

# The Home Correspondence School of Canada AND The Canadian Correspondence College, Limited

LIMITED

HAVE CONSOLIDATED THEIR INTERESTS IN ORDER TO GIVE  
TO CANADIAN HOME STUDENTS THE BEST POSSIBLE  
TUITION AT THE LOWEST POSSIBLE RATES.

These two Home Study Schools have for some years carried on a very successful work among the ambitious young men and young women of Canada, and it is the firm belief of the management that the time has come when United States Schools and United States Educational methods should not dominate the Canadian field. For a number of years United States Correspondence Schools have been widely advertised throughout Canada and have done considerable business at exorbitant tuition rates. It is the confident belief that this business will turn readily to a thorough-going, well organized Canadian Institution prepared to supply tuition at a reasonable tuition rate. It is felt that Canadians have little need to feel ashamed of Canadian Educational methods or Canadian Teachers. Certainly if equal satisfaction can be gained from a Canadian Institution no loyal Canadian will send his money to a foreign land and thus entirely remove it from his own country.

We believe that we can give better service, better Courses and more reliable tuition at a reasonable price than the United States Schools render for two or three times the price we charge. We simply ask an intending home student in any subject to consult us before patronizing a foreign School.

If interested in any subject we can help you at your own home this fall and winter.

Mark an X opposite the subject which interests you and cut out this coupon and mail it to us TO-DAY.
