

CIRCULAR.

MONTREAL, May, 1867.

THE Subscriber, in withdrawing from the late firm of Messrs. A. & D. Shannon, Grocers, of this city, for the purpose of commencing the Provision and Produce business would respectfully inform his late patrons and the public that he has opened the Store, No. 443 Commissioners Street, opposite St. Ann's Market, where he will keep on hand and for sale a general stock of provisions suitable to this market, comprising in part of Flour, Oatmeal, Cornmeal, Butter, Cheese, Pork, Hams, Lard, Herrings, Dried Fish, Dried Apples, Ship Bread, and every article connected with the provision trade, &c., &c.

He trusts that from his long experience in buying the above goods when in the grocery trade, as well as from his extensive connections in the country, he will thus be enabled to offer inducements to the public unsurpassed by any house of the kind in Canada.

Consignments respectfully solicited. Prompt returns will be made. Cash advances made equal to two-thirds of the market price. References kindly permitted to Messrs. Gillespie, Moffatt & Co. and Messrs. Timm Brothers.

THE FLORENCE NIGHTINGALE OF THE NURSERY.

The following is an extract from a letter written by the Rev. C. Z. Weitzer, to the *German Reformed Messenger*, at Chambersburg, Penn. —

A BENEFACTRESS.

Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are sure, that we will teach our 'Sutty' to say, 'A Blessing on Mrs. Winslow,' for helping her to survive and escape the griping colicking and teething siege. We confirm every word set forth in the *Pacemaker*. It performs precisely what it professes to perform every part of it — nothing less. Away with your 'Cordial,' 'Paregoric,' 'Drops,' 'Laudanum,' and every other 'Narcotic,' by which the babe is dragged into stupidity, and rendered dull and idiotic for life.

We have never seen Mrs. Winslow — know her only through the preparation of her 'Soothing Syrup for Children Teething.' If we had the power we would make her, as she is, a physical paragon to the Infant Race. 25 cents a bottle. Sold by all Druggists.

Be sure and call for
"MRS. WINSLOW'S SOOTHING SYRUP."

All others are base and dangerous imitations.

A PUBLIC BENEFIT. — Nothing can be of more importance to the welfare of our community, than the health of our children; and this depends on the future of our national greatness, and, in a large measure, the enjoyment of our own lives. We therefore claim, that in Devins' Vegetable Worm Pastilles, we have a great public benefit, a remedy so safe, so reliable, and so agreeable, which gives health and strength to the weak and sickly child, brightens to the eye, blooms to the complexion, and plumpness to the form. But parents should be careful to procure the genuine Pastille on each one of which is stamped the word "Devins," all others are useless.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys is derived from its cures, many of which are of a truly marvellous character. Incurable cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-scorbutic and purgative. Scrofula, of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Obedience, this poison, and the result of the organism undermines the constitution and invites the attack of enfeebling or fatal diseases, without exciting suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the Sarsaparilla a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of degeneration may never develop, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does not descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, uncleanness, and the depressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an apparently exuberant vitality, are often contaminated, and on the road to its cure. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an efficient remedy.

In St. Anthony's Fire, Rose or Erysipelas, Scalds, Sores, St. Richard's, Scald Head, Ringworm, Sore Eyes and Ears, and other eruptive or visible forms of the disease caused primarily by the scrofulous infection, the Sarsaparilla is so efficient as to be indispensable. And in the more concealed forms, as in Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and other affections of the muscular and nervous systems, the Sarsaparilla, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The Sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, Scrofula or Venereal and Mercurotic Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. Leucorrhoea or Whites, Chloric Discharges, and Female Diseases in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our Sarsaparilla. Rheumatism and Gout, often dependent on the accumulation of extraneous matters in the blood, have their remedy also in this medicine. For Liver Complaints, torpidity, inflammation, abscess, etc., caused by rankling poisons in the blood, we unhesitatingly recommend the Sarsaparilla, arising from the fact that this medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are languid, listless, despondent, nervous, and filled with Nervous Depression or Aches, or who are troubled with any other of those afflictions symptomatic of weakness. Many, after taking it for General Debility, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose fountain of life were always sterile, acknowledging their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chills, Fever, Remittent Fever, Bilious Ague, Periodical or Bilious Fever, &c., and all other affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in no wise injures any patient. The number and importance of cures in the tropics, and in all climates, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE daily.

For Liver Complaints, arising from the poisons of the Liver, it is an excellent remedy, stimulating the Liver to healthy activity.

Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

CHOLERA.

A CERTAIN CURE FOR THIS DISEASE

MAY BE FOUND IN THE USE OF

DAVIS' PAIN KILLER.

VEGETABLE PAIN KILLER.

MADHATTAN, Kansas, April 17, 1866.

Gentlemen — I want to say a little more about the Pain Killer. I consider it a very valuable Medicine, and always keep it on hand. I have traveled a good deal since I have been in Kansas, and never without taking it with me. In my practice I used it freely for the Asiatic Cholera in 1846 and with better success than any other medicine. I also used it here for cholera in 1855, with the same good results.

Yours truly,

A. HUNTING, M.D.

I regret to say to say that the Cholera has prevailed here of late to a fearful extent. For the last three weeks, from ten to fifty or sixty fatal cases each day have been reported. I should add that the Pain Killer sent recently from the Mission House has been used with considerable success during this epidemic. If taken in season, it is generally effective in checking the disease.

REV. CHARLES HARDING,

Shelbourn, India.

This certifies that I have used Perry Davis Vegetable Pain Killer, with great success, in cases of cholera infantum common bowel complaint, bronchitis, coughs, colds, &c., and would cheerfully recommend it as a valuable family medicine.

REV. JAS. O. BOOMER.

Messrs Perry Davis & Son: — Dear Sirs: — Having witnessed the beneficial effects of our Pain Killer in several cases of Dysentery and Cholera Morbus within a few weeks past, and deeming it an act of benevolence to the suffering, I would most cheerfully recommend its use to such as may be suffering from the aforementioned or similar diseases, as a safe and effectual remedy.

REV. EDWARD K. FULLER.

Those using the Pain Killer should strictly observe the following directions: —
