

GERMANS AND AUSTRIANS PULLED BACK BY RUSSIANS

RUSSIANS ARE FORCING GERMANS TO FALL BACK

Confirmation Received of Important Victories Over Both Germans and Austrians—Invaders Occupy Large Section of East and South Prussia.

Canadian Press Despatch.
LONDON, August 26.—The Russian general staff asserts that their armies continue on the offensive, in an official communication published today, and its contents telegraphed to Reuters' Telegram Company by its correspondent in St. Petersburg.

Dated August 25, the communication says:

"Austrian rear guards supported by artillery attempted to hamper our march on the River Sereth in the region of Tarnopol, but after a series of fights they were repulsed.

"We continue to act on the offensive. We have taken numerous wagons, two quick-firing guns and much ammunition. To the south of Gronebich, we brought down an Austrian aeroplane, killing two officers and wounding a third. Our cavalry destroyed railway communication across the bridge near Kamienka, on the front.

Germans Retreat.

"In East Prussia the German army beat a retreat by forced marches. Part of this army is concentrating at the fortress of Konigsberg. The Germans abandoned without having fired a shot a position previously fortified on the River Angerapp. The Russian army is now in the region of Angerapp, and is strewn with cartridges, shells and knapsacks thrown aside by the enemy with the object of helping their retreat.

"Our troops occupied the towns of Insterburg and Angerburg (32 miles south of Insterburg, East Prussia). On August 23 and 24 in the region north of Kedenburg we fought a successful, but sanguinary, engagement with important forces of Germans. In the same region the German twentieth army corps, consisting of three divisions, occupied the fortified positions of Orlau and Frankenuh.

"On Sunday and Monday our troops, facing entrenchments and wire entanglements, attacked these positions, using hand grenades and bayonets. Towards 11 o'clock the German army corps was enveloped by us on the left flank and fled to Osterode (18 miles northeast of Gostingen, in the Province of Hanover, abandoning

several cannon, quick-firing guns, ammunition cases and prisoners."

OCCUPY BIG AREA.

LONDON, Aug. 26.—The Russian embassy in receipt of telegrams from the general staff at St. Petersburg, which announce fresh Russian victories against both Germany and Austria.

"These messages declare that Russian troops now occupy the whole of the eastern and southern half of East Prussia.

ON TO POSEN.

LONDON, Aug. 26.—A despatch to the Exchange Telegraph Co. from St. Petersburg says that the Russian chief of staff announces that since Sunday the Russian invasion of Galicia and the Russian right wing was invading Prussia, and the left wing entering Galicia, the Russian centre, composed of the great bulk of the Russian army, is believed to be marching silently but with terrible force on Posen.

PRECIPITATE RETREAT.

LONDON, Aug. 26.—The Times' St. Petersburg correspondent says that the Germans, who retreated by forced marches after their defeat by the Russians at Gumbinnen, are assembling a part of their forces at Konigsberg. The Germans in their retreat left behind them many guns, machine guns, caissons and prisoners.

"The question now is whether the German forces can escape and how the Russians will take in occupying the territory east of the River Vistula. There they will find strong German defences.

Russia's Great Progress.

"The Germans at Gumbinnen had all the advantages of numbers and position. It was a clear case of the best man winning. Russia was the best. The Russian losses include representatives of all the noblest families in the empire.

"The Grand Duke Dimitri Pavlovitch and the Princes John and Oleg Constantinovitch, who are subalterns in the Horse Guards, rode in the terrible charges which will forever bring glory to their regiment and the Russian army."

Activity of British Men of War Reported in Vicinity of Alaska.

Canadian Press Despatch.
KETCHIKAN, Alaska, Aug. 26.—Coalmen report this port on board the Canadian Pacific freight steamer Princess Ena, consigned to Prince Rupert yesterday and is being loaded there on board the cruiser Rainbow. Fishermen say the German cruiser Leipzig is cruising about Dixon entrance and within 50 miles of Prince Rupert.

The belief that the Leipzig is off Northern British Columbia is based on reports of British fishermen and the activity of British ships north of Vancouver Island.

IF OSTEND BECAME PORT OF GERMANY

Well Equipped as Refuge and Harbor—Good Naval Base.

LONDON, Aug. 26.—The Daily Mail believes that the Germans will occupy Ostend for use later as a base of operations against England. "The German movement against Ostend is of great importance and is dictated possibly by naval as well as military considerations," says the paper.

"Ostend is only 66 miles off the British coast. If the Germans establish themselves there and bring up heavy artillery, they may render it a dangerous base of operations against England. Airships acting from it could watch the channel and the Thames and carry out raids against Great Britain.

"From a naval standpoint Ostend is well equipped to serve as a refuge and harbor, if it were strongly held by land several German warships might attempt a dash thither from Wilhelmshaven and Heligoland. They then could carry out a harassing warfare against shipping in the channel and await favorable opportunity for disembarking expeditionary forces to the British Isles.

