25 C, S Many people object to  
26 C, S shorthand, because it does  
27 - S away with orthography.  
28 O, S On that account, they say  
29 /, S it must be banished from  
30 ✓, S the schools where orthogra-  
2 1 ✓, O phy must be taught.  
2 C, S Of course those people  
of Stenography and know it only  
through prejudices.  
What would they say, if they knew that  
shorthand can be employed as a very  
powerful means of learning Ortho-  
graphy. Hundreds of schools in France  
and England are employing this Sys-  
tem of Phonography for that purpose.  
Children learn the phonography very  
willingly and very rapidly. Then, they  
may be given lessons written in shorthand  
to translate into common writing. This  
does away with dictation, so tedious,  
which absorbs so much time in ele-  
mentary schools, a precious time which
