The Dunkin Bill has been defeated in the township of Augusta, Grenville county, by 300 votes.

A by-law was voted upon in Sarnia, on Friday, to do away with saloon licenses, which was carried by a majority of 100.

A destructive fire occurred at Wallaceburg last week, destroying Colenbah's hardware and Little's grocery and dry goods stores. Loss about $13,000.

A man named Mitchell has left Collingwood for Ireland to claim a fortune of $11,000 to which he has fallen heir in that country.

Dr. Caven, of Knox College, Toronto, was elected Moderator of the Canada Presbyterian Assembly at Montreal, and the Rev. Principal Snodgrass was elected Moderator of the Church of Scotland.

Mr. John Wyckoff of London, the other evening, was removing a broken handle from the head of an axe with a small hatchet, when the head flew off, striking his little boy who was standing by in the mouth, and cutting into the gums.

In London recently a little boy named Boyes was severely burnt by a quantity of boiling tar falling upon him from a pail as he was passing underneath. The man who spilled the tar, John Brennan, was arrested, but on its appearing that it was an accident he was liberated.

At St. Catharines, on the 8th, while out boating Mr. Lucius Barnes, a member of Herndon's Opera Troupe, accidentally shot a boy named Murray. He drew his revolver to shoot at a mud turtle, but it did not go off. While examining it, it went off, and the ball entered the boy's side, inflicting a dangerous wound. Barnes was arrested, but was released on his own recognizance to appear if wanted.

A fatal accident occurred in London, on Thursday, resulting in the death of a labouring man named McNeil. He and other two men were repairing a drain, when by some mischance a ton of earth caved in upon them. McNeil was completely buried, while the other two were partially so, and escaped with slight injuries. When taken out McNeil's back was found to be broken, and he breathed his last immediately on being liberated.

A daring attempt was made in Hamilton, the other morning, to destroy by fire the premises of Mr. O. Hooper, baker, on the bay, between Market and King streets. When Mr. Hooper went into the alleyway at half-past four he discovered that a heap of rubbish piled against the wooden shed was on fire, and the flames were fast spreading upwards, one board having ignited. He at once procured water and succeeded unaided, in extinguishing the fire.

A grand cricket tournament will begin in Ottawa on the 1st of July. Clubs from Toronto, Hamilton, Montreal and other places have entered the lists. A prize bat will also be given to every batsman scoring fifty runs in a single innings.

## COLBORNE.

COUNCIL MEETING.—The Municipal Council of Colborne met in Maitlandville, on the 8th June, 1875. The Reeve in the chair, members all present. The contract for clearing Dunlop's hill of the rubbish was let to Wm. Young for the sum of $45, the work to be done on or before the 22nd June. The Reeve and David Fisher reported that the side road between lots 5 and 6 between 6 and 7th concession required repairing. It was moved and seconded that the sum of $75 be expended on said road.—Carried. Application was made to have the road between lots 10 and 11 from the 5th to the 4th concession repaired. It was moved by David Fisher sec. by Patrick Carroll, that $150 be appropriated to repair said road, and that the Council meet at Hamilton's corner, on June 19th at the hour of 2 o'clock p. m. for the purpose of letting the above work, the whole to be let by public auction on the ground.—Carried. JOHN A. MCDONAGH, Clerk.

## SEAFORTH AND VICINITY.

SUDDEN DEATH AND CORONER'S INQUEST.—On the 11th inst., Mr. Wm. McKenzie, an old and respected resident of Tuckersmith, dropped down dead in his barn. His son and daughter shortly afterwards laid information before Dr. Campbell, of Seaforth, Coroner, requesting him to hold an inquest at his earliest convenience. Accordingly the Doctor held the inquest the same evening at 6 o'clock, when after three hours investigation the jury returned the verdict "that the deceased Wm. McKenzie came to his death from disease of the heart." The deceased was buried on the 12th inst., his funeral being largely attended. About three years ago Mrs. McKenzie dropped dead at the dinner table and information was laid before Dr. Campbell, but he knowing that she had heart disease and anticipating her death, ordered her to be buried without an inquest. It seems, however, that some slurs have been thrown out against the family on account of their mother's sudden death, so when their father died the family determined to have an inquest so as to clear the matter up and prevent any reflecting in the future. They accordingly requested Dr. Campbell to hold the inquest as above stated.

STILL UNFORTUNATE.—Mr. P. Volmar, who was sick for quite a while in the spring and afterwards got caught in a circular saw, got bit by a dog on the 14th inst. Misfortunes seem to follow people in this world as sparks are inclined to fly upwards.

A GOOD OPENING.—There is a good opening for an enterprising marble manufactory in Seaforth. One with a moderate capital would undoubtedly do well here.

SUPPER.—A complimentary supper was given on the evening of the 11th inst., in Sharp's Hotel, to Messrs. Bell, Meyers and Scott. The spread was excellent, the attendance good and the night spent was a happy one. Mr. T. Bell and Mr. Walter Scott leave for Wingham, and Mr. Meyer leaves on a tour to Europe. The good wishes of many will attend them.

## DUNGANNON.

EARLY CLOSING.—I informed you some time ago that the merchants of this place came to an agreement to close their respective places of business at the hour of seven p. m. I cannot say that it has been carried into effect. We regret that the northern end wavered so soon in their resolution, but we suppose the temptation to burn coal oil was irresistible.