GERMAN SHIP CHASED WIRELESS DESTROYED

Canadian Press Despatch.
MANILA, Aug. 26.—The North German Lloyd steamer Princess Alice reached Cebu from Zamboanga today with a huge hole in her stern patched that after leaving Manila he tried to establish wireless connection with Yap, one of the Caroline islands, but was destroyed by the British. While speeding from Zamboanga he was chased by a British warship and barely reached port. He doesn't explain the damage to his vessel. The Princess Alice sailed from Hamburg on Aug 25 for Yokohama and arrived at Penang July 29.

British Courage Rises To Meet German Foe

Announcement of War Losses Has Intensified Determination of Britons—No Intention of Introducing Compulsory Service Yet—Kitchener Wants Six Hundred Thousand Men.

Canadian Press Despatch.
LONDON, Aug. 26.—Since the withdrawal of the allied armies to the defenses of the French frontier, virtually no news has reached the public of the military operations in southern Belgium.

Owing to the difficulty of compiling a correct list along such an extended front, no details of the British casualties, which Premier Asquith estimated yesterday at 2000, have yet been received. This delay is increasing the distress of anxious relatives of men at the front.

The announcement of losses, however, only seems to have intensified British determination, judging from the extra work being performed by the recruiting officers today. This tenacity of purpose was further evidenced by Premier Asquith in the house of commons this afternoon, in making an announcement that he proposed to ask King George to convey to the King of the Belgians the admiration with which Great Britain regarded the "heroic resistance of his army and people to the wanton invasion of their territory, and an assurance of the determination of the country to support in every way the efforts of Belgium to vindicate her own independence and the public law of Europe."

To Publish Atrocious Facts.

The premier declared further that the Belgian government were taking steps to get the established facts of German atrocities, as related in the statement given out yesterday by the Belgian minister here, to the knowledge of the whole civilized world.

The opponents of compulsory military service in Great Britain momentarily raised their heads in the house of commons today, but the premier reassured them. He said there was no intention of introducing this system. He added, however, that the secretary of war, Kitchener, needed all the recruits he could get. It was a great mistake to think, Premier Asquith declared, that Great Britain wanted only 500,000 men.

Russians on to Posen.

The rush of the main Russian army toward the fortress of Posen in the German Province of Posen, if true, is regarded here as the sensational news of the day. It might account for the distress of anxious relatives of men at the front.

More Men Needed.

There is no attempt, however, to disguise the need of more men. The war secretary wants 600,000 men, but this does not mean, the premier said, that all are destined for foreign service. But he explained that it is the intention of the government to have an effective fighting force developed, ready for any contingency. So far as the enlistment of men between 16 and 40 is concerned, the premier said, the matter has not yet been disposed of.

BELGIANS PROTEST BRYAN RETICENT

War on Women and Children by Germans Elicits No Opinion From Him.

Washington, Aug. 26.—E. Haven, Belgian minister, presented a protest at the state department today against what he termed a "war against women and children"—the Zeppelin attack on Antwerp. Ten persons were killed, the minister stated, four of them women. Eight people were injured. Secretary Bryan was very reticent in discussing the attitude of the United States toward such protests, and intimated that the state department could take no action. Reported activity of American Minister Whitlock in officially protesting to Germany was denied by Secretary Bryan.

Official despatches to the Belgian legation confirmed the result of the engagement near Malines on Aug. 24 and 25. The Belgian army, according to reports, repulsed three divisions of Germans near Vitvorde, east of the railway from Antwerp to Brussels.

STRICT ENFORCEMENT OF MARRIAGE LAWS

Provincial Board of Health Daily Refuses Special Permits.

The clauses of the Ontario marriage law are being put to the test now that the season of fall fairs has come again. Dr. J. W. S. McCullough reports that the provincial health office is being visited daily by persons desirous of evading the new regulations and entering wedlock after a few hours on Canadian soil. The majority of the parties concerned come from the border town of Windsor, where ministers to proceed to the department.

Special pleas falling as a rule, recourse has been made of late to the statement that the parties are cousins and cannot become married according to the laws of Michigan. It is the rule of the department, however, to refuse permits to all such applicants.

Such came from Ohio yesterday and requested the certificate.

The law, which ordains that one of the contracting parties must live in a town for 15 days or advertise the approaching marriage, is found to be stopping much of the complaint from the border town, and is being rigidly enforced by the board of health.

BRITAIN NEXT OBJECT OF GERMAN INVASION

LONDON, Aug. 26.—The military correspondent of The Times today says: "We and the Dutch need have no doubt that the annexation of all the north seaports from the Straits of Dover to Emden will follow a German success in the war—a success which would only be preliminary to the concentration of all German effort upon the subjugation of England."

GOVERNOR FOR BELGIUM.

