

1. The first part of the book is devoted to a general
introduction of the subject, and to a description of the
various methods of investigation which have been employed
in the study of the history of the human mind.

2. The second part of the book is devoted to a
detailed examination of the various theories of the
origin of language, and to a comparison of the
different views which have been advanced on this
subject.

3. The third part of the book is devoted to a
detailed examination of the various theories of the
origin of the human mind, and to a comparison of
the different views which have been advanced on
this subject.
