### POOR BLOOD BRINGS MISERY

Pale Faces and Pinched Cheeks Show That Dr. Williams' Pink Pills are Needed.

Anemia is written on the features of ninety women and girls out of every hundred. Unmistakable are the signs of poor blood. Dr. Williams' Pink Pills for Pale People is essential at all ages by the evils resulting from bloodlessness, from the girl who is weak and languid, with dull eyes, pale, pinched cheeks, flimsy appetite and palpitating heart, to the woman who feels never well, with gnawing pains in the back, aching limbs and nervous headaches. Dr. Williams' Pink Pills are specially valuable to women of all ages, for they possess the power of making in abundance the rich, red blood without which no woman can have perfect health. They fill the starved veins with new blood so that enfeebled bodies are strengthened, weak, nervous systems are fortified and robust health restored. Miss Rose D'Aragnon, Waterloo, Que., writes: "I was very poor, I was pale and suffered from frequent headaches; I was often dizzy and the least exertion would leave me breathless. I doctored for a day I read in the Waterloo Journal particulars of a case similar to mine cured by Dr. Williams' Pink Pills and I determined to try them. In a few weeks there was a decided improvement in my condition, and by the time I had taken seven or eight boxes I was again in the best of health, as any of my young friends."

Sold by all medicine dealers or by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### NEW SUIT TONIC

Smart Clothes Act as Strong Mental Stimulant.

"Very few men can do themselves full justice unless they are well dressed." This opinion was expressed by a well-known specialist in nervous and mental diseases. "A good suit of clothes," he said, "acts as a splendid tonic upon most of us." "The mere fact of being smartly dressed is a strong mental stimulant, and the man who is shabby and knows it, is often less capable than his well-dressed mental inferior." "To the average man shabby or ill-fitting clothes are a source of constant worry, which frets away his energy and takes the keener edge off his wits." "I most strongly condemn the practice of providing lunatics in public asylums with ill-fitting clothes, for the mentally afflicted, when recovering his or her reason, cannot but be worried and upset at having to wear what are very often grotesque costumes." "The general impression is, I think, a true one, that a man in a disgraceful hat, baggy-kneed trousers and a shocking coat who can appear quite self-possessed among a number of smartly-dressed people is either a millionaire or a man of extraordinary brain power." "Few men can get along successfully in life without the moral support of smart clothing."

### BRIGHT LITTLE ONES MAKE HOMES BRIGHT

Babies that are well sleep well, eat well and play well. A child that is not rest-checked and playful needs immediate attention, and in all the world there is no medicine can equal Baby's Own Tablets for curing indigestion, constipation, diarrhoea, teething troubles and the other disorders from which young children suffer. The mother who uses this medicine has the guarantee of a government analyst that it is absolutely safe. Mrs. J. L. Janelle, St. Sylvère, Que., says: "I find Baby's Own Tablets the most satisfactory medicine I have ever used for constipation, teething troubles and breaking up colic. Every mother should keep this medicine in the home." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### FROM A GOOD FAMILY.

He was a gentle specimen of his class than one usually meets, and when he made his appeal for something to eat at the kitchen door he was asked by the good-natured cook to come in by the fire. As he sat there she said: "You don't look as though you had always been a tramp." "I haven't," he replied, without offence. "I came from a very good family." She let him eat on without interruption, but when he had finished she said: "You say you come from a good family. May I ask the name?" "It was Blankley," he responded. "Why," she said, in surprise, "that's the name of the occupier next door to us." "Yes," he replied. "I noticed it on the door-plate. That's why I came from. He put his dog on me just before I called here."

### WHY HE FOLLOWED ART.

German Professor: "You come to me, my little man, I'll teach you to be a great musician. You are fond of music—yes?" "Little Man"—"Oh! I don't know—but I jolly well hate having my hair cut!" "An Army Contract." In a street of Edinburgh one day a dusty soldier went up to a little boot-black and told the boy to brush his boots and polish them well. The lad looked at the big Scot Gray and shouted blithely to another bootblack: "A magian's wife may have occasion to feel proud of his trickery."

### FROM BONNIE SCOTLAND

NOTES OF INTEREST FROM HER BANKS AND BRAES.

What is Going On in the Highlands and Lowlands of Auld Scotia.