NEARLY A FIRE.—We had a narrow escape from fire on Friday, 11th inst.—It seems some shavings caught fire in an old shop of Mr. Thompson's, and had the discovery been delayed five minutes the eastern portion of the village would have stood a poor chance of escape from fire. As it was nothing serious happened.

BASE BALL.—A base ball match was played on Saturday, 11th inst., between a nine picked from the scholars attending school and the Blue Oak club of this place, which resulted in the defeat of the scholars. Score—Club 34, Scholars 19. The scholars did well for boys, and they count themselves the best in their township.—COM.

GODERICH, JUNE 16, 1875.

## The Presbyterian Union.

Yesterday was announced as the day on which was to be consummated the union of the four branches of the Presbyterian Church in Canada. During the past week the Assemblies of the various bodies have been prosecuting the business of their separate churches preparatory to entering into the union and participating in the solemnities of the great occasion. During the transaction of the general business of the Assemblies the union question called for very slight discussion, the matter having become a settled fact, and the only important allusions thereto being communications from one or two ministers who wished to express their dissent to the union. The feeling upon the question seems harmonious in every sense of the word, the slight objections of some which originated from old associations and life-long training giving way before the pressure of popular feeling and the unimpeachable arguments of the question, only a mere shadow of opposition remains which will exist until a new generation takes their place. The illustrious example of the Methodist church paved the way to the successful adoption of a similar scheme in the Presbyterian church, and Tuesday the 15th of June is thus constituted an important and memorable day in the history of the latter body.

To the older members of the church who have witnessed the stormy dissensions between the Free church and the "Auld Kirk," the day will be especially notable. It seems strange to think that differences of opinion on church matters should have awakened such feelings in the hearts of church adherents as it did in those days, when even family ties were torn asunder in the heat of discussion and friends were made enemies. None but those who participated in those days and their events can conceive of the bitterness and depth of feeling which existed, and to them will the occasion recall to mind the unhappy disruptions in past days with the many incidents connected therewith, and the binding together of the dissevered members appear to them as dreams. None can look upon the long career of the Presbyterian church, its many trials and the many difficulties and dissentions through which it has passed without remarking upon the importance of the union, and the spirit which characterizes the union of the separate bodies to bury the record of the past in oblivion and set forth upon a new career of usefulness in the future. Unity and brotherly love are essential ingredients of christianity, and how it is that these bodies have kept so long disunited would seem strange to persons unacquainted with the intensity of feeling that has become inherent in Presbyterians through the many trials of the church; but the supremacy of the great principle of union manifests itself to the uprooting of prejudice and clanishness. Our many readers will echo the sentiment when we wish that the Supreme blessing may be vouchsafed to the united Presbyterian church, and may peace and harmony ever remain with it as with every religious body.

## The Election Trials.

The North Perth election trial took place at Stratford on the 7th inst., and resulted in the unseating of Mr. Monteith, the Conservative member in the Commons. The respondent had confessed bribery by agents, but it was necessary to have sworn evidence of the same and for that purpose one witness was examined, who testified that he had been offered $50 for his vote by an agent of Mr. Montieth. Of this sum he had collected only $15. The full amount of the bribe was sued for through the Division Court some time ago, but the suit failed. The Judge in declaring his decision declared that there was no instance of of personal bribery on the part of Mr. Montieth, and that corrupt practices had not extensively prevailed.

The Conservatives have met with another disaster in the case of West Elgin. Thomas Hodgins, Q. C., the unsuccessful candidate in the late election and the Reform candidate, petitioned for a scrutiny of votes and claimed the seat, which had been given to Mr. M. G. Munro. The investigation opened on Monday of last week and closed on Wednesday, when Mr. Hodgins was declared to have a majority of eight votes, and was therefore the proper representative. Several votes were struck off during the scrutiny on grounds of treating, alienage, bribery and want of property qualification. A number of witnesses were examined, when bribery was proven against one of the agents of the respondent. The result of this trial clears up a matter which caused much surprise at the time of the election. The Reformers of West Elgin were much surprised at the result of the election, but not more so than their opponents, who felt themselves unexpected victors. This case, which the leading Tory paper says was brought to the above result through the inefficiency and tinkering of the Judge, gives a creditable gain to the Reform party, not in the matter of numbers, but in argument to meet and refute the sanctimonious talk and unpleasant charges made upon the party by the Opposition.

Still another Conservative has been added to the list of rejected ones—Mr. McIntyre, of Cornwall, recently elected to a seat in the Local House. The election was voided on the evidence of the first witness who, as an agent, was proven guilty of an attempt at bribery. The Judge gave decision accordingly, saddling the costs of the case upon the respondent.

QUEBEC ELECTIONS.—The Lieut-Governor has issued his proclamation dissolving the present House of Assembly for Quebec. The nominations for the new election takes place on the 30th inst., and the polling in contested constituencies eight days after. The writs were issued on Monday, and the elections will be held simultaneously throughout the province on the 30th of June, except in the counties of Chicoutimi and Gaspe which elections will be held fifteen days later.

