CAN WALK AROUND AND DO HIS WORK

Dodd's Kidney Pills Cured W. J. Dixon's Rheumatism

He was so Bad he had to use a Stick to Walk and Could not Lace His Shoe.

Barwick, Ont., Oct. 30.—(Special).—These cold, wet, rainy days are full of Rheumatism and nothing can be more timely than news of an effective cure of that curse of the Canadian climate. Such a cure William John Dixon discovered in Dodd's Kidney Pills. "I had an attack of typhoid fever," says Mr. Dixon, "and after I got over it Rheumatism set in. I had pains in my back and in my right hip so bad I had to use a stick to walk and had no comfort in sleeping. I could no more than dress or undress myself for nearly two months, and for three weeks I could not lace my right shoe or put my right leg on my left knee. "Acting on my brother's advice, I began to use Dodd's Kidney Pills, and after taking three boxes I was able to walk around and do my work. Now I am well and I recommend anyone who has Rheumatism to try Dodd's Kidney Pills."

Birth Rate in French Canada.
The birth statistics of Montreal, which have just been published, should delight the heart of President Roosevelt. The mean birth rate for the seventeen years up to and including the year 1903 was 38.92 per 1,000 of the population. The French-Canadian birth rate was 49.08 per 1,000; that of the other Catholics, 24.87; that of the Protestants, 23.41. In one section of the population at least there is no race suicide. London, England, had in 1901 a ratio of 28.0 per 1,000; Glasgow, 31.7; New York, 22.7; Paris, 21.4; Berlin, 26.7; St. Petersburg, 25.4; Sydney, 28.8; Madrid, 30.2. The French-Canadian of Montreal lead the world in the matter of obeying the biblical command to "Be fruitful and multiply and replenish the earth."

BROKEN SLEEP—TIRED NEXT MORNING.

Sleep not only rests, but builds up the body. Cut down the hours of sleep, and you cut down health in the same proportion. Rebuilding then ceases, nerves go to smash, you grow tired, weak and wretched. To restore sleep you must get more bodily strength, more nutritious blood, healthier nerves. Ferrozene solves the whole problem, makes you sleep soundly, gives endurance, vim, ambition. No more morning weakness—instead the fire of youth will run in your veins, supplying abundance of energy and vigor. With energy expresses the instant effect of Ferrozene; try it.

Growth of Winnipeg.
The building record in Winnipeg is greater than ever. Compared with the total figures for previous years it shows a marvellous increase. In last year's record several millions were represented by the new C. P. R. terminals, the Eaton block, the gas works improvements and other large structures. There are over 1,200 more buildings this year to date than last year, but the majority of these are residences. The report, which speaks for itself, is as follows:—
1904—Permits, 1,768; buildings, 2,268; cost, \$5,651,311.
1905—Permits, 2,761; buildings, 3,539; cost, \$9,627,950.

SOME SEASONABLE ADVICE.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

HER SWEETHEART HELD

Morris Nathan, of Shepherds King Co., in Trunk Mystery.

Disembodied Body Found in Dress Suit Case Identified as That of Miss Susan Geary of Cambridge by Her Mother—Story of the Crime, Followed by Holding of Girl's Intended Husband for Murder.

Boston, Mass., Oct. 29.—That the disembodied body found in a dress suit case at Weymouth on Sept. 21, is that of Susan Geary of Cambridge, is the belief of the girl's family and friends, and of the Boston police department.

Miss Geary, who is the daughter of Mr. and Mrs. J. D. Geary was a chorus girl of "The Shepherd King" Company and was known on the stage as Ethel Durrell. She was 21 years of age. Mrs. Geary to-day identified three rings taken from the right hand found in the second dress suit case, as those worn by her daughter when she absented herself from the theatrical company on Sept. 19. Confirmation of Miss Geary's disappearance on the company came from Morris Nathan, secretary to the manager of the company, and to whom Miss Geary was engaged. Mr. Nathan is now in Pittsburgh, Pa.

According to Nathan, Miss Geary was engaged on the best of terms with the company at the time of her disappearance. He said that he would see her at the next performance in Lowell on the following day. Instead, however, a message was received from the company's manager from "P. A. Smith, M. D., Boston," which stated that "Miss Durrell," was suffering from stomach trouble and would be unable to appear for several days.

