

PREFACE

Working Papers, the results of research work in progress or a summary of a conference, are prepared by the Institute to be of immediate value for distribution to limited numbers - mostly to specialists in the field. Unlike all other Institute publications, these papers are published only in the original language.

The opinions expressed in the papers are those of the participants and are not necessarily shared by the views of the Institute and its Board of Directors.

Colin Campbell was a research fellow at CIIPS from 1987 to 1989, and is currently the Director of International Peace and Security Studies at CIIPS. He is also the Director of Defence Studies and Development at National Defence Research Institute and has published several papers on international law and do not necessarily represent the perspectives and opinions of the Department of National Defence.

Dr. George Lindsey is a visiting senior research fellow at CIIPS, and was formerly the Director of the Department of National Defence Operational Research and Analysis Establishment (ORAE).

Acknowledgements
