Man Answering Description of the Desperado Seen at Sandwich. A dispatch from Sandwich today says: Chief of Police Masters is of the opinion that "Texas" Burdell, the escaped Lon-don criminal, made his headquarters in the close vicinity of the county town for some time after his escape. In the Wright bush, two miles back of Sandwich, a small shack had been built in the very center of the woods. A recently burned fire and an empty sack, from which shorts had been taken, were all that Detective Mahoney and Chief Masters found on their visit vesterday afternoon. A man answering the description of "Texas" was seen several days ago, naking his way from the C. P. R. tracks back of Windsor, towards the Wright bush. Pierson are to construct four tunnels between New York and Long Island. The contract is for \$20,-000,000. Fancy the headlines and boasting if the conditions were reversed.