IN the case of the petition against the return of Mr. Tajoie, the Liberal member for St. Maurice, the election has been declared valid, and the Conservatives go sorrowing. In Perth the petition against the return of D. D. Hay has been dropped, the petitioners declaring that they can find no evidence against him.

## The Spelling Match.

The second spelling match of a public nature which has taken place in town came off in the Oddfellows' Hall, on Tuesday evening of last week. Quite a large audience assembled to see the sport, and they evidently enjoyed the unfortunate and unsuccessful efforts of the contestants. Mr. J.R. Miller, Public School Inspector, was chairman, and acted as enunciator, Messrs. P. Adamson and A. M. Ross acting as referees. Mr. H. I. Strang, the leader and representative of the teachers and whose challenge the "spelling citizens" had accepted, brought forward a full complement of spellists, whilst the citizens failed to muster in full strength. After the entertainment had been formally opened by a piece of music from the Silver Cornet Band which had kindly volunteered its services, and singing by the choir of the Young Men's Christian Association, Mr. Miller made the announcement so familiar to all, "School's in," and all was attention. The following constituted the sides, divided into two classes each:—

| Teachers—No. 1. | Citizens—No 1. |
|---|---|
| Miss Moore, | Mr. Mason, |
| " Hardy, | " Hick, sr., |
| " Taylor, | " Robertson, |
| " Trainer, | " Campbell, |
| " E. Donogh, | " Ball, |
| Mr. Strang, | " Rothwell, |
| " Annis. | " Wade. |
| No. 2. | No. 2. |
| Miss Dixon, | Mr. McFadden, |
| " Skimmings, | " Hick, jr., |
| " Rothwell, | " Holmes, |
| " Kirkbridge, | " Hayden, |
| " E. Donogh, | " Dickson. |
| Mr. Moore, | |
| " McBride, | |
| " W. R. Miller. | |

Messrs. Robertson, Mason and Ball were recalled to fill up the second class on the citizens' side.

The first round of words fell harmlessly, except in the case of Mr. Wade who spelled himself down intentionally so that he might join the audience and appreciate the fun. Mr. Hick, sr., failed on exuberant, although it was a nice word to get. Indispensable made the first vacancy in the ranks of the teachers. Mr. Robertson lost his place on phthisicky, and Miss Trainer showed him the correct spelling. Miss Hardy followed on phenomenon, and after some good spelling and appeals to the dictionary on words spelled by Mr. Mason and Mr. Annis, Miss Trainer went down on subsidiary. Mr. Campbell was unfamiliar with the orthographical construction of promissory, and consequently took a back seat after having acquired a lasting knowledge of the word. Miss L. Donogh failed on pertinaciously and retired amidst applause. Mr. Ball 'melted in oblivion' on the word liquefy though nobody blamed him for having an eye (i) to spelling it correctly. Mr. Mason stumbled on epitome but corrected himself, and was permitted to remain, but came to grief on ambergris by spelling the last syllable "grease." Mr. Rothwell spelled belligerent with an a in the last syllable which was pronounced wrong, but an appeal to the dictionary proved both spellings correct. After some little further spelling, the alloted 20 minutes was announced to have expired, Mr. Rothwell alone standing on the citizens' side and Miss Taylor and Messrs. Strang and Annis on the Teachers' side.

After some music had been furnished by the choir and band, the second classes were called to the front. Every one seemed well acquainted with the dictionary, and the enunciator began to grow anxious for an intermission to permit some one to retire. The relief came suddenly when the word commissariat caused Messrs. Hayden and Hick, jr., and Misses Skimmings and Dixon to retire. Mr. Miller shouted hollos in a manner to disconcert some of the spellers, and Mr. Helmes of the Citizen's side and Miss Kirkbride and Mr. Moore of the Teacher's retired in consequence. Apropos was too much for Mr. Robertson and Miss E. Donagh put in a double p in the first syllable. Mr. McBride couldn't see to put a c in the first syllable of arctic, and was politely invited to enter into retirement, A little excitement was aroused at this stage, the sides standing, two to three, in favor of the Citizens. Miss Rothwell and Mr. McFadden spelled ascendancy with an e in the penultimate and retired, but a referance to the dictionary brought them back amid loud applause. Mr. Miller spelled barrenness with a single n and he retired leaving Miss Rothwell alone to oppose three young men whose gallantry prompted them to spell themselves down, but their ambition induced them to remain. Quite a number of words were announced without effect, until suffragan led Miss Rothwell and Messrs. Dickson and McFadden away to the cold shades, leaving Mr. Mason and the citizens victors.

During the intermission which followed, Master Willie Pasmore, a smart little lad, gave a humorous recitation in a manner to excite considerable admiration. His effort was greeted with loud applause and a vigorous *encore*, to which he responded. The choir also sang a piece of sacred music in good style, Miss Barnes presiding at the organ with her usual skill.

The veterans of the fight were then called upon to settle the contest and Messrs. Mason and Rothwell responded for the Citizens and Miss Taylor and Messrs. Strang and Annis for the Teachers. The spelling which followed was very good, but Mr Rothwell went from the arena to be haunted by the word erysipelas, and Mr. Mason, looking upon defeat as inevitable, spelled collectible wrong, leaving the three teachers still standing. The result was greeted with great applause.