LONDON, Aug. 26.—(6.15 a.m.)—A despatch to the Reuter Telegram Co. from Berlin, via Amsterdam, says that Field Marshal Baron Kolmar von Der Goltz has been appointed military governor of the occupied part of Belgium and has proceeded to his post. The governor of the district of Aix-la-Chapelle has been appointed civil administrator of the same region.

AMERICANS ADVISED TO RETURN AT ONCE

ROME, Aug. 26.—The American embassy, thru the consuls, has advised all Americans in Italy to return home now while communications between Europe and the United States are free. Later, it is said, complications may arise rendering transportation difficult. The warning adds: "Americans doing otherwise remain at their own risk."

VICTORY OVER RUSSIANS CLAIMED BY AUSTRIANS

Berlin, Aug. 26.—By wireless telegraph to the Associated Press, from Nauen and Sayville, Long Island: "Official reports made public in Vienna and received here by telegraph announce a battle of three days' duration at Kranick (in Russian Poland, 23 miles southwest of Lublin), ended yesterday in complete Austrian victory. The Russian forces were repulsed along the entire front of 70 kilometres (42 miles) and are now in full flight in the direction of Lublin."

GERMAN RED CROSS SHOT THE WOUNDED

Pretended to Care for Belgians, But Shot Them Instead.

LONDON, Aug. 26.—The Ostend correspondent of The Daily Mail telegraphs: "This city successfully defended itself against an attack on Tuesday, but undoubtedly will be subjected to the next onslaught, as the force of defenders is small, consisting only of a few gendarmes, who, however, are entrenched.

"Tuesday's attack was made by way of a line of fire from four to six o'clock in the morning, resulting in the loss of only forty Belgians killed more severely. Several German prisoners were taken. One German was shot at noon on the charge that he had gone over the battlefield shooting the wounded while ostensibly treating them."

PRUSSIANS FAILED TO TAKE NANCY

French Embassy at Washington Reports Enemy Unable to Stop Movement.

Washington, Aug. 26.—The French embassy today received the following despatch from its foreign office, dated yesterday:

"The movement begun yesterday by the commander-in-chief has been followed all day with the greatest mobility and the enemy is unable to stop it. It is confirmed that the army corps of the Prussian Guards was much exhausted. The Prussian Guard was attacked terrifically by the Algerians and suffered great loss. The Prussian attack against Nancy was unsuccessful. The Belgians coming from Emmerse have been able, by an energetic offensive movement, to recapture Malines and to push back the Germans to Ylveveer.

"The Russians are following with great energy their move in Galicia and routed a cavalry division. The Serbs have routed the Austrians from Chibets and their own territory.

"The spirit of the population remains excellent. They will fight to the finish."

BELGIAN ROYAL FAMILY SEEK SECRET SHELTER

LONDON, Aug. 26.—The Belgian royal family will abandon the temporary palace, establishing themselves in a secret place in the city as a result of the attack on Brussels, according to The Morning Post correspondent at Antwerp.

"The attack," he adds, "is evidently designed against the royal family. The warrior of the air stole silently over the forts outside the city against which no assault was made and directed toward the palace, where it dropped six explosive bombs. Some found the mark, and one of the landed within the palace grounds. One narrowly escaped wrecking the Antwerp cathedral and three found human victims."

HOW TO STOP STOMACH TORMENT

Sound Advice From a Well-Known Physician.

Men and women who suffer from what they call Dyspepsia, Indigestion, or just plain "stomach trouble" usually seek regular relief in the form of some peppermint pill or tablet, or other artificial digestant. This, experience teaches me, is a serious error. In nine cases out of ten, the distress is caused by the development of acids in the stomach—formed by the fermenting of the food. Instead of a digestant being required, something should be taken to destroy the acids, neutralize the acidity, when normal digestion will follow as a matter of course. This acid matter is distinctly poisonous and unless it is dissolved, digestion merely carries the mass of fermenting food from the stomach to the intestine, where the poison is absorbed by the blood and carried all over the body.

All the great army of people who suffer after nearly every meal would make if a point to take a teaspoonful of Bismarck's Magnesia in a quarter glass of water after each meal, there would be no formation of acidity and consequently no distress or discomfort. Sour acid, gassy stomach, heartburn, belching, bloating, etc., would then be a thing of the past. "Bismarck's Magnesia" is a physician's prescription. It is inexpensive and can be obtained at any drug store. It is prepared for just such trouble and the best proof of its efficiency is that it will stop the sharpest, biting stomach distress in five minutes from the time it enters the stomach, simply by dissolving the acids that have been formed there. Its action is absolutely harmless.

OTTAWA, August 26.—The resignation of Hon. D. Fisher, Minister of the Interior, following the withdrawal of his health, could be expected to lead to speculation on the part of the Ottawa Government as to changes in the cabinet where the Conservative Party is in a way to be the most successful upon its present programme.
