A RHEUMATIC WRECK.

After Hospital Treatment Failed Dr. Williams' Pink Pills Cured Him.

"I suffered the greatest agony from rheumatism. Leading physicians prescribed many medicines, but with unsatisfactory results. I was compelled to go to an hospital, but even the treatment there failed. Then I took Dr. Williams' Pink Pills and to-day I am a well man."

These words were spoken by Clifford L. Forbes when interviewed at his home in Fort Maitland, N. S. Mr. Forbes is a fisherman and had always been very healthy, until some three years ago while fishing off Newfoundland he was seized with a very severe attack of rheumatism. In his own words he says: "I was fishing on the Grand Banks in the spring of 1903 when I was stricken with rheumatism. I could not work or sleep, and the pain was almost unbearable. My case became so serious that I had to be landed and for weeks I lay in a Cape Breton hospital as helpless as a cripple. The hospital doctors prescribed different remedies, but they did not cure me. I then left the hospital and was taken home with rheumatism apparently completely fastened upon me. Day and night I suffered. Nothing I did for the trouble seemed to help me and I became despondent and downhearted. Then a friend advised me to take Dr. Williams' Pink Pills. I was skeptical, but my friend praised the pills so highly that I determined to try them, with the result you see to-day. I am fully cured and have not since had even a twinge of that dreaded affliction. I cannot say too much in favor of Dr. Williams' Pink Pills and I urge all rheumatic sufferers to try them."

Dr. Williams' Pink Pills cured Mr. Forbes because they struck straight at the root and cause of his crippling rheumatism. They don't act on the bowels. They do only one thing, but they do it well—they actually make new blood. In that way they root out all common blood diseases like anemia, headaches and backaches, rheumatism, sciatica, neuralgia, and the secret ailments of girls and women who suffer unspeakably when the richness and regularity of their blood becomes disturbed. Dr. Williams' Pink Pills are sold by all dealers in medicine, or sent by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Warwick Conservatives.

A meeting of the Conservatives of Warwick township, was held in the town hall Monday, May 13th and was well attended, every division being represented. The chair was occupied by Mr. Chas. Hawkins.

The officers and committees were elected, the following being the chairman and secretary respectively for each division—
Div. 1—Isaac Cowan, Benjamin Pike.
Div. 2—John McCormick, D. Lougheed.
Div. 3—Chas. Hawkins, E. Herbert.
Div. 4—P. D. McCallum, J. C. Marshall.
Div. 5—Finlay Logan, J. F. Smith.
Div. 6—R. Fitzsimons, Thomas Pressley.
Div. 7—E. McGillivuddy, Fred Patterson.

Mr. Hugh Montgomery the member for East Lambton, was present and reviewed the work of the past session of the Legislature, showing the Whitney Government had increased railway taxation by \$172,844, from which Warwick received \$266,33, or the county \$4,531. He gave a clear explanation of the School Act; dwelt extensively with the liquor question, taxing of mines, the increased provision made for inmates of asylums, the Gillis timber limit, where mines will be operated by the Government for the people.

Mr. J. E. Armstrong, M. P., in his clear, fluent manner gave an interesting half-hour address, full of information.

Messrs. G. E. McIntosh and H. Barron also gave short addresses.

The meeting closed with a unanimous vote of confidence in Messrs. Montgomery and Armstrong as representatives of the Whitney Government and the Opposition respectively.

Leaving Alvinston.

Mr. L. I. Hunt left for Thorold last Friday, where he has purchased a new hardware business. His departure and the fact that he had purchased a new business were transacted so quietly that our citizens were surprised when the news became known. Mr. Hunt is one of our oldest and most highly esteemed residents. He has closely identified himself with the commercial, social and religious life of the town, and has contributed in no small degree in shaping the destiny of the place during the past thirty years, having served as councillor and reeve several years. He and his estimable wife, and also his son William, have been faithful and consistent workers in the Alvinston Methodist church, and that denomination will feel their departure very keenly. At the evening service last Sunday Mr. Wm. H. Hunt, who has been the efficient leader of the church choir for the past seven years, sang a solo in his usual pleasing style. Before dismissing his congregation the pastor, Rev. Mr. McRobert, spoke in glowing terms of Mr. Hunt's zeal as choir leader, and the speaker felt confident Will's departure to Thorold meant a distinct loss to the congregation. Mr. H. Park spoke in a similar vein, and Mr. Hunt was afterwards presented with a beautiful gold H. left Monday to join his father in Thorold. Mrs. Hunt will remain with us a few days longer. The citizens generally will regret their departure, but we all join in wishing them success and

happiness in their new home.—Free Press.

Ontario Wheat.

During the last ten years the great milling industries of the West have been so extensively advertised in Ontario that many farmers have given up raising wheat. The farmer, who formerly helped to make a market for his home-grown product to-day buys the western flour for family use and thus contributes to western prosperity, instead of putting money into his own pockets by patronizing an Ontario industry. Ontario millers have been unable to run more than eight or ten hours a day, and as a result the price of bran and shorts has risen to twenty and twenty-two dollars a ton, as compared with the former prices of twelve to fifteen in the palmy days of wheat growing in Ontario.