The hour being comparatively early a scratch match was proposed between the ladies and gentlemen, and a match resulted of a very interesting character As the young men went down, each declared that he had been actuated by gallantry, and that when a word was given them which they were sure the young lady opposite was acquainted with, they intentionally spelled it incorrectly. It may have been so, but when the twenty minutes had expired it was undeniable that the gentlemen were badly beaten, Misses Rothwell, Taylor and L. Donagh being left against Mr. Annis. The words missed were as follows:—

Kerosene, Mr. Humber.
Homogeneousness, Mr. Moore.
Millennium, Mr. Mason.
Ipecacuanha, Mr. McFadden and Miss E. Donogh.
Hygiene, Miss Hardy.
Promissory, Mr. Dickson.
Reverie, Miss Skimmings.
Catechetical, Miss Kirktride.
Repentant, Miss Dixon.
Schism, S. Hick, jr.
Suffragan, Miss Moore.

The proceeds of the entertainment were kindly voted to the Young Men's Christian Association, for which they wish to return their thanks to all who assisted in the carrying out of the programme and to those who by their attendance gave pecuniary assistance.—The sum of $26.84 was realized.

THE following statistics of the various Presbyterian churches may not be uninteresting in view of the union consummated this week:—

Canada Presbyterian Church — 388 ministers, 728 charges, and 50,702 church members.

Presbyterian Church of Canada in connection with the Church of Scotland —141 ministers, 196 charges, and 11,487 church members.

Church of the Lower Provinces—124 ministers, 155 charges, and 13,401 church members.

Church of the Maritime Provinces—31 ministers, 50 charges, and 4,970 church members.

The sum total of the United Church will therefore be:—634 ministers, 1,129 charges, and 90,653 church members.

THE organs of the Opposition are very anxious to reconstruct the Ontario Cabinet, and taking the vacancy in the shrievalty of Wentworth as their cue, have announced all manner of probable changes in the personnel of the Government, having named Mr. McKellar as the candidate for the vacancy. Many others have been named as positively selected to fill the vacancy, and the Hamilton Times has estimated that fully a dozen persons have been thus nominated. It is amusing to see how gossipy the Tory papers have grown lately, and how strangely their "reliable information" conflicts. A good evidence of the untruthfulness of such rumors is the announcement of them as facts by the Opposition organ-in-chief, and this rule will be found to work infallibly as a test in such matters.

ANOTHER terrible disaster has occurred in the Gulf of St. Lawrence, in the sinking of the steamship *Vicksburg* of the Dominion line, on June 1st. She struck a partially submerged iceberg, and was so badly damaged that she sunk in about fifteen minutes. There were 32 passengers and a crew of 60 men on board, of whom only fourteen are known to be saved. The vessel was about 120 miles from land, and the boats which left the vessel are supposed to have been lost as nothing has been heard of them, with the exception of one containing nine persons picked up by a fishing vessel and brought to St. Johns, N. F.

Eleven received the perfect mark in spelling, and 22 received over 75 per cent. in grammar. The percentage reached by all pupils in English course, 66; in Classical course, 78.

This report shows very creditably for the standing of the schools in Huron, and the county can safely challenge the country to show a better or even as good a calendar.

The Grand jury handed in a *true bill* in the case of the *Queen vs. Harry Reid* for unlawfully and maliciously wounding Frederick Hutty. A bench warrant was issued and Reid arrested and arraigned, he pleaded not guilty and on application of his Counsel, Mr. Cameron, the trial was put off till next Court and the prisoner allowed to go on giving bail to appear when called on, himself in $400 and his brother and brother-in-law in $200 each.

The Grand Jury were discharged after making the following presentation.

County of Huron, } The Jurors for our
To Wit: } lady the Queen beg

leave to present. That they have visited the jail and find every thing clean and in good order, except one cell damaged by a lunatic, and beg to suggest that two rooms be prepared, one for male and one for female lunatics, and also that proper steps be taken to have the two lunatics now in jail removed to the Asylum, where their unfortunate state can be better looked after than in a County jail.

They are glad to find so small an amount of crime in so large and populous County as Huron. They join your worships in your expression of sorrow at the death of Daniel Lizars Esq., who so long and so ably filled the office of the Clerk of Peace first for the United Counties of Huron, Perth and Bruce, then the Counties of Huron and Bruce, and lastly for the County of Huron.

All of which is most respectfully submitted.

H. COOKE.
Foreman.

Grand Jury Room,
Goderich, June 10th 1875.

This closed the general business of the Court.

Mr. Detlor then moved, seconded by Mr. Ritchie, that Harry Reid be dismissed as constable of the County and crier of the Court, the Judge and Mr. Allen and Mr. Adamson concurring. A copy of the presentment to be sent to the Clerk of the County Council.

Moved by Mr. Allen, seconded by Mr. Ritchie, that James Addison be appointed crier of the Court. The following gentlemen were appointed Constables: James Balkwell of Exeter, Lachlan McLean and Alex. Calder of Turnberry, Henry Washburn of Henfryn in Grey, Henry Brown of Usborne, Daniel Fryfogle of Howick and John H. Angus of Brussels. The Court and Sessions then adjourned.

