## ANNUAL REPORT.

The twenty-first annual meeting of The Cntario Mutual Life Assurance Company was held in the Town Hall, Waterloo, on Thursday, May 28, 189I. The attendance was both influential and representative, there having been (apart from the Company's agents, many of whom were present) prominent policy-holders from Berlin, Stratford, Tononto, B ockville, Belleville, Calgary and other distant places.

William Headry, Manager, was present as usual and occupied a seat on the platform.
The Presideat, I. E. Bowman, Esq., M. P., having takeu the chair, on motion, the Secretary of the Company, W. H. Riddell, Esq., acte3 as secretany of the mecting. The minutes of last meeting, on motion, were taken as read and confirmed. The President then read

## TET DIEECYORS REPORT

Your Directors, in submitting their twentr-first annual statement for the year ending December 3x 1890, are again in a position to report to you with confidence that the business of the Compañy dutiog the r8go, are agan in a position to report to you with confidence that the business of the
year was, in its essential features and general results, of a highly satisfactory character.

The amount of new insurance issued is $\$ 2,348,150$, under $x, 783$ policies, on which the first year's premiums amounted to $\$ 77,450.90$. The total insurance in foice at the close of the year was $\$ 13,710,800$. The total income for the year was $\$ 489,858$, consisting of $\$ 400,920$ from premiums and $\$ 79,938$ from intercat on investments, showing an increase of $\$ 26,728$ on premiums and $\$ 14,230$ on interest over the receipts of the present year.
Our net and total assets are again largely increased, and our surplus over all linbilities is $\$ \mathbf{\$ 4}, 066$, which will enable as to continue a liberal distribution to our policy-holders.

The death losses, considering the general high rate of mortality during the year, were exceplionally low, the actual losses for the year being $\$ 65522$, or $\$ 38,653$ less than during the previous year, and less than the interest income for the year by nearig $\$ 15,0$ oe

The general expense account shows a decrease in amount as well as a reduction in the ratio of expense to income as compared with that of 1889, which affords satisfactory evidence of care and economy in the management.

The funds of the Company, as will be seen by the financial statement contained in our pamphlet, are invested in municipal debentures, mortazes on real estate and loans on our policies, which are all safe and profitable securities. The incresse in our. interest inceme fom year to year shows that the funds are carefully invested so as to yield a satisfactory return to the policy-holders.

Your Directors have, on the recommendation of the Manager, decided to change from annual to quinquennial division of surplus on future business.

In compliance with the public demand fra this kind of insurance we have adopted a Twenty Year Survivorship Distribution Pian, prepared by the Manager, which embraces all the unobjectable features of the ordinary Tontine, and which we are confident will prove beneficial and satisfactory to those who desire a proficable investument in connection with their insurance policy.

The Executive Committee made a careful examination of all the investments of the Company and found the mortgajes, debentures and cash in the Bank to correspond with the respective Ledger accounts at th: close of the year.

You will be called on to elect four Directors in the place of Robort Melvin, of Guelph; C. M. Taylor, of Waterloo; Robert Baird, of Kincardine, and James Hope. of Ottawa, whose term of office has expired, but all of whour are eligible for re-election

The detailed Financial Statement, prepared and duly cettified to by your Auditors, is submitted herewith for your consideration.

On behalf of the Board,
I. E. Bonman, President.

Pamphlets containing the Financial Statement and Auditors' Report having been placed in the hads of those in attendance, tho Prosident moved the adoption of the various reports. He spoke of the favorable death rate experienced in r890, the low expense ratio, the keen comptition our agents encountered from rival companies when secking new businoss, the steps taken by the Board to extond the operations of the Company, business during the past the Compaays busioess during the past twenty-one years, proving that the growth of the Company has boen healthy, the progress gratifying and the prospects for the future most encourafing. The agency staff was never better equipped or more active and the new business for r8gr would show that the Company was in a position to hold its own againet all comers.

Messrs. Kobert Melvin, and Vice-President, Gue!ph, B. M., Britton, Q.C., director, Kingston, and others, in brief and effective speech ss, seconded the adoption of the reports. They jnvited a full and searching criticism of the past year's business. A careful exami ation of the present standing of the Compary will show that it has done and can do better for its nembers than any of its competitors. The actual results atteined for individual poiticy holders prove conclusively that this Company has no peer in the insuracce field and that its members get their insurance at the lowest possible cost, consistent with security

The following gentlemen were elected directors for the next three years in the place of those whose term of office had expired, name!y:-Messrs. C. M. Taylor, Waterloo ; Robort Mclvin, Guelph; Stuart Hedderson, B.A., LL.B.; B.C.L., Ottawa, and Robert Baird, Kıncardine

Messrs. Henry F. J. Jackson and J. M. Scully, having been re-lected Auditors, and the customary vote of thanks to the Board, the Officers and the Agents, having been lendered and responded to, the meetiog was brought to a close. The Diectors miet subsequently and re-elected I. E Bowman, President; C. M. Taylor, sst Vice-President, and Robert Melvin, 2nd Vice-President of the Company for the ensuing year.
