## THE ST. THOMAS WHITE BRONZE MONUMENT CO'Y

Make their monuments of the only monumental material perfectly indestructible by action of the  
atmosphere. 500 designs to choose from. All orders for work wanted set up in spring should be  
placed on our books at once. Orders coming in rapidly, and prospects now good for the coming  
season.

### TESTIMONIALS.

MONTREAL, QUE., Nov. 15th, 1883.

I hereby certify that I have analyzed and tested the material called "White Bronze," manu-  
factured for monumental purposes by the St. Thomas White Bronze Monument Company, and I find it  
composed, as represented, of *Refined Metallic Zinc*, of a very superior quality to sheet zinc, and *almost  
absolutely pure*. Its great durability under all exposure to weather and storm is therefore fully as-  
sured by its high quality. And it will resist decay and further oxidation when its surface is once  
coated. It is then more durable than stone, and will not lose its handsome appearance from gen-  
eration to generation. I know of no other material which is equally capable of combining elegance  
of form, beauty of surface and *indefinite durability*.