## Town Council.

Council met on Friday evening last, all members present except the Mayor and Reeve. On motion the Deputy Reeve took the chair.

Communication from the Mayor of Stratford, inviting the Mayor and Council to be present at a display of fire engines in that town, on July 1st. The Clerk was instructed to reply thanking the Mayor for the invite, and to state that neither the Mayor nor Council could go.

Communication from the Minister of Public Works was referred to the Harbor Committee.

Report of the Finance Committee recommending the account of H.W. Ball to be paid, was adopted.

Report of Public Works Committee was adopted, awarding the contract for the main sewer to John Runciman at $2.50 per rod, to Messrs. D. Reed, J. Hyslop and McKinnon for grading and gravelling Harbor lane for the sum of $334 and to Thos. Johnston for building small drains at $2.35 per rod.

Report of the Fire Committee recommending that $100 be appropriated for the purpose of paying 10 men to act as a fire company during the year, being $10 to each man, on condition that he attends every fire during the year; also that $20 be appropriated for payment of an assistant Engineer and fireman for one year, to be paid on receipt of a certificate from the Engineer that they are entitled to the same; also that an inducement be offered to parties to form a hook and ladder company; also stating that a hose reel has been bought for $237.61. Mr. A. Watson thought that each man should be bound to turn out to every fire if they are to be paid. Mr. Finlay suggested paying each man $1.50 or $2 for every fire attended. Mr. Smaill did not see how it was going to be arranged where a member did not turn out and the Captain called on another man. Mr. Savage said that Captain Dancy would keep an account of every man who turned out at each fire during the year, of the 10 men so selected, and any one who was absent would not be entitled to pay. The chairman suggested that the report might be amended, that at present it recommends $10 to be given to each man, Report laid over till next meeting.

Mr. Savage said that reports had gone through town reflecting on him for purchasing the hose reel and that the price paid was too high. He pointed out the fact that no manufacturer in Goderich could make such a hose reel for the same money, and contended that it was well worth the amount paid for it. The Council appeared unanimous in the same opinion.

Petition from H. Cooke and others was received and filed.

By-law No. 7, giving leave to Messrs. Secord and Cozzens to extend the G. T. R. track as explained in last weeks SIGNAL, was read a first and second time and the Council went into committee of the whole, Mr. Smaill in the chair, and they proceeded to read it a third time. Mr. Seymour thought Messrs. Secord and Cozzens should give a bond to fulfill what is required of them, and, in case they should leave, to take up the track and leave the street in proper repair. Mr. Campbell thought this was unnecessary, that the expense spoken of would be very trifling even if the town had to pay it, and as Messrs. Secord and Cozzens were doing so much for the town they ought to be dealt leniently with and encouraged. The committee rose and reported and the Deputy Reeve resumed the chair, when the By-law was laid over to next meeting.

Mr. Campbell read a letter from the Town Treasurer asking instruction as to the payment of a difference claimed by the Bank over and above what they asked at first in the settlement of half years payment on Town debentures. Referred to Finance Committee with power to act.

The Clerk asked for a leave of absence from 22nd inst to July 3rd to attend the Military camp in Guelph—Granted.

Mr. G. B. Johnson moved, seconded by Mr. Finlay, That Mr. Hood be instructed to put up seats under the trees in the square, for the purpose of inducing people to sit there instead of blocking up the public walk in front of the hotels.—Carried.

Mr. Graham asked the Council to grant one half the expense of a small drain through a portion of Cameron Street, and stated that the ratepayers in that vicinity would pay the other half, Mr. G. W. Johnston seconded the motion and it was referred to the Public Works Committee to act.

Mr. Sloan called the attention of the Public Works Committee to the fact that Mr. Smeeth will pay $40 towards the building of a tank near his mill. Mr. A. Watson called attention to the large breach on harbor hill and stated that the Government would pay one half the expense of filling it, and that gravel could be got for 7½ cents a square yard

Mr. Savage said he was requested to ask the Council to appropriate one half the expense of watering the streets round the square, but the Council thought it ought to be done by private subscription.

Council adjourned to next Friday evening when the general town By-laws will again be taken up.

## CLINTON AND VICINITY.

Mr. Thos. Emerson, Hullett, had fifteen sheep and lambs worried by dogs, on Saturday night last.

On Saturday last a number of men were employed getting out timber on the farm of Mr. Dingwell, two miles north of Blyth. One of them, named Thos. Thornton, to give force to his blows, swung his leg behind him, when the axe of the man score hacking behind, came down with fearful force on the calf of his leg, almost severing it. Dr. Sloan dressed the wound. As all the main arteries are cut and the bone bruised, the foot died and mortification set in, and it is expected he will lose the limb.

A short time ago three young men named Hawson and James, of Hullett, and Craig, of Goderich township, left here for California, with the hope of bettering their condition in the land of gold. After arriving in California, they found thousands of unemployed men there, who had been deluded with the same hope as themselves, and were, of course unable to find employment. They proceeded to British Columbia, but with what success their further journey has been attended, we have not yet learned.—*New Era.*

Notwithstanding that men of all classes have been set to work upon the London, Huron and Bruce Railway, the cry is still for more. We learn that there are representatives from almost all trades and professions handling the spade on this line, such as reporters, printers, painters, telegraph operators and numerous mechanics, so that none need complain of the lack of opportunities of earning an honest living. Any one that can do a moderate day's labor with the spade, can make his $7,50 a week. Teams, also, are in great demand, if only a smart youth is provided as teamster.

