**GREEK GARRISON SURRENDERS.**

LONDON, Sept. 1.  
Before the Greek garrison at Salonika surrendered, Reuter's cables, three companies of French Colonial infantry marched to the parade ground and stacked their arms in front of the barracks. They were soon followed by two battalions of infantry which took up positions on both sides of the parade grounds and in the rear of the barracks machine guns were posted at several conspicuous points and armored cars were stationed opposite the entrance to the barracks. The Greek soldiers withdrew within the precincts of the building and meanwhile the Greek commander conferred with the French authorities. Just before 11 o'clock at night several unarmed Greek officers accompanied by two French officers crossed the parade ground pavilion at which Sarraill awaited them. As the hour of eleven struck all Greek troops marched from the barracks unarmed.

**KING CONSTANTINE.**

LONDON, Sept. 1.  
A correspondent at Salonika to Reuter's Company, under date of Wednesday, sends a report that King Constantine of Greece has abdicated, adding, pending confirmation, that it must be mentioned with all reserve. The Greek Crown Prince has been appointed regent. Alexander Beaslis, supported by ex-Premier Venizelos, retains premiership. The despatch says that general mobilization of the Greek army has once more been ordered. Regarding the report from Salonika that the King has abdicated the throne, the Greek Minister in London said to-day: "I have received no such information. I certainly do not believe such a thing has taken place."

**What Are You Doing for that Eczema?**

"Nothing; I've about given up trying to cure it."  
"That is not wise. Do as I did and you will probably be cured in a short time. I used Zylex and Zylex Soap with it and my Eczema began to improve at once. A couple of boxes cured. You can get Zylex at your druggists."

**Your Boys and Girls.**

Your baby should spend most of its indoor life in a nursery free from damp, exposed to sunshine and with free ventilation. There must also be freedom from dust gathering carpets and furniture, and fifth harboring cracks in the floor. There must be absolute cleanliness in every condition surrounding the child's life. It's bed must be far enough away at night from that of the adult's to avoid breathing their breath. Avoidance of currents of air to avoid rheumatism, painted toys on account of possible poisoning, the avoidance of woolen or feather toys. You should weigh the infant carefully each week, on a correct standing scale, to determine if it's gain is what it should be. If properly fed. Unless there is some definite contra indication a child should be bathed every morning in water adapted to its vitality, never so cold as to cause blueness or cold extremities, or so hot as to prove injurious.

**Has the Bremen Been Captured?**

New York, Aug. 25.—The New York City News Association quotes an officer of the British merchant marine, who arrived here to-day aboard the White Star steamship Baltic, as authority for the statement that the German submarine Bremen has been captured in the Straits of Dover by the British and 23 of her crew of 35 made prisoners of war. The Bremen, it was said, while en-moored in the net, was sighted by a British patrol boat, her stern under water and her bow high above the surface. According to the officer quoted, the British Government has maintained silence in regard to the capture, as another German trans-Atlantic submarine, the America, was said to be on the way here, and it was hoped to capture her also. The officer who reported the capture of the Bremen asked that his name be withheld, and said that the Bremen was caught in a steel net and swung helplessly for four days until a British patrol boat discovered her. Four of the submarine's crew died from the foul air, he said, before the submarine was towed into Dover.

TARVIA PAYMENT.—The laying of the tarvia pavement on Duckworth Street is finished, and preparations are now being made to put it on the sidewalk between Oke's Carriage Factory and Dr. Anderson's residence.

**The Bishop of Newfoundland at Stephenville Crossing and Port au Port.**

Special Evening Telegram.  
STEPHENVILLE CROSSING, Sept. 1, 1916.

On Wednesday morning Mr. George Shears, drove the Bishop, Rector and Chaplain from Robinson's Head through a lovely country to the railway station about two miles from the settlement. After a few minutes waiting the train drew up and we all got on board for Stephenville Crossing which was reached in a couple of hours without accident, fear or alarm. A large crowd were waiting to welcome the Bishop to their thriving and picturesque settlement. Although the Anglican population is small, a well built school-chapel represents the church here, in which building a reverent and devout congregation witnessed a Confirmation of their young people.

Immediately after the conclusion of the service we all drove to the house of Mr. and Mrs. John Romaine, some 15 miles on the road to Port au Port. What a glorious drive. Eleven years ago we drove over the same road and what was said then needs no alteration now. Every variety of tree from the lordly pine to the tiniest shrub is represented in this stretch of delightful country. Comfortable homes, prettily laid out farms, the lowing of the cattle, the bleating of the sheep, and the tinkling of the bells add charms to this delightful district unknown to our northern bays. The scenery is truly magnificent, great mountains heave to heaven in the distant background, gently undulating slopes, waterfall, stream and lake go to make up a country that Abraham, Isaac and Jacob would be well contented with. But everything comes to an end and so did this glorious drive, for with the setting sun we came in sight of the farm of Mr. Romaine. A few minutes after we were in his comfortable home and enjoying a renewal of friendship formed many years ago. Here amid the quiet solitude we rested for the night, glad that the weather was all we could desire and the hospitality of the same high order. The following morning gave promise of a lovely day and after an inspection of the farm and drinking in the glorious air from the sea which gave us a keen appetite for the coming meal to which justice was amply done we started for Port au Port where the Bishop held Confirmation in the afternoon.

The little church has been considerably enlarged since the Bishop's last visit seven years ago, the work costing over six hundred dollars, the greater part of which has been subscribed by the people. Truly the Lord helps those who help themselves. A beautiful arch erected in front of the church ground was the outward token of love and esteem in which the Bishop is held by a loyal and devoted people. After the service the Bishop returned to Mr. Romaine's while the Rector and Chaplain remained behind for Evensong which was held at the close of the day. A good congregation assembled in the little church where the service was taken by the Rector and the sermon by the Chaplain.

This practically brings the Bishop's visitation of St. George's to a close, and we take this opportunity to thank his many friends for their kindness in forwarding his plans, the Rector and Mrs. Butler, of Sandy Point for their hospitality and kindness, and Sergt. and Mrs. Goodland for looking after the Chaplain, Messrs. Jeremiah and Isaac Chaffey, at Crabbe's; Mr. George Shears, at Robinson's; Mr. and Mrs. Martyn, at Stephenville Crossing; Mr. and Mrs. John Romaine, at Port au Port, and we also extend his grateful thanks to Mr. House, Manager of the Dominion Iron and Steel Company Works at Limeville; to Messrs. William Compagnon and John Hunt for placing at his disposal their horses and carriages.

May the visit of the Bishop with a ripe experience of nearly forty years as overseer of the flock in this oldest Colony be a real stimulus to greater spiritual activity among the church people in this Bay. Such a visit must do good, and our heartfelt wish is that the Church of England on the West Coast invigorated by this present visit may lengthen her cords and strengthen her stakes and be a power for good to all who come under her benignant influence.

The following morning the Bishop and party after saying good-bye to their kind friends at Romaine's drove back to Stephenville Crossing and thence by train for St. John's leaving the Rector behind, the Rev. E. A. Butler, to continue his good work among his loyal and devoted parishioners.
