns. The Russian casualties are estimated at 170, and those of the Japanese at 170. The Russians occupied Waitaoshan on the 14th instant with their batteries and began constructing defences. The Russians retreated across the Shikhe River.

Guns For Japs.

Che Foo, Oct. 29.—Japanese at Dalny report the continued arrival of huge siege guns. A junk from Port Arthur with eleven Chinese who left there on Oct. 19 on account of costliness of food arrived here yesterday. They say that several of the Russian warships have been hit by dropping shells, but none have been sunk.

They estimate the able-bodied soldiers there now at 10,000, saying a smaller force would be insufficient to garrison the various positions. Scarcely a night passes without small engagements over minor positions and artillery fire is exchanged daily. Last winter's uniforms are worn by the soldiers, who are now mostly supplied with Chinese shoes.

Drove Russians Back.

General Kuroki's headquarters in the field, via Fusan, Oct. 29.—The Japanese gave a stirring exhibition of sharp and determined fighting Thursday. They drove the Russians from a high hill ten miles east of the railroad in General Kuroki's front, which is important strategically as a post of observation, and was the only point south of the Shikhe River which the Russians held. About a regiment of Russian were entrenched there with five machine guns.

The Japanese rushed the Russian trenches, shot many Russians as they were running down the hillside, and captured two machine guns. The Japanese had twenty men killed and eighty wounded. The Russians left thirty dead on the field. There was hand to hand fighting when the trenches were taken. The Russians retired across the river. When the Japanese flag was raised over a tower surmounting the hill the Russian batteries showered shrapnel on it for an hour, but without result.

British Ship Released.

Vladivostok, Oct. 29.—The British steamers Allanton and Calchas (both seized by the Vladivostok squadron) have been released. A deposit of \$300,000 was made in behalf of the latter vessel, whose case comes up on appeal at St. Petersburg shortly.

WHY APPENDICITIS?

Why is appendicitis so common today? Because we have got into the pernicious habit of eating too fast. Canis, the great authority on this disease, says: "Appendicitis often follows the eating of a very heavy or particularly large or indigestible meal."

After carefully following a foolish custom, you can assure your safety by taking Stuart's Dyspepsia Tablets. It is an accepted scientific truth, which admits of no dispute, that if you will only keep your digestive apparatus in good order, you will never suffer from this dread disease, which, at rest, means a weakening operation, with long weeks wasted in bed, and big doctor's and surgeon's bills to pay as a consequence.

Keep your appendix in health by the proper use of Stuart's Dyspepsia Tablets, whenever you have laid yourself open to danger by overeating, and upon the least sign of stomachic trouble, for otherwise, at any time, this dangerous disease may lay you low.

The curative influence of this great medicine is quickly shown in the gentle, soothing effect it has on all inflamed conditions of any part of the digestive tract.

Stuart's Dyspepsia Tablets tone all these parts up to a proper condition of perfect health and regulate their functions into a proper working state.

They also make away with all the causes of irritation, inflammation or indigestion, by helping to assimilate and put to proper use, all the food which is lying around in odd corners of your digestive apparatus, fermenting, rotting and curdling, like so much garbage in a dirty sink.

In these natural and perfectly simple ways, Stuart's Dyspepsia Tablets restore all sufferers, from any form of dyspeptic trouble, to health.

Use them, and you need never worry about your appendix vermin-formix.

CORNELIUS SHIELDS DEAD.

General Manager Lake Superior Corporation Ill Only One Day.

Sault Ste. Marie, Oct. 29.—Cornelius Shields, general manager of the Lake Superior Corporation, died early yesterday morning at his home here. The cause of his demise is described by the attending physicians as an oedema, or swelling of the lungs, caused by the accumulation of serum matter in the cellular tissue, accompanied by heart failure. The deceased had been ill only one day.

Mr. Shields leaves a widow, four sons and three daughters. They were alone at home. The body will likely be taken to Lacrosse, Wis., on Monday for burial beside the remains of his father.

Mr. Shields was 49 years of age and was born in Albany, N.Y. He began his career as water-boy with a railroad construction gang, then joined a telegrapher and afterwards J. J. Hill's railroad enterpriser, with which he was associated for several years. At a later date he managed the Virginia Coke and Coal Company for a couple of years and went from there to Sydney, C.B., to manage the plants of the Dominion Coal and Ice Company.

