CATARRH.

A New Home Treatment for the Cure of Catarrh, Catarrhal Deafness, and Hay Fever.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and eustachian tubes. The eminent scientists—Tyndall, Huxley and Beale—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite—of which they know nothing—by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of ten cents in stamps. The address is A. H. Dixon & Son, 361 King Street West, Toronto, Canada.—Scientific American.

Sufferers from catarrhal troubles should carefully read the above.

Household Hints.

TO THE DEAF.—A person cured of deafness and noise in the head of twenty-three years standing by a simple remedy, will send a description of it free to any person who applies to NICHOLSON, 177 McDougall Street, New York.

PAIN-KILLER has cured cases of Rheumatism and Neuralgia after years' standing.

"Best cure for colds, cough, consumption is the Old Vegetable Pulmonary Balsam. Coughs, Colds, etc. For \$1 a large bottle sent prepaid."

FRIED APPLES AND HAM.—Core and slice round, without paring, some tart, well-flavored apples. Cut ham into thin slices and fry in its own fat almost to crispness. Take out the meat and keep hot while you fry the apples in the fat left in the pan; add sugar to taste. Drain and lay upon the slices of meat.

A True Balsam.

DR. WISTAR'S BALSAM OF WILD CHERRY is truly balsam. It contains the balsamic principle of the Wild Cherry, the balsamic properties of tar and of pine. Its ingredients are all balsamic. Coughs, colds, sore throats, bronchitis, and consumption speedily disappear under its balsamic influence.

OYSTER SAUCE FOR CODFISH.—One quart of oysters (when buying them ask for a little extra liquor), put over the fire, rub up pieces of butter size of small egg with two even table-spoonfuls flour; stir this in the oysters till dissolved; pepper and salt to taste, and on no account let it boil more than an instant; the oysters must not be hard. This quantity is sufficient for eight pounds of fish.

PEACH FRITTERS.—Half can of peaches, each cut in half. One cup of flour, one table-spoonful butter, one egg. Make a batter of the last three ingredients, using the liquor from the peaches to bring it to the required consistency. About a cupful will be required. Dip the halved peaches into the batter, and drop them one at a time into deep boiling lard. Serve with powdered sugar. These are nice made of fresh peaches.

CUSTARD CAKE FILLING.—Boil one cup of sweet milk to which has been added four table-spoonfuls of sugar, two of butter and three of flour. Stir the flour to a smooth paste with a little of the milk, before adding it to the other ingredients. When well boiled, add the beaten whites of two eggs, and lemon extract to taste. It is also nice made with the yolks instead of the whites of the eggs.

A Beautiful Easter Gift.

Scott & Bowne, manufacturers of the well-known Scott's Emulsion of Cod Liver Oil, offer a most beautiful Easter gift—complete and artistic studies of Birds and Flowers, put up in portfolio—worth at least \$5.00 each. On receipt of above in stamps, it will be mailed at once.

SCOTT & BOWNE, 132 South Fifth Ave., N.Y.

VEAL AND MACARONI PATE.—Chop two cupfuls of cold, boiled macaroni fine. Mix with it a beaten egg, and line a buttered mould—a plain one—with the macaroni. Inside this, place the remains of cold veal, chopped small, well seasoned, and moistened with gravy. Spread the macaroni over the top of the meat, cover the mould tightly, plunge it into a pot of boiling water and boil an hour and a half. Turn out in a platter, and pour gravy or drawn butter over it.

LYONNAISE POTATOES.—One quart of cold, boiled potatoes, cut into dice; three table-spoonfuls of butter, one of chopped onion, one of chopped parsley, salt, pepper. Season the potatoes with the salt and pepper. Fry the onions in the butter, and when they turn yellow add the potatoes. Stir with a fork, being careful not to break them. When hot, add the parsley, and cook two minutes longer. Serve immediately on a hot dish.

CAKE FILLING.—Boil one cup of granulated sugar and half a cup of water until it "hairs" when dropped from a spoon. Do not stir it while boiling. Pour it, while hot, on the well beaten white of an egg, heating all together as you pour it on. Let it cool, then add the flavouring. Spread it, thickly, between the layers; and when putting them together do not press them down. It is made extra nice by the addition of hickory-nut meats.
