

You Must Do More

It is not enough that you stop the cough, you must go back of the effect and remove the cause. Thousands subject to colds and coughs find that

SCOTT'S EMULSION

three or four times daily works wonders in building up resistance. Scott's derives its power to strengthen by its power to nourish the body. Better let Scott's Emulsion help remove the cause.

Scott & Bowne, Toronto, Ont. 19-27

Wanted: A Slugging Parson

"Wanted, a minister of the gospel for Athapuskow camp. Must be good poker player. No namby-pamby dude preachers need apply."

The above advertisement appeared recently in an eastern paper and a preacher answered it and asked for further details. The miners of the northern Manitoba copper camp replied to the effect that they wanted a 'he-man, who wears a mackinaw jacket and stuffs his pants in his boots, can paddle a canoe, play a good game of poker, and give a good account of himself in a knock down and drag out row."

That preacher was Rev. R. Arthur Basham of Columbus, Ohio. Mr. Basham believes himself possessed of most of the required accomplishments and says he stands ready to perfect himself where he is not yet adept. He also states that he would rather be "a Santa Claus to the bunch of miners in that Canadian copper camp than a minister to all the elders in Christendom," and he is going to Athapuskow. Rev. Mr. Basham was a circuit rider in northern Manitoba before he went to France as a Y. M. C. A. worker and knows exactly what he is going up against when he goes back there. Apparently he is made of the right kind of stuff and it goes without saying that he will give a good account of himself before

his mission has been completed. Here's wishing him strength in his right arm and power in his preaching.

Try This When Using Dripping in Cakes

Housewives frequently complain that cakes made with dripping usually taste of it. An exchange publishes a recipe to cure this, in a way which should be valuable in these days of high butter prices. Beat the dripping to a cream, and gradually add a teaspoon of vinegar, a drop at a time. This quite destroys the fatty flavor.

Healthy Children Are Happy Children

The well child is always a happy child—it is a baby's nature to be happy and contented. Mothers, if your little ones are cross and peevish and cry a great deal they are not well—they are in need of medicine—something that will set their bowels and stomach in order, for nine-tenths of all childhood ailments arise from a disordered state of the bowels and stomach. Such a medicine is Baby's Own Tablets. They are a mild but thorough laxative which regulate the bowels, sweeten the stomach, and thus drive out constipation, colic, indigestion; break up colds and simple fevers and make the baby healthy and happy. Concerning them, Mrs. Albert Hamel, Pierreville, Que., writes:—"Baby's Own Tablets are the best medicine I know of for little ones. They relieved my little girl from constipation when nothing else would and I can strongly recommend them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"Has this car got a speedometer?" asked an old gentleman of the auctioneer at one of the disposal board sales. The auctioneer was equal to the occasion and replied:

"At 30 miles an hour it exhibits a white flag, at 40 miles a red flag, and at 50 miles a gramophone begins to play 'I'm going to be an angel and with the angels dwell.'"

Why Some Towns Grow

The reason why some towns grow is because there are men of push and energy in them who are not afraid to spend their time and money to boom their town. They erect good buildings, organize stock companies and establish factories, work for public improvements and use every means in their power to induce people to locate in their city. Wherever they go they tell of the advantages of their town, they write about them in every letter, they send circulars and newspapers to all whom they can get to visit the town, and when anyone visits them treats him so kindly that he falls in love with them and their town at once. It is enterprise and everyone pulling together that makes a progressive town and don't let the fact escape your memory.

To hear every person saying something pleasant about its people and interests is the surest, quickest and easiest way to make a town attractive to a stranger. One of the best ways in which to make it attractive with that sort of attraction that will draw other people to it is for every man and woman to have a pleasant word for the people and the town generally. Talk up your town if you would have others come to you. Talk up your town if you would feel an interest in it, and have its people feel an interest in you. There is no better way to do it. And many a time one little word of unpleasant reference to something that does not exactly suit you and not particularly concern you as to that matter, will turn a good man's influence away from your town and may even drive him away. At your own fireside, talk up your town. Among your neighbors talk up your town. When you come in contact with strangers, talk up the most potent agency ever set in motion for helping your town.

Canada probably has in use a greater proportion of aluminium transmission lines than any other country. A recent survey by the Commission of Conservation shows that on all lines in the Dominion, operating at 10,000 volts and over, there are 13,000 wire-miles of aluminium and 8,000 wire-miles of copper.

Weather bulletins say December 1919 was the coldest December in 40 years.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my housework."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.

Every Sick Woman Should Try
