

## Board of Arts and Manufactures

FOR UPPER CANADA.

### SUBSCRIPTIONS TO THE "JOURNAL."

The annual subscription to the *Journal* is invariably 75 cents per annum, except to members of Mechanics' Institutes and Agricultural and Literary Societies, and remitted through the Secretaries and other officers of these institutions.

### TRADE MARKS.

Trade Marks registered in the Department of the Bureau of Agriculture and Statistics, Quebec, to July 1st, 1865; copies whereof have been forwarded to the Board of Arts and Manufactures, Toronto, and are now open to the inspection of the public, in accordance with 24 Vic. cap. 21, sec. 25.

Folio 61, vol. A, No. 84:—James Blakely, Napance, "Indian Root Pills."

Folio 62, vol. A, No. 104:—Wm. Hy. Comstock, Brockville, "Dead Shot for Worms."

Folio 64, vol. A, No. 239:—P. & J. Dunn, Cote St. Paul, per. A. C. Hutchison, Montreal, "Cut Nails."

Folio 68, vol. A, No. 239:—P. & J. Dunn, Cote St. Paul, per. A. C. Hutchison, Montreal, "Cut Nails."

Folio 66, vol. A, No. 239:—P. & J. Dunn, Cote St. Paul, per. A. C. Hutchison, Montreal, "Horse Shoe Nails."

### MEETING OF SUB-COMMITTEE.

The Executive Committee met in the Board-Rooms, Thursday, June 29th, present: the President (J. Beatty, M. D.), the Vice-President (Rev. Professor Hincks), and Messrs. W. H. Sheppard, B. Walton, H. E. Clarke, T. Sheldrick, Professor Buckland, F. W. Coate and E. A. McNaughton.

Minutes of previous meeting were read and approved of.

Fifty copies of a pamphlet on CANADA, "a Geographical, Agricultural and Mineralogical sketch," by Mr. T. Sterry Hunt; and thirty copies of a "catalogue of the Canadian contributions to the Dublin Exhibition, for 1865," by the Department of Agriculture and Statistics, presented by the Minister of Agriculture, were submitted as having been received and acknowledged by the Secretary.

Treasurer's rough balance sheet was submitted in accordance with the by-laws, for the six months ending at date, shewing balance in favour of the Board of \$44 50, irrespective of assets due on the Journal of the Board.

Several accounts were submitted, and ordered for payment, when the following report was presented:

The Committee appointed to purchase goods for the Dublin Exhibition, beg to report—

That, considering the short time allotted them to complete their duties, they succeeded in collecting together a very interesting assortment of the most useful of our manufactures, to, and even beyond, the extent of the funds placed at their disposal, \$500.

Finding that they could not, out of that sum, apportion any for apparatus manufactured for the Educational department of Upper Canada, they reported to the assistant minister of Agriculture the desirableness of making an appropriation for that purpose, and received in answer a check for the further sum of \$25. Adding \$3 thereto, they purchased an assortment from the department to the value of fifty-six dollars, at 50 per cent discount.

Notwithstanding all the care taken by your committee to keep their liabilities within the amount of the appropriation, in the hurry incident to receiving and despatching the goods, and on account of the extra cost of sending 22 cases by express—two clear through to Dublin—instead of by Grand Trunk Railway as at first intended, but which they were prevented from doing through insufficiency of time; and also on account of the extra expense of some of the goods received, over what was anticipated, your committee exceeded their resources by, as then estimated, \$70 55. A full statement of the account was sent to the assistant minister of agriculture, with an application for funds to meet this deficiency; in reply Mr. Tache promptly promised to furnish the amount, should he be able to realize, as he then anticipated, a saving from some other source. A check for the \$70 55 was received on the 21st instant, making the whole receipts \$595 55; the total expenditure, as per Treasurer's Ledger account here submitted, amounts to \$596 55; leaving a deficit chargeable to the Board of but one dollar, after paying all incidental expenses.

Copies of all the invoices were sent down to the Bureau of Agriculture, and a set also shipped with the goods.

A complete list of the articles sent to Dublin was published in the May number of the Journal—those presented free being so credited.

Some manufacturers declined to furnish goods, from mere indifference to the object; others refused to do so from fear of raising up rivalries in their manufactures, being, apparently, desirous of having their productions as little known as possible; while others cheerfully contributed when applied