The acreage of deer forests and lands devoted to sport in Scotland is 561,188, and the rental \$109,615. The assets of Dalkeith Public-house Company now amount to \$42,110. The profits last year were over \$1,100. A draft from the hackney stud at Thornhome, Carlisle, was disposed of recently, when 17 animals brought \$9,154. The Education Department of Kilmarnock has given a grant of \$44,000 towards the new technical school, half its estimate cost. Striving merchants are giving about \$500 a year for three years to a London publisher who is printing a "guide" for Stirling.

Col. Sir Robert Cranston, of Edinburgh, has been appointed to command the Lothian Brigade under the new territorial scheme. The late Mr. John Hankin, Coal-bridge, resided in the same house since the day of his marriage in 1850 till his death at the age of 85. The Secretary of State has appointed Mr. T. Douglas Dunn, M. A., English master in Bellouston Academy, Inspector of Schools in Bengal. Mr. James Coats, Jun., Ferguslie, House, Paisley, has presented a library of over 200 volumes, with a bookcase, to Westerkirk School.

Mr. Donald McCall, Jun., formerly of Glasgow Tramways Department, has been appointed general manager of the Shanghai Electric Tramways. St. Andrew's fishermen are having hard times. There is scarcely a fish to be got in the Bay. Since the New Year the takes have been very poor. General French inspected recently the Glasgow Boys' Brigade, when ten battalions of 148 companies—a total strength of 6,528—passed the saluting post.

The Scottish birth-rate for 1907 is said to be the lowest ever recorded. The number of births was 428,789, being 3,131 fewer than in the previous year. Mr. Robert Wight, Ormsville, Muirpark, Dalkeith, died recently in his 83rd year. He had for over half a century taken a prominent part in the affairs of the district. Sir Thomas Graham, Lieutenant-General in 1810, the hero of St. Sebastian, afterwards Lord Lynoch, and proprietor of Balmowan, in Perthshire, began life as a Leith merchant. While the family at a farmhouse at Leons, near Carrickmacross, were at dinner, the roof fell in. One member of the family was killed. The others were saved owing to the cross-beam falling obliquely across the place where they sat.

On a recent Sunday Wm. Howatt, beadle in the Parish church of Inverkeithing, called as usual for the minister's books to take them to the church. A few minutes after he had left with them he was found dead at the manse gate. At Glasgow Central station of the Caledonian Railway there is a new installation of the trolley signalling on the electro-pneumatic principle. It is the first of the kind in Scotland, and the interlocking frame is one of the largest in the country, there being 340 levers in operation.

### SENTENCE SERMONS.

You can be faithful without being frosty. The best way to work for a raise is to prepare your work. Preparation is the best prayer for success in any undertaking. He has no principal in heaven who has no interest in humanity. When a man knows he is a martyr you may know that he is not. The man who always is figuring for himself cuts a poor figure at last. Some men think they must be good because life tastes so bad to them. The best kind of a memory is the one that remembers the best things. You never will lighten the world by burning the candle at both ends. It's the religion you put out, not that you put on, that you really have. Idle moments are opportunities for investment or avenues for infection. Providence always seems unkind to those who insist on chewing their pills. Nothing dries up the heart quicker than bathing it in the mists of melancholy. Many churches are saying "Take our creed on faith and we will go to it blind as to your character." The sins you hide in the subcellar always are the ones that make themselves evident clear up to the attic.

### IMPRISONED EGYPTIAN WIVES.

Mohammedan Life on Country Estates—Desire for Farm Lands.

Some of the old-fashioned Egyptian squires who have been settled on their estates for a generation or two and farm their own land are much looked up to by their poorer neighbors and exercise a good deal of influence. The habits which belong to their condition, says the London Standard. I became acquainted with a patriarch of this kind who was an estimable old gentleman. He lived in a large, white washed, unadorned house, with big, bare rooms on the ground floor and latched apartments above in which his woman-kind lived. He told me, by the way, that his wife had never been downstairs or set foot outside the house, but never, in fact, moved beyond the confines of her second story prison for twenty-five years.

Merchants, tradesmen, officials like to invest their savings in real property. I met a young clerk in one of the public offices in Cairo who had been educated at an American mission school and spoke English well. He was three and twenty and of course married and a parent. He told me that he had saved enough out of his salary to have bought a small estate in the Delta. His wife and an uncle lived there and managed the farm, and he went down there himself during the long summer vacation when most of the Cairo offices go to sleep.

