the shop of Mr C. A. Patriquin. There is a report that he intends erecting a door

The imports have fallen off somewhat,

The annual convention of the National Educational Association of the United Educational Association of the United States for the present year will be held in Toronto, Canada, July 14th to 17th, 1889-90, \$17,494,503. Decrease, \$412, and the it will on this occasion be of an order. and as it will on this occasion be of an 971. and as it will on this occasion be of an international character, it promises to be the most successful meeting of the series. Most of the railroads have agreed to give half-rates, plus \$2 membership fee, to all who attend the meeting, this rate being open to the public generally as well as the teachers. Toronto people are making great preparations to welcome and entertain the visiting teachers, and numerous cheap excursions are being arranged to all important points on the great lakes, and the produce \$740,949. Agricultural products, \$638,524. Manufactures, 520,556. Miscell-aneous, \$15,971. Coin and bullion, \$31,225. Total, \$3,265,848. ous cheap excursions are being arranged to all important points on the great lakes, the St Lawrence and the sea side, after the convention, which will afford to teachers the best opportunity for enjoying their summer holidays. The official bulletin, containing programme for the meeting, railway arrangements, and all meeting railway arrangements, and all particulars, is ready, and will be sent free to any one desiring it, on their dropping a post card to Mr H. J. Hill, Secretary local committee, Toronto.

ing these days concerning the condition as to who are the proper officers to attend of the side-walks of Wolfville. The to the matter, whether the Board of sand that has been placed upon them Health or the commissioners of streets. this spring is most unsuitable for the making of streets or side-walks, and they are now almost impassable in some places. There certainly should be and sand on to the street, the sand on the place is the sand on the street, the sand on the street street, the sand on the street street is the sand side-walks, to the great aanoyance of those whe use them. This ought not so to be. The light sand that was recently placed on the side walks will of dust at every puff of wind, which will invade our stores and dwellings when left open. We don't wish to grunble, but certainly this a state of grunable, but certainly this a state of I notice also that from the operation

The union of the Australian provinces into what is called a commonwealth, is an important item in the the streets to the condition they were wealth, is an important item in the history of the present. The term commonwealth may prove to have been commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to which class or officers, the land or the commonwealth may prove to have been to the commonwealth may prove the commonwealth may be a co suggestive of striking possibilities in water officers, we should look for rethe future. The constitution adopted, lief.

Only one other question occurrs to me ada, differs from the latter in some proper thing to petition the Government Australian Commonwealth all powers our streets to the creditable and respecin the Canadian constitution. The borrowed money to draw from. separate Provinces or legislative districts of Australia are to be known as members of the House of Representatives will consist of one member for every 30,000 inhabitants, the minimum number of members from any one State being four; the parliamentry term will the three years, in which respect, we think, a mistake has been made, as experience with us leads to the asset of the county, and writes as follows: "As paralyzed, will interest thousands of adexperience with us leads to the conclusion that a too frequent recurrence of general elections is far from desirable. It is provided that members of Parliament accepting office with seats in the Government will not be required to vacate their seats and go back to the people for re-election; it is doubtful if this is an improvement upon the Canadian system. The flovernors of Canadian system. people for re-election; it is doubtful if this is an improvement upon the Candian system. The Governors of States will be elected by the State Legislar tures. The sessional indemnity of members of Parliament will be \$2,500, a long advance on the liberality in this matter adopted by other English countries and, as looked at from the Canadian standard, too liberal by far. The salary of the Governor General is the Salary of the Governor General is one to be not less than \$50,000 per year. As we understand it, Cabinet Ministers need not, necessarily, be members of either branch of Parliament. Such are the salient points in the constitution of the new commonwealth as now proposed; the subject has yet to be passed upon by the people and the constitution of the new commonwealth as now proposed; the subject has yet to be passed upon by the people and the constitution ratified by an Imperial Act, so that important changes may be made. It is evident however that the great Australian continent is shortly to become a prominent nationality with strong demonstrations.

Canada's Trade.

Mr McKinley has not quite succeede ning Canada, for, although there is a slight decrease in the March exports R. went into effect last Monday. There putting the nine months of the current retwo freights daily. See time table. Mr Spencer, the contracter, has purchased from J. W. Barss, Esq. the property between Mr R. Prat's store and property between Mr R. Prat's store and the shore of Mr C. A. Pratically and The caport figures are as follows: 1890. 11, \$73,734,012; 1889.90, \$73,208,731.

the shop of Mr C. A. Pathquin.
is a report that he intends erecting a door and sash factory on it, and we hope it but this cannot be said to be discouraging. The figures for nine months read: 1890 91, \$81,829,943; 1889.90, 82,552,887 Decrease, 7\$22,944.

Inquiries.

I netice that some of the citizens of Wolfville have dug drains from the back doors of their houses for the purpose of leading the slops of the houses into the We hear a great deal of complain. gutters of the streets. The question is

more system in reference to the side the side walk and the stones and sand in walks of the town. For the past few the road-bed. The question is—who should attend to this matter, whether the sons who have material of any kind commissioners of streets or general public, that is of no use to dump it out on the sidewalks to the great approximate of get all stones off of the streets and not