Ten days later on Sept. 21, a suit case in which was the corpse of a young woman, was found floating in the harbor, and on Friday last, another suit case containing the arms and legs of the victim was taken from the Charles River.

Sweetheart Held For Murder.

Pittsburg, Pa., Oct. 28.—After an examination at police headquarters lasting until after 1 o'clock this morning, Morris Nathan, secretary to the manager of the "Shepherd King" Company, was held on a charge of murdering his sweetheart, Miss Susan Geary.

DEATH PACT CARRIED OUT.

Letters Reveal a Tragic Agreement Between Miners Near Skagway.

Vancouver, B. C., Oct. 30.—A despatch from Skagway says:—
It is believed that James Murray, otherwise known as Moonie, murdered his partner, Jas. Fisk, last March, at Hailout Bay, near Selkirk, while insane. The skeleton of Fisk was found recently by natives, with a rifle ball in the back. It was identified by clothing and letters found on the body.

In the cabin, twenty steps away, were found a blood stained razor and a knife, and there were blood stains on the furniture. Murray is supposed to have committed suicide, as he has not been seen since last February.

In a letter left in the cabin Murray says he had but a few hours to live. Then follows incoherent religious and socialistic utterances. Another, to an unnamed brother, says:—
"I have agreed that Fisk should kill me to-day at 5 o'clock, and he is to be killed after me by my agency. All this is for wrongs in our past lives and for the sake of humanity. We have agreed to wipe out all scores of the past in a sane and friendly way, so that in doing this we forgive one another as well as forgive our enemies."

CONSPIRED TO ROB BANK.

Receiver of Enterprises Bank Proceeds Against Territorial Delegates.

Pittsburg, Pa., Oct. 29.—There were several sensational developments Saturday in the condition of the affairs of the Enterprise National Bank of Allegheny City. Receiver Cunningham entered suit against W. H. Andrews, territorial delegate from New Mexico, for over \$50,000, charging him with fraudulently conspiring with F. R. Nicholls, his private secretary, and Lee Clark, the dead cashier of the bank, to unlawfully procure funds by the proceeds of negotiable paper. It is intimated that other suits, involving prominent persons are to be entered in the case.

Winnipeg Is Shocked.
Winnipeg, Oct. 30.—A sensation was created here yesterday by the discovery of a Methodist church for harvest home festival services.

The work was devoted to an American family in the congregation and when the church assembled yesterday morning a blaze of stars and stripes with a picture of Roosevelt in the center greeted the worshippers.

Many refused to enter the building and some of the flags were torn down later in the day and replaced by Union Jacks.

Burns on His Canadian Tour.

Burns also stated that he was going to write a book on his experiences in Canada, in which his opinions and comparisons would first see light.

Police Station Dead.

Montreal, Oct. 29.—Etienne Desmarais of the Montreal police force, who was known all over Canada as an athlete, died here tonight from typhoid fever, aged 29. Desmarais won the Olympic championship at St. Louis for throwing the 56-lb. weight and was the holder of many other records.

Picture Hanging Hints.

Engravings are often better framed without a mat. The mat often detracts from the beauty of a picture instead of bringing out its beauties as it does with water colors. Landscapes with a great deal of detail in them require an exceedingly narrow frame and as simple as it is possible to find, while, on the other hand, bold, broadly treated subjects require frames that are wide and plain, and large single heads are at their best in frames of either Florentine or rococo molding unless they are broadly treated, when a deep, flat frame of either gold or stained wood will serve as the best background and bring out the artistic treatment of the subject.

COULD NOT BE BETTER.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattson, of Milford, W. V., who says: "It works like magic, and is the best preparation I know of. I couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by all druggists.

SELL YOUR GOLD FOR \$1!

You surely won't stop at a dollar bill to cure that horrid, miffing cold? Go to any druggist and get "Catarrhoxone" and your cold will be a thing of the past. There is almost withery in the swift way Catarrhoxone kills colds. But when you consider the penetrating, healing and antiseptic qualities of Catarrhoxone, perhaps it's not so wonderful. Certainly there is no remedy half so prompt for colds and catarrh as Catarrhoxone. Refuse a substitute and insist on having only "Catarrhoxone."