Everybody enters in a Egyptian town seems to have an interest in the land. The Berberne servant who acts as chambermaid in your hotel is probably the tenant of a tiny patch of earth, with a date palm and a mud hut, on which he labors during the summer and autumn, leaving his family to look after it when he comes down to Cairo to gather the piastres of the stranger in the cool season. And the trader who has made money will often own an estate worth thousands of pounds, left in charge of a nazar or huffi, whose accounts he will check from time to time. Such a man, when he retires from business, may himself set up as country gentleman, even as prosperous shopkeepers do elsewhere.

A man can have a good house and exhibit the outward signs of wealth with the certainty that his superfluity will not be squeezed out of him by the tax collectors or extorted from him as bribes by the realizers of the Pasha. It is no longer necessary to conceal all evidence of means, live in ostentatious penury, and bury your money if you have any in a hole in the earth.

### Clergyman Creates a Sensation.

Tells His Congregation There is a Cure for Drunkenness.

It is generally admitted among medical men, that drunkenness is a disease. Some modify this by saying that it is a sign of weak will power. Now, weakness is dangerously near disease. As the taste for liquor is a disease it is only necessary to find the proper cure, to rid of it. A well-known Methodist divine, interested in the cause of temperance, made it his business to find out if any cure for drinking has been discovered. This is an extract from one of his sermons on Temperance: "I find that the use of Samaria Remedy for the cure of drunkenness is steadily increasing. Wives—who wish to win back their husbands—and mothers—who long to redeem their sons—are giving Samaria Remedy to the wayward ones, in tea and coffee. Those who have relatives or friends who hold that they need help to shake off the fcol of the demon, run, buy Samaria Remedy. In the alcoholic wards of the leading hospitals, Samaria Remedy is ordered for those who express an earnest desire to stop drinking. It tells me to say that Samaria Remedy is doing a grand, good work and has my hearty blessings for saving so many from life-long dissipation and degradation." Free Sample and pamphlet giving full particulars, testimonials and price are sent in plain sealed envelope. Correspondence sacredly confidential. Enclose stamp for reply. Address The Samaria Remedy Co., 30 Jordan Chambers, Jordan St., Toronto.

### ANCIENT HISTORY.

"No," replied the mother, sorrowfully, "my daughter didn't pass at all. Maybe you won't believe it, sir, but when examiners asked the poor girl about things that happened years and years before she was born." A Purely Vegetable Pill—Parnellee's Vegetable Pills are compounded from roots, herbs and solid extracts of known virtue in the treatment of liver and kidney complaints and in giving tone to the system whether enfeebled by overwork or deranged through excesses in living. They require no testimonial. Their excellent qualities are well known to all those who have used them and they commend themselves to dyspeptics and those subject to biliousness who are in quest of a beneficial medicine.

### NOT FOR HIM.

Dr. Fissick—"Well, yes, I suppose you should take some mild tonic." Guzzle (eagerly)—"How about beer?" Dr. Fissick—"Oh, no; not that Teutonic."

### A DELICATE TOUCH.

Old Miss Bugbee was very deaf, and very sensitive about her infirmity. Such was her natural cleverness and ingenuity, however, that she usually escaped checks for her deafness, and she always so vehemently scorned ear-trumpets and devices of mechanical nature that her friends no longer dared to suggest them to her. But on one occasion things went not according to schedule. "She came in to borrow magazines yesterday," said Mrs. Russell, who lived next door, "just after the piano-tuner had gone. He'd been here all the morning, making such an outrageous racket that I felt sure even Miss Bugbee would be annoyed. But she hadn't been, not a mile." "I said to her, 'Miss Bugbee, I wish you could hear my daughter Sarah play some time. We all think she's improving.'" "I just meant I hoped she'd drop in some time when there were folks here, and we were having music. But she charged I meant I was sorry she couldn't hear. Did you ever?" "Well, she up and remarked, very loftily indeed, 'I think she's improving, too, Mrs. Russell. I was going by this morning, and I heard her playing way out on the sidewalk, and she seemed to have real touch—real touch!'"

