

New Victor Records

Just

Arrived.

FOUR RECORDS BY THE GENUINE FISK JUBILEE SINGERS.

The Jubilee Songs collected and introduced to the world by the Fisk University are without parallel among musical productions. They touch the heart with their pathos, and, although intensely religious, they sometimes excite to laughter by their quaint conceptions of biblical facts.

- 16448 (1) Little David, play on yo' Harp.
- (2) Shout all over God's Heaven—1075c.
- (3) I Couldn't Hear Nobody Pray.
- 35097 Old Black Joe, Fisk University Jubilee Quartette. When Malindy Sings, by Rev. J. A. Myers.

- 89007 Duet from the Pearl Fishers, by Caruso & Ancona—12 . \$4.00.
- 92008 Evnani, duet and chorus \$3.00.

Notes From Bonavista.

LECTURE.

The educational progress of any community is not to be measured alone by honours, marks and prizes, but also by its attitude of appreciation towards a higher standard of recreation and amusement.

The Lecture given by Mr. J. Crewe, Principal of the Anglican School, before the Literary and Debating Club, was entitled: "Knowledge is Power," and consisted of an exhaustive review of the history and influence of books from the time of Caxton to our own day. After dealing briefly with the early struggles of the inventors of printing against the prejudice of ignorance and superstition, the lecturer proceeded to show how from abysmal darkness the dawn of knowledge broke slowly into day. And then, in lucid sequence, the attentive audience was carried down the ages and was shown how at every step, improved methods of printing spread knowledge through the land, till men at length were able to think freely for themselves and to realize that knowledge truly is the source of power. The address will be long remembered by the younger members for its practical suggestions on the use and misuse of books, on the good to be sought, and the dangers to be avoided; while all must have left the hall with a determination to profit in some practical way, by applying to their reading and storing in the treasury of their minds, some golden thoughts from such a wealth of friendly counsel and advice.

CONCERT.

On Wednesday, the following night an entertainment was given in the S. U. F. Hall to assist in defraying the expenses incurred in the painting of Christ Church. The concert opened with a comedy entitled: "Chickens" (written for the occasion by a local gentleman), and an hilarious fifteen minutes of "courtship under difficulties," gave the night a merry start. The most noticeable features of the programme were a double quartette, "Come Where the Lilies Bloom," which was rendered with great taste and expression, and a song by Miss Jessie Miles, with mandolin obligato entitled: "Fleeing

Badger Brook Notes.

Editor Evening Telegram.

Dear Sir,—I would be glad to know why it is we cannot get the Government daily telegraph despatch, as the House is now in session we would like to know what is going on; perhaps those in authority will attend to this.

Mr. John Beaton, the A. N. D. Co's. repairer, despite the severe snow storms and heavy frost, built a new line and also repaired the old one, in weather not fit for a caribou to be out in; but John makes good every time.

Our section men of the R. N. Co's. line are having a hard time this winter, but with such men as Messrs. Curran and Penney, section foremen, the road will be kept in a 1 order.

Mr. Edward Penney, a Government line repairer, has been a busy man on his section from Lake Bond to Grand Falls, and now has his line in perfect order. Mr. Penney is a great admirer of Tim Shannahan.

Mr. H. S. Crowe, manager for the Nfld. Pine & Pulp Co., arrived by last Wednesday's express from Halifax, and soon things will be humming at Badger. Mr. Crowe has put in a splendid cut of pine this season for the South American market.

Yours truly,
BIRD'S BOG.

Twitching of the Nerves

Wonderful cures brought about by DR. A. W. CHASE'S NERVE FOOD.

It is only by watching the symptoms of nervous exhaustion and applying restorative treatment that you can ever hope to ward off locomotor ataxia and paralysis.

Mrs. E. J. Vanderburgh, of Eastern Welland Ave., St. Catharines, Ont., states:—"For twenty-one years I was badly afflicted with heart trouble, nervousness and cramps in the limbs, also twitching of the nerves and nervous headaches. I became weak, debilitated and emaciated. My condition was distressing and I was made worse through worry and loss of sleep.

"I tried a hundred remedies in vain. After having used half a dozen boxes of Dr. Chase's Nerve Food my old troubles had entirely vanished, and I was enjoying better health than I had since girlhood."

Such cases as this prove the wonderful efficiency of Dr. A. W. Chase's Nerve Food. It cures in Nature's way by enriching the blood and for this reason its benefits are lasting. 50 cts. a box, all dealers, or Edmanson, Bates & Co., Toronto.

