WOLFVILLE.

THE ACADIAN

WOLFVILLE, N. S., MAY 27, 1892.

Local and Provincial.

Doctor Alice G. Blackadder has returned to her home to take care of her sick mother. "At Home" Tuesdays.

Rev. William Ross is to preach in the Wolfville and Lower Horton Presbyterian churches next Sabbath, at the usual hour.

Another street light has been put in front of the Glasgow House, which much improves the appearance of that part of the street in the evening. Let the good work go on.

We are glad to see that an effort is being made to clean and improve the streets. We trust that every effort will be made to make our town look at its best next week.

A full attendance of the members of Acadia Lodge, I. O. G. T., is requested to-morrow evening, at 8 o'clock, as matters of importance are to be discussed.

To Let.—A house on School street, within 1/2 mile of Wolfville P. O., will rent with or without furniture. Apply to, Rev. E. N. ARCHIBALD, Wolfville, N. S.

A special train will leave Kentville at 7 p. m. for Wolfville on Thursday, June 21, to return after the concert. Another train to return after the concert on Monday, June 20th, for one week. This will give those who attend the Anniversary exercises an opportunity of sitting for photographs.

Mr Rice wishes us to state that owing to the closing of the College next week he will be in his rooms here on Monday, June 20th, for one week. This will give those who attend the Anniversary exercises an opportunity of sitting for photographs.

All local advertisements and readers inserted in the ACADIAN for an indefinite length of time, will be charged for till the advertiser inserts notice to the contrary. If the advertisement is only intended for one insertion, it must be so marked on the copy or stated when handed in.

Next Sunday, May 29th, there will be the usual service in St. John's church at three in the afternoon. Subject of sermon: "Nathaniel's question," "Can there be any good thing come out of Nazareth?" and Philip's reply, "Come and see." The offerings in marked envelopes will be for the missionary work in Algoma and the Northwest.

Attention is directed to the adv. of Mr G. F. Hamilton, in another column. Mr Hamilton has moved into the store vacated by Messrs Rockwell & Co., and has everything new, neat and bright. He has not been in business long in Wolfville, but has succeeded in getting a good share of the grocery trade, and by strict attention to the wants of his customers will do doubt do a successful business.

The band made their first public appearance on Friday evening, when they played a few pieces outside the engine house. It was just four weeks from the time the instruments were received, and they have certainly made good progress. Professor Young they have an instructor who is not only a thorough musician, but one who well understands how to impart knowledge. Quite a large number assembled to listen to the band and all were well pleased.

We understand that when the summer time-table of the W. & A. railway goes into operation Conductor "Joe" Edwards will leave the train service and take the position of station agent at Annapolis, Conductor Edwards has been a long time in the employ of the road, and has now a reputation that is continental. His many friends among his fellow countrymen will be sorry to miss him. The reason for his leaving the train is on account of his health no longer permitting him to continue in that service.

Professor Saunders, director of the experimental farm, Ottawa, was in the Maritime Provinces last week in connection with the Columbian exhibition at Chicago next year. The main object of Professor Saunders' visit was to make arrangements with the various provincial governments for concerted action on the subject, but he will be happy to consult with any one who contemplates taking part in the exhibition. Canada having decided to take part in the exhibition, it is very desirable that our exhibits should be the best possible.

If you want a nobby spring suit, go and see F. A. Munro's new suitings, and have your order with him. He guarantees satisfaction.

From all points in Manitoba and the Territories, reports have been received regarding the seeding operations; they are most favorable as compared with previous years, and an increase all round in the acreage of wheat is expected.

The total immigration to Manitoba and the Canadian Northwest from Jan. to 15th May, was 19,233. During the same period last year the immigration was less than 8,000.

The old country summer fairs this year will have a magnificent exhibit of strains, &c., from Manitoba.

According to the report of a C. P. R. official, there will be quite an exodus of Maine farmers this year to Manitoba.

