Chatham Narrowly Escapes & Whitewashing.

Second Day of the Trotting at Detroit -Cricket, Tennis, and Other Sporting Events.

LONDON LOSES AGAIN. The Hams proved anything else but salted meat for Crowe and the London team yesterday. The locals lost the game 5 to 7, and helped the Hamiltons on in their big lead for the pennant. The home team became badly tangled and not until the seventh inning was a run scored. In this inning Lohman was presented with a walk; Crowe's high fiy was gathered in most scientifically by Dean after a hard run; Meara popped a fly to Elton and died; Mohler hit to center and continued to second, while Lohman crossed the plate amid cheers. Smink helped Mohler home by a long hit to left pasture, but was caught before he reached second bag. The eighth was characterized by another goose egg. In the ninth Lohman again tried his luck at driving the ball into the river, and went to first; Crowe went out to center on a fly; Meara singled to right; Mohler struck three times at the ball, and the third one, although called a strike, was so far wide of its mark, that Conwell muffed it, but cut the batter off at first. Lohman went to third, and scored on Smink's three bagger over left field into the bushes, beyond the track. Laroque got a pass to first, and Smink scored on Keenan's hit. This was the extent of London's run-getting, in which they piled up 8 hits and 5 errors. In the sixth Carey disappointed the spectators, as the bases were full he was expected to help them home. and a safe hit of any kind would have tied the score; but it came not. their first run. In the seventh Elton hit to Carey let kiss the turf on account of the sun, and Congalton completed the circuit of the bags. In the eighth three more runs were piled up, and Conwell made a nice punt and started for first bag; when just about his destination he was hit on the shoulder by Lohman in his effort to cut the runner off, and McKevitt scored. Dean scored on Frisk's hit and Conwell on a scratch hit of Congalton to sec-LONDON.

stick on the whole Baltimore team, has had a slump lately. That great player, Al Johnson, is now handling the Paterson team, and whether he is all right or not is best attested by the fact that the team has won every game played under the gen-

-Keenan. Captain Delaney, of the Cortlands,

formerly of this city, is considered the fastest third baseman now playing in the New York League. He is a brilliant fielder and a hard hitter. Mercer used to be the easiest thing in the league for the Orioles to beat. He pitched many games against them for several years, and never won a game until just before the season closed last year. He succeeded in defeating them largely because the pennant was practically lost. That was a bad break, for

it gave him confidence, and he has won every game he has pitched against the Orioles this year. CRICKET.

ROSEDALE VS. MONTREAL. The match between the Montreal and Toronto-Rosedale cricket teams was concluded Tuesday, and resulted in a victory for Toronto by an in-ning and forty-five runs. CANADIAN INTERESTS. London, July 20 .- A conference took place here yesterday of the colonial representatives and members of Parliament interested in the colonies, Sir Charles Dilke, M.P., presiding. The Canadian ministers, Mulock, Fitzpatrick and Joly, urged the establishment of a faster English and Canadian steamship service, and Messrs. Fisher and Blair discussed copyrights and patents, also arguing that there is no reason why the importations of Can-

Berlin, July 20 .- The Vossische Zeitung, in a much discussed article, prefaced by the statement that some ratification is needed of the errors regarding German feeling towards America, asserts that the unfriendly sentiments are fostered by the interested English press. It proceeds to declare that Germany has always stood by America, and reminds the Americans of Germany's friendly attitude during the civil war. On the other hand, it says Germany has suffered many petty annoyances from Spain. Still she cannot help her admiration of Spanish valor. The article reflects the general veering of the press in favor of the United States.

PRINCE OF WALES' CONDITION. London, July 20.-A bulletin issued at Marlborough House says: The Princ of Wales has passed a fairly comfortable day, considering the severe accident from which he is suffering. The affair causes some anxiety. Another surgeon has been called in and Roentgen rays are being employed. It is feared that the accident will compel the prince to remain indoors for & month. There has been a stream of callers at Mariborough House all day, the names of cabinet ministers, ambassadors and others, filling fifteen pages of a quarto

volume. The prince is quite cheerful, although he has had to endure considerable pain. Fears are expressed that the einjury to the patella (knee-cap) may result in a permanent weakness, perhaps in lameness. All his engagements for the next four weeks have been canceled. THE PENNY POST.

London, July 20.-The success in the Inter-Imperial Postal Conference has given a fresh point to the desire of the Canadian Government for an Inter-Imperial Defense Conference. Right Hon. George J. THE CENSOR'S WORK. London, July 20 .- Owing to the severity of the censorship at Madrid, the London morning newspapers today are quite without Madrid dispatches except brief messages sent by way of France. The Madrid papers themselves are without dispatches from Paris, London or Havana. Even the Spanish provincial papers get nothing from the capital. The Madrilenians, it is reported, suspect that the protracted negotiations at Santiago de Cuba conceal some sort of jugglery, and it is also said that the government wields only a nominal control over Capt.-Gen.Blanco, his attitude and that of his army being

the chief obstacles to peace. The Washington correspondent of the Daily Telegraph asserts that President McKinley declared that he expected no peace proposals from Spain until Havana had been taken.

The morning papers comment upon the peculiar and interesting situation developed by the antagonism between the Americans and Cubans at Santi-

ago. The Daily Chronicle expresses the hope that Commodore Schley has been falsely reported as talking about a change in European frontiers. It adds: "If the United States really intends to commit the incalculable error of sending a fleet to Spain, the less it says about changes of frontier, the better for us all."