Items of Interest LABRADOR.

London's police force is the best in the world, but evidently far from being the most healthy. The stick list contains an average of 500 names a day.

They say one of the questions asked of would-be census enumerators is the nationality of a child born to a French father and a German mother on the high seas and brought up in New Jersey.

American granite is now being shipped to Europe in good quantities. Only recently 320 tons of blue granite were sent from South Carolina to Scotland, where it is to be made into monuments.

A Western man swallowed a tooth a couple of years ago without knowing it, and since that time the doctors have been treating him for consumption. Now he has coughed the molar out and his consumption is cured.

A goodly number of people appear to think that the continual increase of the salt-water fishing industry will soon decrease the supply of fish, and it is hard to believe that there are good grounds for their fears, yet the stern trawlers which work in the North Sea, and catch many more fish than the old-fashioned boats, appear to have no harmful effect.

The Pennsylvania Railroad will have 900 steel day passenger cars and 500 steel parlor and sleeping cars in its equipment when present orders have been filled. It is announced that the company is about to place in service on the New York-Chicago route the first solid steel passenger train ever operated on a railroad anywhere—a train constructed of non-combustible material from the locomotive pilot to the rear platform.

The famous Lena collection of art objects and antiquities was recently sold at auction in Berlin, and the top price was brought by a bumper made of hammered tin, which sold for \$8,000. It is known to the collectors of the world as the Breslau tin bumper, and is supposed to have been made in Breslau in 1590. It is octagonal in shape, and on its sides are scenes from the lives of the evangelist.

Someone has now invented a miniature billiard table that is said to be quite as good as those of regulation size. It was three feet long by one foot six inches wide, but the difference is in the balls, steel balls 1 1/2 inches in diameter being used in place of the usual ivory. They are so much heavier that they offer the same resistance as the large ivory ball and take the same force to play.

LADIES PLAY HOCKEY.—Fourteen young ladies played a game of hockey at the Prince's Rink Saturday night. Much amusement was created for the spectators.

A GOOD CHANGE

A Change of Food Works Wonders.

The wrong food and drink causes a lot of trouble in this world. To change the food is the first duty of every person that is ill, particularly from stomach and nervous troubles. As an illustration: A lady in Montreal, with her husband, been brought around to health again by leaving off coffee and some articles of food that did not agree with them. They began using Postum and Grape-Nuts food. She says:

"For a number of years I suffered with stomach and bowel trouble which kept getting worse until I was very ill most of the time. About four years ago I left off Coffee and began taking Postum. My stomach and bowels improved right along, but I was so reduced in flesh and so nervous that the least thing would overcome me.

"Then I changed my food and began using Grape-Nuts in addition to Postum. I lived on these two principally for about four months. Day by day I gained in flesh and strength until now the nervous trouble has entirely disappeared and I feel that I owe my life and health to Postum and Grape-Nuts.

"My husband is 73 years old and he was troubled, for a long time, with occasional cramps, and slept badly. Finally I prevailed upon him to leave off coffee and take Postum. He had stood out for a long time, but after he tried Postum for a few days he found he could sleep and that his cramps disappeared. He was satisfied and has never gone back to coffee.

"I have a brother in California who has been using Postum for several years; his whole family use it also because they have had such good results from it."

Look in pkgs. for the little book, "The Road to Wellville." "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Brigus Notes.

Mrs. Thos. Wilcox, who for the past month has been suffering from paralysis, died yesterday morning.

The old barn belonging to the estate of the late Capt. Munden is being torn down by Mr. Percie Roberts.

Mr. Arch Smith left for Vancouver last Tuesday. Arch has been captain of the Brigus hockey team for the past three years. His invaluable services on the team had elsewhere has made him immensely popular with all. May his success in the West be as great as his popularity.

The house and land opposite Mr. J. J. Winter's, belonging to the estate of the late Wm. Cole, was auctioned Wednesday by Mr. J. P. Hearn. As far as we can learn the property is still on the market.

Mr. Ed. Gushue left by Tuesday's express for Vancouver to take charge of the new mission boat now under construction for Rev. John Antle.

Mr. Rupert Bartlett, who was bosun on the Peary relief schooner Jeanie last summer, is making his first trip to the sealfishery in the Viking.

A petition for the new public wharf will be presented before the Assembly next week.

The auxiliary scho. Jeanie has been chartered for Hudson Bay for the coming summer.