The C. P. R. has been asked to consider the question of assisting in settling the vacant lands about Winnipeg.

HAMILTON L. MORROW, M. P. P., Boylston, N. S.—"Being troubled for years with sick headache I was induced by the solicitation of a friend to give you K. D. C. a trial. Its effect was almost magical and the relief from even one spell of sick headache is a boon that can only be appreciated by those who have suffered from it, scourge."

Local and Provincial.

Lost.—A parcel containing photographs of tombstones, also a black covered memorandum book. Will finder please leave at ACADIAN office.

Lieut.-Governor Daly and lady have been spending a few days at Kentville. During their stay Governor Daly enjoyed some very fine fishing on the Gaspeau River, part of two days fishing resulted in landing five fine salmon ranging from 7 to 11 1/2 pounds.

The exhibition given by the pupils of the Seminary, under the direction of Miss Hattie E. Wallace, teacher of education, on Friday evening, was well attended, and a very successful one. The whole programme was much enjoyed by those present, and showed that good progress had been made by the young ladies during the year.

The K. D. C. Co., of New Glasgow, have our thanks for a bundle of their show-cards. They are all of beautiful design, and are very artistic and pretty. This company claims to have a valuable remedy for dyspepsia and indigestion, and are not afraid to advertise it. The K. D. C. Co. is one of our most enterprising provincial industries, and deserves success.

The Juniors left on their regular yearly geological excursion on Tuesday. The steamer W. M. Wetherston, recently purchased by Messrs E. Churchill & Sons, had been engaged, and appears an excellent boat for the purpose. The company numbered eighteen, including Professors A. E. Goldwell and H. N. Shaw, the former being in charge of the expedition. They expect to return on Saturday.

The graduating class have selected the Olive Torbett Concert Co. for their concert, Thursday evening, June 21. Plans of ball will be seen and tickets secured at G. H. Wallace's, Wolfville; A. E. Calkin's, Kentville; A. D. Pagan's, Canning; and A. P. Shand's, Windsor. Price of tickets, 50 and 75 cents.

Large Ripe Bananas, Sweet Jamaica Oranges, Assorted Jams, Golden Fennel Haddies, Fresh Beef. Try our Choice Hams and Bacon. PRAT & COLLINS.

There was a good attendance at the adjourned school meeting on Friday evening last. The committee reported recommending that the school property be enlarged and a new building erected, to accommodate five departments; \$4,000 to be voted for the purpose. A further discussion of the report was adopted unanimously. If possible the building will be finished by the end of the summer vacation, and we will then have a school building to be proud of.

EDITOR ACADIAN.—I liked your suggestion that the citizens of our town make preparations for the approaching anniversary season of the College by tidying up their premises and making the appearance of the place attractive generally. Next week a large number of strangers will visit the town and it is highly desirable that Wolfville should appear to her best advantage. There is one further suggestion however that I should like to make. Within the last few weeks an ugly wire fence has been placed across the gateway of Willow Bank Cemetery which does not add to the beauty of these already neglected looking grounds. If it is necessary that the Cemetery of the town be thus barricaded, those who have it in charge might, I think, at least, remove this unsightly obstruction until after anniversary. I hope that this matter may receive the attention of those interested. A. CHIZEN.

Northwest Notes.

Maxim, the inventor of the Maxim gun, one of the greatest of American inventors, explains in the June Cosmopolitan how it is possible to build without further discussion a flying machine which will travel through the air at the rate of 100 miles per hour; this without the aid of any gas.

Garfield Tea is sold by all druggists. It is here at last.

Neary's Liniment.

Greatest Healing remedy known. Demand greater than the supply.

For Sale at G. V. Rand's drug-store.

Minard's Liniment cures Dandruff.

to Cash Customers.

PRAT & COLLINS,  
Wolfville, May 12th, 1892.

A. V. S. F. G. A.

At the appointed time, the 20th inst., as duly notified through the press and otherwise, the Association met in Vanbuskirk's Hall, Kingston, the president, A. C. Vanbuskirk, Esq., occupying the chair. After reading and confirmation of the minutes of the annual meeting in March, correspondence from Hon. L. E. Baker, Yarmouth, president and manager of the Y. and B. S. S. Co., was read, expressing a readiness to return all empires of small fruit packages over their line free of charge, and of affording every reasonable encouragement in the way of access to the Boston market via Yarmouth.

The motion passed at the March meeting, viz., "That we discontinue the advisability of putting a man in Halifax to handle our products" was then taken up, on which we had expressions from Jas. Gates, the mover, and G. C. Miller, L. R. Baker, Geo. McGregor, and some others; but the proposition did not appear to merit much favor, and was therefore dropped.

On motion, it was ordered that a quantity of stationary and appropriate printed headings be procured for use of the Society, and also to be supplied at cost to each of our members as wish it.

Some other business items were disposed of, and Mr Miller then called the attention of the association to the danger in importing cranberry pests, quite prevalent there, prominent among which is the "fire worm," which is very destructive to the plants and said to be proof against arsenical remedies, spraying with a dejection of tobacco being the only effective remedy known.

A considerable part of the time of the meeting was occupied in discussing the matter of the variety and various sizes of berry packages, careless or dishonest packing, variation in quality of fruit from different growers, etc., there being a variation in the size of packages used by different parties from an imperial quart down to less than a pint and a half. It was made manifest that those who use the under size packages and ship the poorer quality of berries realize equally as much per package as do those who use the full sized measure and fill it with the higher grades of fruit, from the fact, as shown, that our commission merchants in the city continue on a uniformity of price on each day's supply, and transfer to their respective patrons their consignments, good, bad and indifferent at the one uniform set price, leaving the retail dealers to grade the fruit at their pleasure and make their profits out of the full measure and honest packing, thus affording discouragements to honesty, while the reverse should prevail. Several suggestions were offered as a remedy for the prevailing wrong, including legislation, regulating the size of packages and imposing a penalty on those deviating therefrom. But it is believed that our consignees have it in their power, with due care and attention to these irregularities, to remedy them in a large measure.

On motion meeting adjourned.

JOHN KILLAM, Sec'y.

**DRESS-MAKING.**

Miss Davison has removed her Dress-making Rooms to the building occupied by Mr. P. J. Porter, next ACADIAN office, upstairs. Orders solicited.

**Free Farms in the Canadian Northwest.**

**Manitoba. Assiniboia. Alberta. Saskatchewan.**  
The Government gives one quarter section (106 acres) free to every bona fide settler. A second quarter section can be pre-empted by deferred payments.  
The Canada Pacific Railway Company has a large quantity of the best farming lands for sale at \$3.00 PER ACRE, with easy terms of payment.  
The Canada Northwest has the most productive soil in the world. Its wheat yields the highest price; its live cattle are admitted to the English market, while United States cattle are not. There is a market for the farmer at every station; and there are schools and churches wherever there are settlers. It is not subject to drought or floods, to grasshoppers, or to cyclones or tornados. Ask any Canadian Railway Agent for books and maps concerning it, ask for "Farming and ranching in Western Canada," or the "Free Farms" map, or "Actual Experiences," and read the testimony of men who have gone there from Eastern Canada. Young women are in great demand; they find occupation as domestics directly they arrive, and readily get married to prosperous young farmers. Young men or young women can start into there almost without money. They make the money there; an independence is gained in a year or two by the thrifty.  
The old settlers of Prince Edward Island should use their influence with the young men who intend emigrating to keep them within the Dominion, where they are offering better advantages than in the United States and do not lose their nationality.  
Lose no time in getting to the West and choose your location. First come, first served.  
Apply for particulars, price of tickets, &c., to your local ticket Agent or to