## LUCKNOW.

A spelling match took place in this village on Tuesday evening of last week between fifteen young ladies and fifteen young gentlemen, resulting in a victory for the latter, Mr. Chas Kennelly being the champion.

An exceedingly fine span of horses, the property of Mr. Michael Kenny of Kinloss ran away in the village on Wednesday, and coming in contact with a telegraph post one of them was instantly killed. The owner had been offered a short time before the sum of $150 for the animal.

Mr. James Maher left here last Wednesday morning, having remained here a considerable length of time visiting his friends. He takes with him the good wishes of many in this part,

## LOCAL NEWS.

STRAWBERRIES.—Mr. Vivian received the first strawberries of the season this year, and sold quite a lot of them last week.

NO SERVICE.—There will be no service in St. Andrew's Church next Sabbath, in the absence of Rev. Mr. Sieveright.

ENLARGEMENT.—Messrs. Whitely & Elliott have greatly enlarged their store, and have added "provisions" to their former stock of trade.

SUMMER HOTEL.—An important meeting of the stockholders in the Summer hotel company will take place in the Town Clerk's office on Thursday evening.

PERSONAL.—Mr. McBride, assistant teacher in the High School, passed his second year university examination in the Toronto University with credit, standing fourth in the class.

MESSINA LEMONADE POWDER.—We are indebted to Mr. John Bond, druggist, for a package of this excellent and handy article. It makes a very pleasant beverage, and is made without trouble. Let every one try a package.

AGAIN OCCUPIED.—Public worship is again being held in St. George's Church. The interior of the church bears no trace of its recent scorching, and looks as tasteful as ever. The alcove in rear of the alter is painted white instead of blue with gold stars as before

A SLIGHT MISTAKE.—In referring to the social given by Mr. Bingham recently, in our last week's issue we inadvertently referred to Mr. Bingham's stand as a saloon. The stand is kept as a hotel and licensed as such and kept open for the public accommodation.

FROST.—Quite a severe frost visited this vicinity on Saturday night, and nipped the young potatoes and other vegetables. It will not have any serious effects it is said, however. Slight traces of the frost were seen along the lake shore, but beyond where the influence of the water was felt, it was quite severe.

12TH OF JULY.—We understand that a Grand Orange Society demonstration will take place here on the 12th. Arrangements are being made by the lodge here to induce sister lodges in the County and elsewhere to visit Goderich. Sarnia lodge has promised to come, we believe.

TEACHERS' INSTITUTE.—The Varna District Teachers' Institute, will hold its regular meeting on Saturday, June 19, at the usual place. The teachers' library, consisting of $80 worth of books, will be ready for distribution. Mr. Moir will read a paper, subject—"Making School pleasant." Other teachers will take up different subjects.

TO VOLUNTEERS.—The outfit necessary for a Volunteer in camp is as follows:—"Every man who goes to camp should take with him the following articles: one change shirt, one do, pair socks, one do boots or shoes, needle and thread, knife and fork, blacking and brush, tin plate, tin cup, piece of soap, and towel." Those of our volunteers who are going into camp at Guelph next weed should make a note of this.

SALE OF SHORT HORN CATTLE.—A public sale of short horn cattle will take place at the Plains farm, three miles from Paris, Ont., the property of Hon. D. Christie, on Wednesday next June 23. This is an excellent opportunity to get good breeding or show cattle. Arrangements have been made with the railway companies to furnish tickets for the round trip at one and a third fares. Persons leaving Goderich on the 7 o'clock morning train will reach Paris in good time, where vehicles will be waiting to convey parties to the farm. Sale to commence at 1 o'clock.

RAIN STORM ON FRIDAY NIGHT.—A very acceptable shower of rain fell on Friday night last, which had the effect of refreshing the gardens and cooling the atmosphere to an uncomfortable degree. It rained heavily in town, but beyond the railway crossing on the Huron Road it fell very lightly, and hardly a trace of it was to be seen the following morning, although pools of water were formed, and the road was quite muddy a few hundred yards further on, A smart shower of hail introduced the storm.

MAGISTRATE'S COURT.—Wm. A. Proctor, who claims to be a detective from Colorado, was brought before his Worship the Mayor on Saturday charged with stealing an overcoat, the property of Mr. J. C. Currie, on 7th inst. It seems Mr. Currie *lent* Proctor the overcoat under promise that it would be returned, but Mr. Detective took a sea voyage to Sarnia evidently intending to retain possession of the coat as well as small sums of money he also borrowed. Mr. Cutrie, had him arrested in Sarnia and brought here but there being no evidence of actual stealing he was discharged, after delivering the coat to its rightful owner. Moral—Beware of Colorado *bugs.*

SUCCESSFUL.—Mr. Middlemore, of the Guthrie Home, we are glad to say has found good homes for all of the children he brought here last week. He has found a home for another lad, and has quite an number of applications to attend to. An agreement is signed by the person or persons adopting a child, binding them to treat them well and to give them good advantages in education and other matters, and they being generally adopted by persons without children there is no doubt they will be well cared for. Jas. Middlemore does the work gratuitously, being assisted in pecuniary matters by some wealthy person.