It doesn't take two pairs of half-hose to make a whole, but it does take two little power, but you can't.

AUTUMN FASHIONS.

THE SIMPLER PHASE EXCLUSIVE STYLES ARE ASSUMING.

Demitolee Gowns—A Fine Serge Traveling Dress of Much Distinction—The French Gown of Quality, Gay and Dapper Little Coats.

Indicative of present feeling in fashions for the season just opening are the accompanying sketches. The first portrays a smart and dainty little demitolee of taffeta in one of the checked designs that really even the powers of fashion can never quite put out of use, so well are they liked at all times.

In the second appears a gown of soft gray taffeta, the stylish long basque coat intersected with silk embroidery.

The moment you start to use it your suffering ends and the cure of your dread disease is in sight. The Pyramid Pile Cure renders a surgical operation foolhardy. Don't hack to pieces those tender muscles which must be intact if a satisfactory cure is to be obtained. The Pyramid Pile Cure is put up in the form of "easy-to-use," specially made, suppositories. Demitolee in Chiffon.

brodery edged with a narrow ruching matching that on the skirt. The deep pointed belt bears a fine new art buckle.

The chic traveling dress of the second figure is in fine serge and has a skirt much plaited and caught down with braided tabs and a braided bolero over a swiss corset belt. The marquise hat is turned up with silk choux and wings.

Dame Fashion is strenuously urging a simpler mode just now—at least in exclusive circles. That the world of dress in general will not fall in with this simpler phase is quite probable, for it means an irreproachable cut and finish that exact too much from the average "the dressmaker" and do not please the women with whom quantity weighs more than quality. "Au reste," this simple gown does not represent economy, a fact which secures its position in the circle of very chic dressers.

French modistes gave the forecast of autumn styles in the garments adopted for the late summer functions at the fashionable resorts. White serge tailor costumes have figured conspicuously among elegant watering place gowns. Many signs indicate that plainly cut garments with elaborate embroidery will lead the present season's fashions, and evidently the princess will prevail among those who can adopt this becoming garment.

Scarlet taffeta is effectively used on dapper little coats with small gold buttons, giving an idea of the sporting and yachting modes.

Taffetas and soft silks are used for exceptionally elegant gowns at fashionable autumn resorts.

Irish guipure coats and empire redingotes of the same pretty lace em-

bellished with colored ribbons and bright embroidery represent a first autumn fancy.

Elbow length, wash or suede gloves, offer a practical and effective finish to the elbow sleeve that has marked the summer and, it is predicted, will continue in fashion during the autumn and winter.

Sentenced to Eight Years.

OLD AGE.

Old age as it comes in the orderly process of Nature is a beautiful and majestic thing. The very shadow of eclipse which threatens it, makes it more prized. It stands for experience, knowledge, wisdom and counsel. That is old age as it should be. But old age as it so often is means nothing but a second childhood of mind and body. What makes the difference? It is largely the care of the stomach. In youth and the full strength of manhood it does not seem to matter how we treat the stomach. We abuse it, overwork it, injure it. We don't suffer from it much. But when age comes the stomach is worn out. It can't prepare and distribute the needed nourishment to the body, and the body, un-nourished, falls into senile decay. Dr. Pierce's Golden Medical Discovery is a wonderful medicine for old people whose stomachs are weak and whose digestions are poor. Its invigorating effects are felt by mind as well as body. It takes the sting from old age, and makes old people strong.

Old Age and Matrimony.

When he was considered quite an old man James, Lord Balcarras, went to stay with old Lady Keith. There were a number of young ladies in the household, and before he arrived, Lady Keith said to them: "Now, there is this old gentleman coming to stay, and I particularly wish that you should all endeavor to make yourselves as pleasant to him as you can." They all agreed to do so, but a Miss Dalrymple said: "You may all do what you like, but I'll bet you anything that you please that I'll make the old gentleman like me best of us all." And so she did. She made him perfectly devoted to her all the time he was there, yet when he asked her to marry him she laughed in his face. Lord Balcarras was extremely crestfallen, but when he went away he made a will settling everything he could upon Miss Dalrymple. Somehow she heard of this, and said: "Then, after all, he must really care for me, and I will marry him." And she did. He was fifty-eight then, but they had ten children.