In April, 1903, he came to the Soo and faced the problem of re-organizing the Lake Superior Companies, which were then in financial difficulties. In this he was successful after several months labor and also succeeded in placing the plants here on a profitable working basis. In the hour of the realization of his hopes Mr. Shields has been taken away, and his death has cast great gloom over the town.

The darkest hour in the history of any young man is when he sits down to study how to get money without honestly earning it.

To walk the way of good and pure and happy living requires constant care and watchfulness of each step.

Miss Marie Wainwright as Viola in "Twelfth Night" in hose and doublet. It is the unexpected, but it is the unexpected, which always takes place. Adjectives are taxed to a very considerable extent in the effort to give a faint idea of the grace, the exquisite beauty, the symmetry of form, the many femininity and the feminine manliness of Miss Wainwright as the boy, Cesario. But why say anything about this since all theatre-goers will see for themselves when Miss Wainwright appears here on Wednesday, November 2nd, at the Grand Opera House. This revival of "Twelfth Night" is one of the genuine big hits of the current season. It is not possible to conceive a more splendidly staged, costumed, lighted, or scenically equipped production, than the one made by Manager Jules Murry for Miss Wainwright. The three great scenes are the Sea Coast, where the shipwrecked Viola makes her first appearance, Duke Orsino's Love Bower of roses, and Olivia's famous Italian garden scene. These three scenes are of splendor. The cast supporting Miss Wainwright is a capable one, and that means a good deal, for the parts in "Twelfth Night" must be enacted by artists of recognized ability.

"Way Down East" is to be the attraction at the Grand on Monday, Nov. 7th, and that means a night of enjoyment for the theatre-goers for the play is one of the wholesome, homely kind which appeals to the heart. It is just a play with a story which is not new, but which is truly told in a most charming manner.

Briefly the tale may be told—A girl who has been deceived by the villain through a mock marriage, goes away to a New England village to begin anew a life that has been all shattered. She becomes a sort of a companion and assistant in the household of a farmer whose son is engaged to a niece of his. The son falls in love with the new-comer, and he and his betrothed not caring over-much for each other anyway. Just as the love-making of the son and the companion has reached a climax, the village busy-body learns something of the girl's story, and tells the farmer. He investigates just far enough to learn that there is some truth in the story and then orders the girl to leave the house. It is night, and here is where is shown one of the most realistic bits of stagecraft ever given on any stage. A terrific blizzard is raging and the storm is seen as the girl opens the door to leave. As she goes she denounces her betrayer who by a strange coincidence is resting the farmer. The son defies his parents and goes after the girl. He finds her in a snow-drift and takes her to a deserted sugar camp for shelter. Of course, the farmer relents and goes out to look for his girl, and everything ends happily.

Killed By Explosion.

Montreal, Oct. 29.—A serious explosion took place last night in one of the new buildings of the Montreal Gas Co., resulting in the death of John Douglas, the foreman and considerable damage to the company's property.

Gas Troubles in St. Kitts.

St. Catharines, Oct. 29.—Some workmen employed by the Gas Company to locate a leak on St. Paul street caused an explosion yesterday afternoon that created havoc for a time. The pipe ran under the concrete walk and into the Conservative committee room. The explosion blew the sidewalk into the air and caused a hasty exit from the committee room, where the plaster was torn from the walls and ceilings. A match had been lighted, igniting the gas. No one was hurt. William Ward, one of the Gas Company's men, narrowly escaped asphyxiation. He was working in a trench and remained too long. He was dragged out in an unconscious condition, but recovered.

Gas On, Man Dead.

Toronto, Oct. 29.—Samuel Hastings, aged 65, living at 150 Oak street, was found dead yesterday morning from asphyxiation. Corner Greig decided an inquest unnecessary.

Fatal Pier Fire.

New York, Oct. 29.—One man was killed and another seriously injured in the fire at the Brush Terminal Company, South Brooklyn, early yesterday.

Tug Sinks Steamer.

Seattle, Wash., Oct. 19.—The steamer Mainlander of the Pacific Coast Steamship Company fleet lies at the bottom of Puget Sound, four miles north of Seattle, the result of a collision with the powerful tug Sea Lion. No lives were lost despite the fact that the Mainlander had 16 passengers and a crew of 30.