SCHOOL BOARD.—The board met on Monday evening last Mr. Crabb in the chair, and Messrs. Pasmore, Ferguson, Nicholson, Buchanan and Elliott present. Account of Geo. Barry for furniture $6.60, and J. Saunders for sundries $5.69 were ordered to be paid. The plans and specifications for a schoolhouse in St. Patricks ward as drawn by Mr. Walter Hick. were laid before the Board and after making a few amendments were adopted. Mr. Pasmore moved, seconded, by Mr. Elliott that an advertisement be inserted in SIGNAL and *Star* calling for tenders for the erection of said School House, said tenders to be delivered to the chairman on or before July 1st, and that 50 bills be printed at the SIGNAL Office. Carried. The estimates for the year were then settled, the amount to be asked being $6750, of which $4580 is for teachers salaries, and the estimated cost of the St. Patricks ward school house is also included, The Board then adjourned.

CRICKET MATCH.—A very good game took place on the cricket ground on Friday afternoon last. Messrs. A. M. Ross and Bunbury acted as leaders. The playing on bothsides was very good, in bowling and fielding particularly, and a marked improvement was apparent in the batting, Mr. Wynne taking the palm by a score of 32. Very good catches were made by Messrs. Lasham, Ross, Bunbury and Morehouse. The following is the score:

AUCTION SALE.—Remember the sale of the valuable property lately occupied by Mr. J. B. Gordon, on Montreal st., on Wednesday, 30th inst.

GREAT inducements offered on all cash purchases of one dollar and upward, 5 per cent discount will be allowed at Trull & Field's new grocery, Crabb's Block.

GARRISON BATTERY.—Major Thomson wants patriotic young men to come forward and enroll themselves this week in order to fill up the Company before leaving for camp.

BUILDERS will see by advertisement that tenders are called for by the Board of School Trustees for the erection of a frame school house in St. Patrick's Ward.

MARKETS.—There is very little change to report. Oats have fallen to 40c to 45c per bushel and potatoes to 65c to 70c. There is good demand for wool at 32 cents per lb.

MARINE.—The usual marine report is crowded out this week: There were 15 arrivals during the week ending Monday, of which 7 were with lumber for Secord, Cozzens & Co., and one for Williams & Murray.

ARTIFICIAL STONE CO.—This Company appears to be doing a very large business having received numerous orders and made some shipments to Stratford, Mitchell, Seaforth, Clinton and other points. They have several orders from Kincardine and Lucknow.

THE ARMY WORM.—This pest has made its appearance on the shade and fruit trees in this vicinity. They make considerable havoc if left to themselves, but if persons are careful to watch their trees now they will find them clustered together on the sunny side of the tree in the morning, and they can then be easily destroyed.

HIGH SCHOOL INSPECTION.—Dr. McLellan, High School Inspector, visited the Goderich High School on Tuesday, and put the scholars through a rigid examination. At the close he complimented the scholars highly upon their proficiency and Mr. Strang and his assistant upon the success which had attended their labors, and stating that the school stood amongst the first in the Province.

MASONIC.—At the regular meeting of Maitland Lodge, A. F. & A. M., last week, the following officers were appointed for the ensuing year; Isaac F. Toms, Worshipful Master; J. T. Garrow, Senr. Warden; F. F. Lawrence, Jr. Warden; E. Hosker, Treasurer; R. Radcliff, Secretary; Malcolm McPhail, Tyler. The remaining officers will be named on the day of installation, Thursday, 24th of June next. The latter occasion will be celebrated by a supper at Bro. E. Hosker's Maitland Hotel in the evening.

FISHING PARTY.—On Wednesday, the 9th inst., a jolly party of ladies and gentlemen started on a fishing excursion to Spring Hill, Goderich Township, and after a very successful afternoon's sport the party sat down to a sumptuous repast provided by the ladies. After full justice had been done to the refreshments, some of the party made their way to a croquet lawn where several interesting and exciting games were played, while others tripped the "light fantastic toe" to the music of the string band. Other amusements occupied the attention of those not inclined to indulge in the first mentioned pleasures, and everything was conducted with great spirit until a late hour, when the party dispersed all feeling satisfied with the day's pleasure.—COM.

HURON TEACHER'S ASSOCIATION.—This association held its annual meeting in Clinton on Friday and Saturday. There was a large attendance of teachers from all parts of the county. On Friday afternoon an interesting paper on the education required by Canadian children was read by Miss Mustard, after which Mr. J. R. Miller, P. S. I., for the Western District, gave an able address on Competitive Examinations. In the evening Dr. McLellan delivered a lecture in the Town Hall to a large and intelligent audience, who showed their appreciation by frequent applause. The chair was ably filled by Mr. R. Calender, Mayor, and on the platform were several members of the Council and Boards of High and Public School Trustees. On Saturday morning H. I. Strang, B. A., of Goderich, took up at considerable length the subject of difficulties in analysis and parsing, and an interesting discussion followed in which several of the teachers took part. He was requested to continue the subject at the next meeting. Dr. McLellan, being present, was then called upon and addressed the Association, urging on the teachers the importance of thoroughness in their work, and the necessity of careful preparation for it. The officers elected for the ensuing year are:—President, Mr. J. R. Miller, P. S. I.; Vice-President, Mr. McFaul, of Seaforth, and Mr. Shaw, of Brussels; Secretary-Treasurer, Mr. G. Sheppard, of Clinton. Mr. Miller was chosen delegate to the Provincial Association.

