KILLED WITH A PARASOL. Sad Death of a Little Child in Hamilton.

HAMILTON, July 17.—A little girl 2½ years old, daughter of Mr. Charles Valentine, met with a singular accident on Thursday which has since proved fatal.

The little one was out walking with her mother and a companion, and the two latter went as far as the railway bridge and there sat down. When ready to return, Mrs. Valentine made the remark, "I'm almost too tired to get up." The little child overheard it and answered, "I'll help you, mamma!" and so saying started to run to where her mother was. She carried a small parasol, and in running she tripped and fell. One of the ribs of the parasol entering her nose, penetrating the brain. The child had every care, but medical skill could not save it, and about 5 o'clock Saturday afternoon death ended its sufferings. It had been semi-conscious most of the two days it lived after the accident.

A VICTIM OF HYDROPHOBIA. Terrible Death of a Young Lady at Asbury Park.

ASBURY PARK, N. J., July 17.—Miss Lizzie Byram, aged 19 years, daughter of A. J. Byram, a manufacturer of patent medicines at Newark, died here this morning, of hydrophobia, the result of a bite from a pet dog inflicted early last April. She expired in terrible convulsions. It took the combined strength of two men to hold her down on her bed, and her cries were most piteous. She trod at the mouth, and when she attempted to speak the sounds she uttered were similar to those of a dog.

ECHOES OF THE C. E. CONVENTION. The Mayor of Montreal Complimented on His Courtesy and Liberal Sentiments.

MONTREAL, July 17.—Mayor Fleming, Toronto, has addressed a letter to Mayor Desjardins, of Montreal, expressing admiration of the courteous reception given by Mayor Desjardins to the Canadian Endeavourers of the C. E. Convention.

Mayor Fleming says: "It is an encouraging sign of the times when people of different religious organizations forget their denominational ideas and meet on a common platform for purposes of advancing those interests which are for the welfare of nations."

Mayor Desjardins has received a large number of letters from all parts of the country complimenting him on his action.

The Comet Has a Chum. SAN JOSE, CAL., June 17.—An important discovery regarding the comet has been made at Lick Observatory. Photographic plates reveal the fact that the celestial visitor is not alone in its glory, but has a companion. The second comet is enveloped in the tail of the first one, and shows distinctly as a nebulous-like condensation. Its tail merges into that of the other. Astronomers are much elated over the discovery, which makes more certain the theory that the original force which throws out comets, sends out more than one at a time. This theory was before thought to be correct, but the fact that more than one comet has been found in the same or nearly the same orbit.

Failures and business losses of various sorts are unhappily too frequent to attract more than passing notice. But amid it all we intend and can afford to be strictly exact in our advertising statements, and best of all our announcements are taken literally—they mean exactly what they say. Our goods and prices are modest advertisers. Modesty always charms, and where it fails our goods do the rest. The stock is so well assorted that it would be quite impossible to give even a meager idea of it here. It has to be seen and the more it is seen the better it is liked and appreciated. In the following lines we intend making a special effort this week, and we expect our patrons who may be in need of some of them will also make a special effort:
