

# Our New Sunday School Lesson Help.

## CANADIAN SCHOLAR'S QUARTERLY.

This new Lesson Help will contain the full text of the Lessons for every Sunday of the Quarter, Golden Text, Home Readings, Connecting Links, Outlines and Questions, Brief Explanations, one or two Questions from the Methodist Catechism, and three Hymns adapted for the Lessons of each Sunday, selected from the New Hymn Book. It will also contain an Engraved Map of the country treated of in the Lessons, Responsive Opening and Closing Exercises, the Apostles' Creed, Ten Commandments, and Music of the *Gloria Patri*.

This Quarterly may be used instead of the *Berean Leaves*. It will, however, contain considerably more than these. It will be sent, post free, in quantities of ten or more, to one address, at the low price of **Two Cents** a quarter each, or **Eight Cents** a year. It will meet a want felt and expressed by many of our best Sunday-school workers.

## 'The Sunday School Banner.'

### STILL FURTHER REDUCTION IN PRICE!

This valuable Sunday-school help grows in favour every month. It has had a larger increase of circulation last year than ever before. It will maintain its place in the very foremost rank of Lesson Helps. Blackboard illustrations given in each number. The Lesson Commentary, for teachers and superintendents, which has been received with such favour, will be continued throughout the year. The "Sermons of the Boston Monday Club," from which these are taken, sells alone for \$1 50.

The BANNER will also furnish a special medium for communication between Canadian schools, and for the promoting of all Canadian Sunday-school interests. It will be sent post free as follows:—  
Single Copies, 75 cents a year; 6 to 15, not 20 copies, as at first announced, to one address, 65 cents a year; over 15 copies, 60 cents a year. This is five cents cheaper than ever before—only five cents a month for a large 32-page magazine!

## 'Pleasant Hours.'

Some new features will be introduced in this, which will add much to its interest and value. An improved quality of paper will be used, notwithstanding an increase in price of that article, which will enable our cuts to appear to better advantage. Arrangements have also been made to procure engravings of a superior quality to any heretofore given. Among the special features of the forthcoming year will be a story of Canadian life, entitled "BY LAND AND SEA; OR, THE CANADIAN EMIGRANTS." It recounts the experiences of an English family in crossing the Ocean, at Quebec, Montreal, Toronto, and in the Muskoka region, where they settle. They had severe trials and thrilling adventures—just the sort of story boys and girls like. Another feature will be a series of papers by the Editor on HEROIC SCENES IN CANADIAN HISTORY, with which every boy and girl in Canada should be familiar. Letters from our Missionaries in the Field will also be a prominent feature. We have just purchased \$350 worth of fine engravings for this paper. The price will be as heretofore:—

Less than 20 copies, 30 cents each; 20 to 40 copies, 27 cents each; 40 copies and over, 25 cents each.
