UNDER THE DIRECTION OF

LADIES OF THE SACRED HEART, LONDON, C. W.

THIS Institution, situated in a healthy and agreeable location, and favored by the patronage of His Lordship the Bishop of London, will be opened on the first Monday of September, 1857.

In its plan of Literary and Scientific Studies, it will combine every advantage that can be derived from an intelligent and conscientious instruction in the various branches of learning becoming their sex. Facility will be offered for the acquisition of those Ornamental Arts and Sciences, which are considered requisite in a finished education; while propriety of Deportment, Personal Neatness, and the principles of Morality will form subjects of particular assiduity. The Health of the Pupils will also be an object of peculiar vigilance, and in case of sickness, they will be treated with maternal solicitude.

The knowledge of Religion and of its duties will receive that attention which its importance demands, as the primary end of all true Education, and hence will form the basis of every class and department. Differences of religious tenets will not be an obstacle to the admission of Pupils, provided they be willing to conform to the general Regulations of the Institute.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, must perfect purgadive which is known to man. Innumerable proofs are shown that these Pitts have since which surpass in excellence the ordina-ry medicines, and that thay win unprecedentedly upon the esteen of all men. Not only do they cure the every day complaints of every body, but also formidable and danger-ous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, in di-minished doses, the steet and best physic that can be employed for childron. Beleng sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. KENNEDY'S SALT RHEUM OINTMENT. TO BE USED IN CONNECTION WITH THE MEDICAL DISCOVERY.

For Inflamation and Humor of the Eyes, this gives immediate relief; you will apply it on a linen rag when going to bed.

For Scald Head, you will cut the hair off the affected part, apply the Ointment freely, and you will see the improvement in a few days.

For Salt Rheum, rub it well in as often as convenient.

For Scales on an inflamed surface, you will rub it in to your heart's content; it will give you such real comfort that you cannot help wishing well to the inventor. For Scabs: these commence by a thin, acrid fluid

oozing through the skin, soon hardening on the sur-face; in a short time are full of yellow matter; some

are on an inflamed surface, some are not; will apply

the Cintment freely, but you do not rab it in.

For Sore Legs : this is a common disease, more so than is generally supposed; the skin turns purple,

covered with scales, itches intolerably, sometimes

forming running sores; by applying the Ointment, the itching and scales will disappear in a few days, but you must keep on with the Ointment until the

skin gets its natural color, This Ointment agrees with every flesb, and gives immediate relief in every skin disease flesh is heir to. Price, 2s 6d per Box.