### CIRCUMSTANTIAL EVIDENCE.

Master of the house (finding one of his silver spoons on the steps after a reception)—"Hm! It seems one of my guests has a hole in his pocket!" Parents buy Mother Graves' Worm Exterminator because they know it is a safe medicine for their children and an effective expeller of worms.

### Fever the Cause of the Tropics.

In the slow and tedious recoveries from this and all other diseases "Ferrovin" is the best tonic. Remember the name, "FERROVIN."

### STRIKING AN AVERAGE.

The children were not allowed in the kitchen, but nobody had ever forbidden their sniffing outside the door to catch the delicious odors which could be obtained by a close application of a small nose to a crack. "Why, Ethel," said Mrs. Harwood, who discovered them in the entry just outside the kitchen-door one Saturday morning, "why are you twitching Tommy and slapping him?" "Cause he isn't playing fair, mother," said Ethel. "He's had five smells and I've only had four, and it's my turn." "I am, too, playing fair," asserted Tommy, his utterance smothered as he again applied his nose to the crack. "I've got an awful cold, and I can't smell half as much as she can!"

### "CENTRIFUGALIZED MILK."

Japanese English as It is Printed in a Kobe Newspaper.

If you don't know what "centrifugalized" milk is go to Kobe, Japan, and there sit at the feet of Taisano Hanamiya, "dealer in milks," and drink in wisdom spiced with sweet phraseology. Here is an advertisement sent out by Mr. Hanamiya and copied in an English newspaper published in the Japanese port.

I have the honor to write a letter for you that we have now established the Japan Milk Sanitary Laboratory and its branch or special milk delivering office, as which caused our dairy men are very poor to deliver an unsanitary or tuberculous and even bad cow's milk bacteria and milk constituents before their delivering and even for their cow's health, under and food, and in this branch or milk delivering office their pure milk is again filtered through pass the Burdo's method's apparatus till the air bacteria is all out, and we can deliver their pure milk with the satisfactory proof, as the seal is on the bottle, and your drinking milk or city's milk is all about when danger comes, air bacteria, but you are very hard to see them well with your naked eyes, and if you can often through pass the flame or cotton covered with linen or if it be centrifugalized which is very easy well to see with naked eyes if always. I beg if you are sanitary man or baby and sick-man have, you must have the pure sanitary milk and take your health. If you can make me for order to have you should come write me without your servant or make your order for my delivering boy who can always ask you. Please make me your order with kind regards.

A Medicine Chest in Itself.—Only the well-to-do can afford to possess a medicine chest, but Dr. Thomas' Electric Oil, which is a medicine chest in itself being a remedy for rheumatism, lumbago, sore throat, colds, coughs, catarrh, asthma and a potent healer for wounds, cuts, bruises, sprains, etc., is within the reach of the poorest, owing to its cheapness. It should be in every house.

### KNOW BY EXPERIENCE.

Mr. Bach—"I have my doubts about this idea that the more you give away the more you have." Mr. H. Phosphate—"No question at all about it. I gave away my daughter two months ago and now she's returned to me with her husband."

Mirrors are a nuisance in the house of a man whose face is branded with scars. His own reflection shames him. Let him anoint his skin with Weaver's Cerate and purify his blood with Weaver's Syrup.

### EASY.

Wig (yawning in the Law Courts' corridor)—"I can always tell by the footsteps outside my door whether a client or a dun is coming." Gown—"How?" Wig—"Easily. No clients ever come."

They Never Know Failure.—Careful observation of the effects of Parnellee's Vegetable Pills has shown that they act immediately on the diseased organs of the system and stimulate them to healthy action. There may be cases in which the disease has been long seated and does not easily yield to medicine, but even in such cases these Pills have been known to bring relief when all other so-called remedies have failed. These assertions can be substantiated by many who have used the Pills, and medical men speak highly of their qualities.

### BELONG TO THE UNION.

The Monkey—"I'm going to move to the city next week." The Ape—"What are you going to do when you get there?" The Monkey—"Act as cashier for an organ grinder." Dr. J. D. Kellogg's Dysentery Cordial is compounded especially to combat dysentery, cholera morbus and all inflammatory disorders that change of food or water set up in the stomach and intestines. These complaints are more common in summer than in winter but they are not confined to the warm months, as undue excess of the bowels may seize a man at any time. Such a sufferer will find speedy relief in this Cordial.