## EXETER AND VICINITY.

From the *Times.*—The village council has adopted a by-law No. 9 for 1875, to prohibit the firing or setting of firecrackers, torpedoes, &c., on the public streets.

There was considerable supply of wool on the Exeter Market on Wednesday, and as high as 35 cents was paid therefor.

A rather serious accident occurred to Mrs. G. Eacrett and her two children on Sunday last. It appears that Mrs. Eacrett and children had been visiting Mrs. John Heywood, of 2nd con., Usborne, and Mrs. Heywood, was driving them home in the buggy. An old driving horse was hitched in, when by some means one of the traces became unhitched which somewhat disconcerted the horse, which started off on a run, [illegible] the buggy upset, spilling its occupants. Happily the other trace now became unhitched, thus freeing the horse. In the upset, Mrs. Eacrett and her baby suffered some serious injuries, which it is hoped may not prove fatal. A traveller picked up the ladies and brought them to Exeter.

## Bad Roads.

*To the Editor of the Huron Signal.*

I wish, through your columns, to draw the attention of the Warden and County Surveyor to the disgraceful condition of the Gravel Road between Kintail and Amberley.

The County will be lucky if they have not more to pay than the simple repair of the Road.

## Important to the Inhabitants of Huron County.

Goderich has been visited by that eminent Oculist and Optician Professor Edward T. Franks of Manchester, Lancashire, England, for the purpose of introducing his famous Uniform Focus Spectacles, which are said to be (by our principal Towns-people whom he has supplied) the best spectacles in existence, for all optical defects of Vision.

Judging from the testimonials given him by the inhabitants here, we should say, that his visit to the villages of Huron will be a benefit to the Inhabitants, intends to have with him when he visits them, which will be in a short time, a large assortment of these truly valuable Spectacles on sale, The professor during the last lecture season has visited professionally most of the important towns and cities of Canada, and from the lengthy favourable notices of the newspaper press of this gentlemen as a lecturer on the eye and its diseases, and of his Uniform Focus Spectacles, we think his visit to the Villages of Huron Co., will be a public good, and all needing spectacles, will no doubt take advantage of so excellent an opportunity of obtaining the best of spectacles, accurately adjusted to the eye by so eminent a man, as Dr. Franks. 1473 tf.

## AGUA MIRACULOSO.

This Exquisite Spanish "Toilette Preparation," for beautifying and preserving the complexion and skin, has for years been *exclusively* prepared by DON MANUEL ACOSTA, an eminent chemist of Seville, Spain, and by him sold in large quantities to the *elite* of that city, Madrid, Havana and elsewhere, as an *incomparable* beautifier and preservative of the complexion, and certain preventive of Wrinkles, Freckles, Pimples, Sunburn, Tan, and all blemishes of the Skin. While making a voyage to Cuba some years ago, on one of the British Royal Mail Steamships, DON MANUEL was overtaken by severe sickness, and his life for days despaired of, but ultimately, he rallied and recovered, and as an acknowledgement of his appreciation of Dr. Campbell's services, (Dr. C. being at that time Medical officer on board the steamship), he presented the Doctor with the formula from which he prepared his famous 'AGUA MIRACULOSO,' (*Miraculous Water.*) So many lady patients for whom Dr. C. has prepared an occasional bottle, having expressed themselves most *enthusiastically* in regard to its merits, he has determined for the future to prepare it as a STANDARD TOILETTE PREPARATION. Its use imparts to the skin, a dazzling brilliancy, healthy freshness, transparent clearness, velvety smoothness and exquisite softness. A few applications will convert the *roughest* skin into one of Alabaster delicacy. It is not a "Paint" or "Enamel," but a *Deliciously Fragrant Medicated Water* for the skin, of marvellous efficacy. WARRANTED harmless as pure milk. Price One Dollar per bottle. Six bottles for Five Dollars. Expressed to any address. PREPARED ONLY BY JAMES P. CAMPBELL, M. D., Chemist, 66 FULTON ST., N. ## Heart Disease.—A Card.

New York. December 24, 1874.

JAS. P. CAMPBELL, M. D. 66 Fulton St. N. Y.

Dear Sir—

For many years my wife has had serious Organic, and of course, Functional Disease of the Heart, and frequently has 'seizures' of the most terrible description, menacing her with *instant death.* I have tried many prominent Heart Remedies without avail, but in Dr. Campbell's 'Heart Regulator' I am free to confess, we have found the "Supreme Palliative," if not the "Radical Cure." Your preparation, Doctor, *always* relieves her *instantly* and *perfectly*, while the 'seizures' are much less frequent and severe. I have also prescribed your remedy in my practice, I can and do, most conscientiously commend its use to all suffering from Organic and Functional Cardiac Derangements.

Very truly yours,

WILLIAM H. BURNHAM, M. D.
