

The Grandest Work of the Age!

NO HOME SHOULD BE WITHOUT IT

NO SCHOOL COMPLETE WITHOUT IT

ADAMS' ILLUSTRATED MAP OF HISTORY.

This Chart is a beautiful work of CHROMO-LITHOGRAPHIC art ; in six different (oil) colors, 22 feet long, and some 30 inches wide. Illustrated with colored pictures, (TO INFORM THE UNDERSTANDING AND IMPRESS THE MEMORY.) The work is put up with ROLLERS at each end of the map, and for the study or family, it is ingeniously arranged in a neat FRAME, (WHICH IS PATENTED,) in which it is hung against the wall, so as to occupy no more than three feet of space, with suitable cranks on the ends of the rollers, thus allowing the Chart to be unwound, from end to end in Panoramic form.

It is only with the expectation that its sale will be RAPID and GENERAL that we have placed this GRAND WORK at the very low price of \$10 per copy. Please call and see it at 580 Yonge St. L. B. GREENSLADE, Toronto, Sole Agent for the Dominion.
