Countervail

Under the revised U.S. Countervailing Duty Statute, an additional duty may be imposed on articles imported into the United States (whether or not they are subject to duty), if any bounty or grant has been made on their manufacture, production or export. However, all cases are subject to an injury determination by the ITC. The time frame for an investigation is similar to that of an anti-dumping investigation. The Secretary of Commerce's decision on the subsidy and the ITC's injury determination may be appealed to the U.S. Court of International Trade.

If any difficulties arise with reference to this statute, it is suggested that exporters contact the U.S. Marketing Division of the Department of External Affairs as soon as possible.