This competition of the western wheat lands is a tremendous fact; in the aggregate the decline in the market in Ontario for the flour manufactured in this province has amounted to a loss of millions to the farming community.

No proof is needed to convince the general public that the western flour is "stronger" than is richer in gluten, than its Ontario rival. But that the flavor and color of Ontario flour is superior must be conceded even by those most interested in pushing the product of the prairie provinces. Down East, in the Maritime Provinces, the demand for a first class flour has led to the blending of the eastern and western wheats in such proportions that enough gluten is added to the Ontario product to bring it up to the strength of western flour, while retaining the delicate and tasty qualities for which Ontario flour is famous.

Considerable progress has been made in flour blending in Ontario and after nearly ten years of experiment on the part of expert millers and bakers, the superior quality of the blended flour has been demonstrated by the demand already created.

There seems to be every reason in favor of the adoption by the people of Ontario of the use of such a flour: an increase in the milling of Ontario wheat means an enlarged market and money in the farmer's pocket. If the manufacture of the blended flour were merely in the experimental stage, arguments in favor of its use generally throughout Ontario might prove ineffective; but now that some of the largest wholesale bakers in Toronto are enthusiastic about the increased sales of bread made of blended flour for Ontario people, it is surely worth while to purchase an article which means increased prosperity all over for the Banner Province of the Dominion.

Crop Outlook.

The situation of the Ontario crops since last issue of the farming pages has improved considerably. The warm days, with the recent showers, have made the grass spring up with astonishing vigor, while everywhere the well-sown grain is peeping through. Grain has gone in remarkably well this year and, with the possible exception of the hay crop, Ontario may look forward to a bountiful harvest.

There is a likelihood that more corn will be planted this year. The Toronto seed houses all report big orders for seeds and potatoes, and firms that thought they had stored abundantly find themselves short already.

The depreciation of the hay and clover crop in Ontario, and it seems to be general in the United States, comes in ample time to give the farmers a chance to plant forage crops and make provision for winter feed by planting to the bulky feeds.—World.

Completes Wheat Seeding.

Brandon, Man., May 20.—Holly Simpson, a well-known farmer living six miles southwest of this city, has completed his wheat seeding, having 900 acres sown.

A Petrolia man has invented a sanitary milk tickler, now for the waterless milk.

TORONTO.

Toronto, May 21.—Receipts at the city cattle market yesterday and to-day consisted of 71 cars, containing 1,280 cattle, 425 sheep and lambs, 650 hogs and 732 calves. The market was inclined to be dull, partly on account of the longshoremen's strike now on in Montreal. It is said that over a thousand cattle from Toronto are waiting in Montreal for ship rooms and as these are being held at the expense of the purchaser, buyers were not at all anxious to buy to-day. The quality of the cattle here this morning was a little above the ordinary, and some exporters sold at butchers' prices. Other live stock were about steady. Hogs, however, have advanced 12 1/2 to 16 1/2 for select and 16 1/2 for lights and fats.

Quotations today were:
Export cattle, choice..... \$5 00 to \$5 20
do., medium..... 4 70 to 4 90
do., bulls..... 4 25 to 4 50
do., light..... 3 50 to 3 75
do., cows..... 4 00 to 4 40
Butcher's cattle, choice..... 4 75 to 5 00
do., medium..... 4 25 to 4 60
do., common..... 3 75 to 4 25
do., cows..... 3 75 to 4 40
do., bulls..... 3 50 to 3 75
Stockers, choice..... 4 00 to 4 25
do., bulls..... 3 00 to 3 25
do., common..... 2 75 to 3 00
Heavy feeders..... 4 40 to 4 75
Short-keep..... 4 75 to 4 90
Milk cows, choice..... 4 00 to 5 00
do., common..... 2 25 to 3 00
Sheep, export ewes..... 6 00 to 6 50
do., bucks..... 5 00 to 6 00
Lambs, grain fed..... 7 50 to 8 00
do., common..... 5 50 to 6 50
Spring lambs, each..... 5 00 to 7 00
Calves, cwt..... 3 50 to 6 00

EAST BUFFALO.

East Buffalo, May 21.—Cattle firm; prices unchanged. Veals—Receipts, 75 head; slow and steady, \$5.00 to \$5.75. Hogs—Receipts, 1,700 head, fairly active and a shade higher; heavy, \$6.50 to \$6.85; mixed, Yorkers and pigs, \$6.80 to \$6.85. Sheep and lambs—Receipts, 3,200 head; steady and slow; unchanged.

BRITISH CATTLE MARKETS

London, May 20.—Liverpool and London cables are firmer, at 1 1/2 to 1 3/4 per lb. dressed weight; refrigerator beef is quoted at 9s to 9 1/2 per lb.

Glasgow, May 20.—Edward Watson and Ritchie report 332 cattle on offer. Cattle met a fair trade at slightly reduced prices from the market of a fortnight ago and