About twenty of our Labrador planters are contemplating moving to the Skeina River, Vancouver, to engage in the cod and salmon fishery.

At a meeting for the celebration of the Guy Centenary, held at Harbor Grace, an invitation was extended to the residents of Brigus to partake in the demonstration. We may say that our sister town, Cupids, has not extended Brigus an invitation yet, and as far as we can hear is not likely to do so.

CORRESPONDENT.
Brigus, March 6th, 1910.

King Was Asked For Guarantees.

London, March 1.—Despite the Premier's denial, it now seems that he asked King Edward indirectly for guarantees that the House of Lords should not be permitted indefinitely to block Liberal legislation. These the King refused to give, not desiring to be the last hereditary institution in England, and expressing doubt as to whether the country had signified a wish for any drastic treatment of the House of Lords.

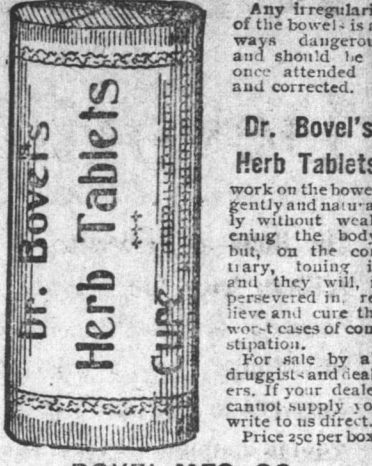

Mr. Jowett, M.P., chairman of the Labor party, denounced the King on Sunday last at Bradford. Liberal newspapers now contain similar hints. This revelation cannot improve the condition of the Liberal party in the eyes of the country.

Hockey To-Night.

The match between the Crescents and the Feildians at the Prince's Rink to-night will be the last League contest of the season. A good game may be counted upon. Each team stand now with ten points to their credit. Whichever side wins will have the championship for the year.

B. I. S. DEBATE.—The B. I. S. debate on the Daylight Bill will take place Wednesday night.

CONSTIPATION

BOVEL MFG. CO. St. John's, Nfld., or Montreal, Can.

Here and There.

T. A. CLUB.—The T. A. Club will hold its regular quarterly meeting this evening.

LECTURE TO-NIGHT.—Mr. Furlong's lecture in aid of St. Bonaventure's College Building Fund will take place to-night at the College.

HERRING.—On sale 30 barrels bright, large No. 1 Herring. At LARACY'S, 345 and 347 Water Street, opposite Post Office.—Jan. 31st.

PANSY TOURNAMENT.—The Pansy Club will have a card tournament in the Mechanics' Hall to-night. Four prizes will be offered.

TO CURE A COLD IN ONE DAY.—Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.—Oct. 25, 1909.

MASON & HAMLIN ORGANS.—The Standard of the world. A splendid line of these Organs at reduced prices. CHESLEY WOODS, The White Piano and Organ Store.—Feb. 26, 1910.

TWELVE ARRESTED.—The police had a busy night on Water Street Saturday night. They arrested 12 men for drunkenness. Four were released yesterday.

General Debility and a General "Run Down" state calls for a general tonic to the system. Such is "The D. & L." Emulsion. Builds you up, increases your weight, gives health.

THE KOHLER PIANO and the Tomk Piano—celebrated for purity and excellence of tone along with strength of construction.—CHESLEY WOODS, Sole Agent for Nfld. Inspection invited.—Feb. 26, 1910.

T. A. CLUB.—The Regular Quarterly meeting of the T. A. Club will be held this (Monday) evening at 8:30 o'clock. All the members are particularly requested to attend. By order, M. P. HYNES, Hon. Sec.—ad. 11

BOYS ON RETREAT.—The students of St. Bonaventure's College are now on "Retreat." Beginning last night it will continue until Thursday evening. Rt. Rev. Mons. Roche will preach the daily sermons and His Grace the Archbishop will deliver the final discourse.

HIS FLESH IS HORRIBLY BURNT.—His druggist sold him a cheap, acid corn cure; what he should have bought was Putnam's Corn Extractor; it's purely vegetable, and acts in 24 hours. Insist on only "Putnam's."

T. J. EDENS

Duckworth Street And Military Road.

RABBITS.—Last for the season.

FRESH FISH.—Fresh Cod, Fresh Halibut, Fresh Cod Tongues, Finnan Haddies, Smoked Caplin, Dried Caplin, Dightly Herring—15c box. Kipperd Herring.

Get a Check with your Cash Purchases.—Save your Checks and make your discount.
